

The Song of the Hair

There are four verses. Verse 1. Ayer's Hair Vigor makes the hair grow. Verse 2. Ayer's Hair Vigor stops falling hair. Verse 3. Ayer's Hair Vigor cures dandruff. Verse 4. Ayer's Hair Vigor always restores color to gray hair. The chorus is sung by millions.

Before using Ayer's Hair Vigor I had very thin and very poor hair. But I continued to use it until my hair grew and turned on in the next few years. —MRS. M. DRUMMOND, Newark, N. J.

SCHMITZ IS DEPOSED

Gallagher to Temporarily Occupy Mayor's Seat.

SOON WILL YIELD TO ANOTHER

Bribery-Graft Prosecution is Now in Complete Control of San Francisco Government.

San Francisco, June 18.—Acting under instructions from District Attorney William H. Langdon, the board of supervisors shortly after 7 o'clock last night adopted a resolution declaring Mayor Eugene E. Schmitz temporarily unable to perform his official duties and appointing Supervisor James L. Gallagher acting mayor.

The latter says he will assume the mayoralty at once and he denies that he has made with the district attorney or with any one else an agreement to resign at command, in order to make way for a reform mayor, whose name is yet to be announced.

Mr. Langdon, Assistant District Attorney Henry Radolph Spreckels and their immediate associates in the bribery-graft prosecution are by this move placed in actual control of the municipal situation. That they will be allowed so to remain without legal contest by the convicted mayor's attorneys is not suspected. It is the plan of the prosecuting forces to ask for the resignation in a few days of some one of the 18 supervisors. This forthcoming, acting Mayor Gallagher will appoint to the vacancy a man named by the district attorney. So soon as he takes office, Gallagher will resign from the mayor's chair and his resignation will be accepted. The board, acting under orders from the prosecution, will then elect the new member its president pro tempore and by virtue of that office he will at once become acting mayor.

ODESSA IS STORM CENTER.

Dissolution of Douma is Hailed With Joy by Reactionists.

Odesa, June 18.—The news of the dissolution of the Douma and the emperor's manifesto was received with stupefaction by the Progressives here, who had not expected the abrogation of the laws so far forced from the government, but provoked the highest enthusiasm among the Union of True Russians, who today celebrated the event with the sanction of the authorities.

Accompanied by a Cossack band the True Russians marched in procession to the cathedral, where a special service was held. They carried huge Russian banners and busts of high government officials. There were no exercises.

Since the dissolution of the Douma the police arrested more than 300 persons, including three professors, the leaders of the different Radical parties and several families, including a number of children. Governor General Kaukars summoned before him 11 public officials and warned them against commenting on the dissolution, otherwise their punishment would be suspension.

Fire Destroys Montana Town.

Butte, June 18.—A special to the Miner from Harlowtown, Mont., says: "A fire which broke out in Marshall's general store has practically destroyed this village. Before the fire could be controlled everything in the business streets had been burned except one store and the railroad station. The buildings destroyed include the Leland hotel, Benjamin Tux's general store, a meat market, two saloons and a number of other business buildings. The loss is estimated at about \$128,000, with small insurance."

Fire Torpedo at Admiral.

Sebastopol, June 18.—Rear Admiral Wren, in command of the Black sea fleet, was cruising in a steam cutter yesterday while a torpedo boat in command of Lieutenant Razhek was practicing firing Whiteheads in the inner bay. When the admiral's cutter was at short range the torpedo boat suddenly changed her position and fired a blank Whitehead directly at the cutter, penetrating the latter's water tank. The promptitude of the crew in beaching the cutter saved the admiral from drowning.

Ice Blocks St. Michael.

Seattle, Wash., June 18.—Ice is still blocking St. Michael, Alaska. The passengers on the ill-fated steamer Ohio, transferred to the steamer Umtila and sent forward, have been landed on an ice floe, and reports received today indicate they made a precarious way over the ice to St. Michael. The travelers board for that port, 51 in number, and then made way in a similar manner for the steamer Ella to go up the Yukon.

Chinese Kill Officials.

Victoria, B. C., June 18.—Further advice regarding the rebellion in South China received by the steamer Montevideo today state that Sun Yat Sen, who for years has been organizing an anti-dynastic movement in China, left Tokyo a few weeks before the outbreak and is reported leading the revolutionists near Swatow, having taken the field May 22 and opened operations by attacking the walled city of Kwang Kong, which was easily captured.

