JUNE 20, 1907

"Nothing ever turns up in this world, unless someone turns it up." The meeting which was advertised for last Friday afternoon to discuss the fruit and vegetable cannery proposition, and a dryer for Estacada, didn't come off. This was not for lack of enthusiasm or interest on the part of the people, but rather for lack of someone to take the initiative in calling those who were here together and starting a "meeting." The day was quite wet and for that reason a number did not come to town. The good things and benefits which would result to the community and country should a cannery and dryer be established here are apparent to all, and its financial success to whomever started it is beyond question. The Eastern portion of Clackamas county is conceded by old and experienced residents to be a most favored fruit section. Climatic conditions are the best, and the soil is much better for fruits, and is richer than in other famous fruit growing districts of Oregon. The produce that went to waste in this neighborhood last season for want of such a market as a cannery and dryer would afford was worth more than it would cost to put an establishment in here. The farmers are keenly aware of the big saving it would be to them, and of the means it would be towards increasing their farm receipts, and, to a certain extent, enhancing the value of the lands. If the local business men and farmers do not intend starting such a business, then someone experienced in the work, and who wishes a good location, should be interested and induced to come to Estacada and put up a cannery and dryer. The field is a good one. In connection with the vegetable and fruit business, vinegar and cider can be made. With the many natural advantages—proximity to market, railroad facilities, unsurpassed country for fruit and vegetables, a cannery and dryer here would certainly prove a profitable investment to the promoter and the country.

Already the city merchants are advertising "Rose Carnival Sales."

GARFIELD NEWS

Grace Davis, who has been very ill for the past ten days, is convalescing rapidly.

The central division of the telephone companies has completed its line. The southern division has all holes dug, and the poles distributed. Walter Snuffin says the returns for his shipment of strawberries to Portland is very satisfactory. Later he will furnish the figures for his field so that all may know how profitable the industry is. His and Mr. Trapp's fruit is selling at 25c a crate higher in the Portland market than any other fruit shown there.

Hurrah for the Estacada country! Henry D. Trapp has a field of a 1-5th of an acre in strawberries that can not be beaten anywhere in the state for vigor of growth and production of fruit. If you wish to see what the Estacada country can produce in the way of berries call on Mr. Trapp in the center of the Palmette settlement.

Mr. Trapp is also very much interested in fine stock. He has recently purchased a pair of hogs of Duroc-Jersey breed, color bright cherry. They are registered with the National Duroc-Jersey Association under the names of Crown Prince and Rosie Lee, and were bred by Amos Wilkins of Coberg. They are fine specimens of the porcine family.

Messrs. Snuffin, Trapp, Holder and Wonacott are the pioneers of intensified farming in the Estacada country, and their work this year will prove that one acre under this system will bring as much profit as five acres under the old system. This marks a new era for this country.

Gleaned By the Wayside

Miss Elsie Pruner, a sister of Eva D. Pruner, the teacher at Garfield, was visiting with the latter last Sunday.

Julius Krieger is busy putting a shingle mill on his place; the boiler and necessary machinery have arrived. Julius expects to be making shingles before the fourth of July.

A Mr. Wendolph from Hood River, who visited last Sunday at Walter Snuffin's place expressed himself as being much pleased with the country around here and said that he saw no reason why the land here should not produce as good fruit as Hood River produces.

G. T. Hunt who has an eight acre patch of strawberries at Mt. Tabor and who is now at that place taking care the crop, came up to the home ranch Saturday to see the family. R. S. Blew has left the ranch and is again running a passenger train between Portland and Astoria.

Eugene Wooster who has bought the P. E. Linn place is moving up from Arleta, and will reside, with his family, in their new home. Mrs. Lelia Kleatech and Mrs. Chas. Graham and the children left Tuesday for a two weeks' visit with some friends near Astoria.

Mr. and Mrs. E. A. Miller and daughter, Edna, went to Aurora last week and visited Mrs. Miller's parents, Mr. and Mrs. W. Taylor.

Miss Lura Keller of Aurora attended the commencement exercises and spent the past week at the home of her friend, Miss Edna Miller.

Miss Mae Stephens, who taught the primary room in the school the past year, left for her home in Portland last week. Miss Stephens' school work here has been highly satisfactory.

The city council met in regular session Tuesday evening, but not all members being present an adjournment was taken till Thursday evening.

Is not Portland going to invite outside towns to contribute roses to her flower fiesta? The nearby suburbs of the city grow some beautiful flowers.

J. J. Marchbank had a mammoth strawberry at his stand last week which measured 7 1/2 inches in circumference. It was a Sharpless and was grown by Branch Tucker, on his Springwater farm.

The friends and acquaintances of George Lyckerby are pleased to see him home again from the hospital in Portland. Mr. Lyckerby is improving rapidly, but he has grown quite thin since taken sick.

The Western Banking Company has sold to the rural telephone organization all their telephone franchise rights, and the phone company will now build into the city. The Estacada Telephone & Telegraph Company claim the O. W. P. Townsite company decided this same privilege to it two years ago.