Devlin Must Aid Japanese.

San Francisco, June 18.—United States District Attorney Devlin today received a letter from Attorney General Bonaparte in response to that which he had sent containing a report on the riot through which a Japanese restaurant was damaged. It is reported, however, that he has been instructed to lend whatever assistance he can to the Japanese.

New Yorkers Die of Heat.

New York, June 18.—Five deaths and several prostrations, due to the heat, were reported yesterday. The weather bureau showed a temperature of 93 at noon.

MUCH EVIDENCE IN REBUTTAL.

Main Reliance of Haywood Prosecution is on Conspiracy.

Boise, June 17.—The announcement made by the prosecution in the Haywood case Saturday that it would have its testimony in chief concluded by or on Wednesday next, taken in connection with the fact that there is to be no other session until Tuesday, has created a feeling that the state is not going to present such a strong case of corroboration as was anticipated.

The reason for this feeling is probably twofold, that the law of conspiracy as laid down in this state is not fully understood by the public and that the extent to which the state may rely upon rebuttal testimony is not known.

SCHMITZ MUST STAY IN JAIL.

Judge Has No Discretion and Gives Sheriff Strict Orders.

San Francisco, June 17.—"No bail for Eugene E. Schmitz," the convicted mayor of San Francisco, was the ruling made by Judge Frank H. Dunne, in the application made by the mayor's counsel that he be given his liberty under bond pending sentence, which the court will pronounce on June 27. Judge Dunne adopted as his own the stand of the prosecution that in the eyes of the law the mayor is no different from any other person on whom the jury has set the brand of felony.

Ex-Judge J. C. Campbell, the mayor's chief counsel, made the formal motion for the admission of his client to bail on the strength of an affidavit in which the mayor says that, by reason of having been compelled to give almost his whole time and attention to his trial for the last four weeks, public business requiring his attention has been delayed and there is now a large amount of it pending and undetermined and requiring his immediate attention.

RESUMES DESPOTIC POWER.

Czar Dissolves Douma and Changes Existing Laws.

St. Petersburg, June 17.—Emperor Nicholas affixed his signature Saturday to an imperial ukase abolishing the present Douma and ordering that the elections of members to its successor, which is to meet November 14, be held under the new election law, which provides against the "submergence of the educated classes by the uneducated masses."

This action constitutes a virtual coup d'etat and overrides the fundamental laws solemnly proclaimed by his majesty on the eve of the convocation of the first Douma, which declare that the electoral law can never be changed without the consent of parliament itself.

This breach of the constitution is justified by the great law of necessity, the advisors of the emperor holding it impossible under present conditions to secure a parliament capable of co-operating harmoniously with the crown and rescuing Russia from anarchy and revolution.

NO CONTEST ON BOND ISSUE.

Union Pacific Votes \$100,000,000 for Improving Lines.

Salt Lake City, June 17.—At a special stockholders' meeting of the Union Pacific Railroad company here it was decided to issue \$100,000,000 in new stock. The issue is for the purpose of meeting the expenses of improvements, present and prospective, along the line of the Union Pacific.

The exact vote on the bond issue was 2,193,315 shares out of a total of 2,980,000 shares. While the poll was kept open for two hours as required by statute, the proceedings were merely perfunctory. It was explained by the officers of the company that the new stock issue is not to be sold immediately, but is to be held for the redemption of \$75,000,000 of convertible bonds.

Strike Kills Havana Cigar Trade.

Havana, June 17.—The cigar makers' strike is paralyzing the industry. The most recent compilation of statistics by experts shows a rapid decline since February 23, the date of the beginning of the strike. The total number of cigars exported in five months this year was 63,897,000, again at 105,111,000 for the corresponding months last year. The value of the exports during this period was \$4,277,000, compared with \$6,832,000 during the corresponding period for 1906, when there were no labor troubles.

DIVIDE NORTHWEST

Hill and Harriman Roads Agree Upon Territory.

HURT OREGON AND WASHINGTON

Each Line Takes a Distinctive Field From Which the Other is Effectively Barred.