Cashier E. L. Fraley of the Estacada State Bank, attended the second annual convention of the Oregon State Bankers' Association at Portland last week, and he reports a profitable business meeting as well as a grand social time. And the Provincial Coupon Bond menu for their banquet at the Portland Hotel would indicate as much.

Prof. J. E. Stubbs went down to Gresham, where his parents reside, last Thursday. Mr. Stubbs is going to take a six weeks course in special work at the state university this summer, previous to taking up his position as principal of Frankton high school at Hood River, where his salary will be \$100 per month, a raise of \$50 over his salary at Estacada.

The Estacada Telephone company has inaugurated a new exchange rate. To phone subscribers the following rates began on June 14: To Eagle Creek, Currinsville, Barton and Alsapah 10c. Damascus and Portland 15c. The company has offered to out-of-town patrons the following: to 50 or more subscribers 15c; to 60 or more subscribers 10c, and to 75 or more subscribers a free exchange will be given in Estacada, and with other rural and connecting lines.

Annual School Meeting

Two Directors Elected—Warm Time Over Election of Clerk

Another Teacher to Be Hired, and Higher Grade to Be Taught

The school house was the scene, Monday evening, of another of those interesting annual school meetings. Chairman John Stormer called the meeting to order and Clerk John F. Lovelace read the minutes of last year's meeting which were approved. The election of two directors then followed. Mr. Stormer was elected by acclamation to fill the unexpired term of two years of R. A. Stratton. He has one year to serve and will be chairman of the board of directors. For the three-year term as director, L. C. Posson nominated T. J. Reagan, and W. A. Heylman named O. H. Schock and the ballot resulted, Reagan 25, and Schock 21. The warm time began when Heylman moved that J. F. Lovelace be declared the unanimous choice for clerk, and nominations for that office be closed. Objections were made and a lengthy discussion took place on the correct formality of procedure, and the chair finally decided the objections were well taken, and declared nominations for clerk in order. W. F. Cary placed A. N. Johnson's name before the people, and W. A. Heylman put up J. F. Lovelace again. The vote resulted 23 to 26 in Lovelace's favor. The school levy for the year was voted at 7 mills, and everyone present was in favor of adding the 10th grade studies to the school work, and employing three teachers. The clerk's report showed the district to be in good financial condition with but a small indebtedness. A number of ladies were present and entered into the interest of the meeting.

The ball game of last Sunday on the local diamond was a contest between a picked amateur team from Portland and Estacada. The latter team had but five of its regular men but the vacancies were filled with good players. We lost the game, 2 to "way up," but the boys are not discouraged, and Manager Boner will advertise for something earlier.

Sunday at the Methodist Church the services will be as follows: Sunday school at 10 a. m. At 11 o'clock, the pastor will preach on the theme "Christ Stilling the Tempest." At 7 p. m. will occur the regular Epworth League devotional meeting; subject, "Holy and Unholy Ambitions." At the 8 o'clock service, the pastor will tell the story of an Alpine Guide and a Swiss girl.

On Wednesday evening June 12, Miss Edna Miller gave a delightful birthday party, in honor of her friend Miss Lura Keller's seventeenth birthday. Ice cream and cake was served for refreshments and a very enjoyable evening was spent. Those present are as follows: Lura Keller, Mary Dale, Kitty Reagan, Ava Lovelace, Mary Womer, Will Dale, Lonnie Van Dyke, Neil Bronsen, and Mr. and Mrs. E. A. Miller.

Epworth League Formed

On Tuesday evening, about fifty young people gathered in the Epworth League room of the church having been invited to a "Conundrum" gathering. The early part of the evening was spent in organizing an Epworth League. Later Paul Womer recited and Mrs. Williams sang. "Conundrum" sandwiches were disposed of and a merry time was had in guessing conundrums. The committee in charge were Mrs. C. T. McPherson, Miss Kitty Reagan and Miss Mary Dale. The committee to arrange for next Tuesday evening are Miss Stella Womer, Miss Edna Miller and Gertrude Morrow.

The Noble Qualities Of the Southern Youth

By Dr. EDWIN ALDERMAN, President of the University of Virginia
OUR real problem is to try to industrialize our society WITHOUT COMMERCIALIZING ITS SOUL. I wonder if the thing is possible.

A nation's progress is measured by the distance it has traveled, as well as by the point it has reached. There is no such tragic story of RUIN AND EXHAUSTION in the world as the story of the south from 1860 to 1880. In 1860 the south possessed 44 per cent of the wealth of the nation, or \$5,500,000,000. In ten years it had lost 60 per cent of that sum, and if one may count the invalidism and death of 300,000 men and the emigration of thousands of others IT HAD LOST ALL.

The southern boy of this generation has found himself at last in American life and made himself at home at the moment when the republic was most in need of his tempered strength. He is A FINE, HOPEFUL FIGURE, this southern boy, whom I know so well, of strong, high political instincts, facing tardily a fierce industrialism and a new democracy with its grandeur AND TEMPTATIONS, his ambitions and dreams moving about them and yet holding fast through the conservatism in his blood to the noble concepts of public probity and SCORN OF DISHONOR.