Washington, June 13.—From evidence given today before the Interstate Commerce commission it is very plain that J. J. Hill and E. H. Harriman have mapped out the Northwest, each taking a distinctive territory, from which the other is effectively barred.

Particularly is this true of the lumber business. It is practically impossible, under the existing freight rates and arrangements, for Oregon lumbermen to compete with Puget Sound in markets tributary to the Northern Pacific and Great Northern, and likewise impossible for Puget Sound manufacturers to invade territory tributary to the Harriman lines.

And so far as the respective railroad systems are concerned, neither has any desire to invade the other's territory.

Both acknowledge their utter incapacity to handle the business that is offered them and each objects to being compelled to take care of the surplus of the other.

At the close of the morning session Mr. Jeffrey, attorney for the Gould system, announced to the commission that the Missouri Pacific and Denver & Rio Grande, which connect with the Harriman lines at Ogden, had no objection to "opening the Portland gateway."

JAPAN AGAIN AROUSED.

Widely Circulated Paper Asks People to Take Hand.

Tokyo, June 13.—The Mainichi, published in Osaka and claiming to be a circulation of 250,000, expresses anger today at the reported recent attack on a Japanese horticulturist at Berkeley, Cal. It says:

"The outrage demonstrates the impotence of the California authorities to protect our compatriots. Now is no time to rest assured on the stereotyped diplomatic assurances from the Washington government. Only two weeks ago a positive declaration to take preventive measures to safeguard Japanese rights comes the Berkeley outrage."

The personality of President Roosevelt towers high among living great men and deserves full confidence, but promises, however high sounding and reassuring, and the promise maker, however high in character, is of no value whatever if unaccompanied by deeds.

The powerlessness of the California and Federal governments is thus demonstrated and it only remains to take the work of protection in our own hands.

"That the outrages are of limited local occurrence is not a sufficient explanation."

HAYWOOD'S CASE HURT.

Attorney for the Defense Injures His Own Theory.

Boise, Idaho, June 13.—Again yesterday the senselessness of the defense in the Haywood case was illustrated on several occasions. It has been apparent all through the cross examination of Orchard and has been commented upon by all observers that Mr. Richardson flounders around sadly and leads into contradictions.

There will be about three hours of the indirect examination of Orchard on Friday morning, according to present plans, but it may require much less time. Most everything has been brought out in the cross examination that the state wants, but the relations of the witnesses with the Cripple Creek defectors will be gone over to some extent, and several other matters will be fully explained which have been only touched upon by the cross examination and were not gone into on direct examination.

Demand Indemnity for Riot.

San Francisco, June 13.—The Japanese residents of San Francisco, it is said, intend to demand an indemnity of the United States government for the alleged attack upon the Horoshoo restaurant and other acts of violence which they say have been inflicted upon them. They hope also by bringing diplomatic pressure to bear upon the government at Washington to suppress anti-Japanese agitation in California. This, it is said, was the aim of Count Noda's recent visit to Viscount Aoki, ambassador at Washington.

Thackeray's Pantomime.

William Makepeace Thackeray was always too genial, too generous, too open handed, to be an accumulator of this world's goods, and in spite of the large earnings of his pen he died a poor man. Shortly before his death he sold to John Leech, the cartoonist, called upon him and found him in his study writing—writing and sighing at the monotony of his work.

"Why don't you have a holiday," said Leech, "and take your eyes to the seaside?"

The great novelist made no verbal answer, but, rising slowly, plunged his hands to the very bottom of his pockets, brought these receptacles out, shook them vigorously without eliciting a rattle of coin, replaced them and then resumed his seat.

Not Plural.

The dapper young man was very much lulled.

"I think this is an outrage!" he snapped.

"What is an outrage, sir?" asked the pretty girl with the pyramid of saucers.

"Why, the bunko game. Here you advertise a 'strawberry festival', charge a quarter to get in and then we find there is only one strawberry in the whole festival. Isn't that a misrepresentation?"

The pretty girl smiled serenely.

"Not at all," she laughed. "What if there is only one strawberry in the whole festival? We didn't say anything about 'strawberries festival', did we?"

During the Honeymoon.

The Friend—And you and George have excellent appetites for every meal. What kind of appetizers do you use?

The Bride—Kisses, dear. And we have the grandest dessert.

The Friend—Gracious! And what does it consist of?

The Bride—The same, of course—kisses!

One Afternoon of Content.

You can't make a woman believe there is any real trouble in the world on the first afternoon she wears her new hat.—New York Press.

Navy Goes into Mourning.

Norfolk, Va., June 13.—All day long and until late tonight the search and dredging instituted by the naval authorities for any signs of the Minnesota's ill-fated launch and its 11 occupants has progressed, but the bodies of the victims have not been found. While Virginia day was participated in, in order not to break the program arranged in advance, the navy officers have declined all invitations to participate in festivities and celebrations, and the ball game between the army and navy was called off.

Insurgents Still Fight.

Hongkong, June 13.—Insurgents have attacked the village of Yong Chung, in the prefecture of Wei Chou, where they burned the military yards. A provincial punitive force went in pursuit of the insurgents and engaged them in a sanguinary conflict at Patsan, not far from their stronghold. Ten of the soldiers lost their lives. The viceroy of Canton is considering a suggestion to open Wei Chou as a treaty port.

Bow Wow.

Edgar Saltus, the brilliant novelist, was asked by a young lady at a tea if he thought that the use of quotations was a good thing.

"Quotations are only good," said Mr. Saltus, "when they are extremely apt. There was once a witty Irishman, James E. Fitzgerald, who made excellent use of a quotation in a political speech. During this speech he was repeatedly interrupted by a butcher, the proprietor of a large sausage-making plant. An adherent of Fitzgerald's finally took offense at the butcher's mocking remarks, and yelled:

"If I had this speaker in one of my sausage machines, I'd soon make mince-meat of him!"

"Then Mr. Fitzgerald quoted from the platform with a smile:

"Is thy servant a dog that thou shouldst do this thing?"

A Quaker Error.

The late Ambrose L. Thomas, the noted advertising expert of Chicago, once told a story about two doctors in an address on advertising.

"To illustrate my point," he said, apropos of an advertising error, "I'll tell you about my friend Bones. Bones was taken down very bad, and his family physician being out of town, a specialist was called in.

"But the family physician unexpectedly returned, and he and the specialist entered Bones' chamber together. They found the man in a high fever and partially unconscious. Each put his hand under the bed clothes to feel Bones' pulse, and each accidentally got hold of the other's hand.

"He has typhoid," said the first physician.

"Nothing of the kind," said the other. "He's only drunk."

Plenty of Parents.

At Quimper, in Brittany, the wife of a man named Le Saux gave birth to a boy. The father took the child and sold it for 28 to the wife of the local butcher, Mme. Bonan. The woman presented it to her husband as her own newly-born infant and Bonan hastened to register the child's birth.

Le Saux, fearing that he might get into trouble with the police, next consulted the butcher, whom he supposed to be a party to the fraud. The duped husband threw Le Saux out of the house. The latter then registered the birth of his own child. In the eye of the law, therefore, the infant has claims on two separate families and enjoys the unique distinction of being the son of two mothers.—Paris News.

She Left Too Soon.

Two young women were seated together in a Broadway car, when a well-dressed man of middle age entered. One of the women bowed to him.

"Who is that?" her companion asked.

"He's the father of one of my children," the first speaker replied.

Whereupon an elderly spinster of severe countenance, who was seated next, gasped and nearly fainted.

"Isn't that queer," the young woman went on, "that I should have three pairs of twins—all girls, too?"

The spinster changed her seat in a hurry—too quickly to hear any further facts concerning the young woman's public school class.—New York Globe.

His Natural Modesty.

"Two mutual friends sat near a man at lunch one day.

"What makes him look so glum this morning?" said the first.

"Why," said the other, "he visited an Egyptian palmer last night, and the fellow told him his wife would marry twice, and the second husband would be a remarkably fine chap."

"Aha! He thinks that's rather a reflection on himself, eh?"

"Not at all. He thinks his wife was married before, and never told him."—Washington Star.

Strength of the Condor.

The enormous strength of the condor is only equaled by his voracity and boldness. This immense bird often pounces upon small animals, but from the shape and business of his claws he is unable to carry anything very heavy, so he contents himself with fixing it against the ground with one of his claws, while with the other and his powerful beak he rends it to pieces.

Gorged with food, the bird then becomes incapable of flight and may be approached, but any attempt at capture is furiously resisted.
