The Doctor away from Home when Needed

People are often very much disappointed to find that their family physician is away when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's colic, cholera and diarrhoea remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale at Estacada Drug Store.

ALL GOOD THINGS

must win upon their merits. The International Dictionary has won a greater distinction upon its merits and is in more general use than any other work of its kind in the English language.

A. H. Sayce, LL.D., D.D., of Oxford University, England, has recently said of it: "It is indeed a marvelous work; it is difficult to conceive of a dictionary more exhaustive and complete. Every thing is in it—most of what we might expect to find in such a work, but also what few of us would have thought of looking for. A supplement to the new edition has been added; it is only up to date. I have been looking through the latter with a feeling of astonishment at its completeness, and the amount of labor that has been put into it."

THE GRAND PRIZE

Oklahoma will soon come into the union. When reference is made to Oklahoma, or the name spoken, it brings to mind the thought of wild, frontier life. But Oklahoma has the most stringent of prohibition laws.

Eastern Clackamas county is taking all the laurels this year from the rest of the state. The cherries are the biggest and most luscious, the strawberries are the reddest and sweetest, the vegetables are the largest and soundest, and the girls the sweetest and purest.

The word has been passed around that the Estacada saloons are to be closed on Sunday. Last Sunday's riotous time seems to have precipitated the decision on the part of the officials to close the houses of liquida-tion. With an extra police force for Sundays it would seem an easy matter to keep a small town with but one block or so to patrol in an orderly condition. And what is our big city jail for? and our city court and peace officers? The city treasury can stand the addition of a few fines.

The Columbia-San Pedro accident is another of the strange things that happen in the world. Two vessels on the broad ocean, traveling in opposite directions, ran into each other. Both vessels were several miles out of their usual course. Chances are one in thousands against such a catastrophe, yet it happens. That those two boats should chance to meet as they did on a dark foggy night seems strangely miraculous. It was only a happenstance, as it were, but where were the fog whistles?

City Business

The City's Fathers Take Action To Do Things

On request of W. H. Judson Co. ordinances declaring vacated all of Wade St. south of 4th, all of 2nd and 3rd Sts. west of Zobrist, the west 12 feet of Zobrist St. south of lot 12, block 12, and the alley in block 5, were passed by the council Tuesday evening. The committee on ordinances was asked to introduce ordinances establishing the salaries of the city's employees. Mayor Haviland and others discussed health, law and order conditions affecting the city, and it was decided that the order and health laws must be better observed. Unsanitary outbuildings, drunkenness and firing of firearms will not be permitted to go unnoticed from now on. The bull thistles about town must disappear. Dogs must wear a tax tag or become scarce. All nuisances must cease. Next on the program is the idle man, the village cow, the gossip, the kicker, the knocker, the person who does not love his neighbor as himself; all these are on the ban, and must cease for ever, even to the depopulation of the town. The council will meet again Aug. 6.

Breaking into a nest of yellow-jacks while picking berries isn't the pleasantest kind of fun even if the lively little things do cover you with kisses, says Dave Warner.

F. E. Boner recently received from a Minnesota friend a beautiful wreath made of milk weed. The coloring is very pretty, and the design and work effect is extremely dainty. It is a delicate piece of artistic work.

A radish has been on exhibit at North's store the past week. It has the form of the human left hand with the wrist, hand, four fingers and thumb in a very striking resemblance to one's hand. It was grown in Doc Palmateer's garden.

W. W. Porter took a party of relatives out this week on a picnic up Eagle creek. They had a joyful old time but on the return one of the hack wheels exploded and the party pleasantly tripped along for 5 miles until Will could get a gocart to take them home. The party consisted of Roy Porter and wife of Los Angeles, Mrs. N. E. Groff, Mrs. J. T. Page and children.

Car Factory

"Beware of False Prophets"

By GEORGE F. DAER, President of the Reading Railway

THE present tendency is to lend itching ears to STRANGE DOCTRINES. The general education of all the people, which must necessarily be limited, creates rash and SUPERFICIAL THINKING and unrest. "It is true at times that a little learning is a dangerous thing. From the seats of the mighty and from the street corners where blatherskites harangue the multitude a wail of woe is heard. Everything is wrong. The whole order of our industrial and social life is assailed in vehement and hysterical appeals to the passions AND SELFISHNESS of men.

SO I SAY THAT IN OUR DAY WE NEED TO HEED THE IN-JUNCTION, "BEWARE OF FALSE PROPHETS."

Nonpartisanship In Judges.

By DAVID J. BREWER, Associate Justice of the Supreme Court of the United States.

THERE is undoubtedly a belief on the part of some that a long tenure in judicial office is against the true theory of popular government, and there is in consequence a clamor that the judicial term of office shall be reduced TO A BRIEF PERIOD. I once had occasion as circuit judge to decide a matter involving the prohibition laws of Kansas and decided it against the convictions of the radical advocates of prohibition, whereupon the leaders met in convention and passed a resolution demanding that federal judges should be appointed or elected FOR ONLY ONE YEAR. The judges of the federal courts as well as of the courts of two or three states are appointed for life, which intensifies the clamor against them.

Yet the very persons who have this feeling in respect to judicial decisions would shrink from carrying it to its LOGICAL RESULT. They would at first distrust and soon despise a judge whose decisions were always in favor of one set of men or one party. A man may be never so strong a partisan, and yet he not unnaturally begins to lose confidence in the integrity of a judge who is deciding all cases IN FAVOR OF HIS PARTY. There is a conviction which cannot be put one side that partisanship on the part of a judge is a grievous wrong.

FOR INSTANCE, NOTHING HAS HAPPENED TO SHAKE THE CONFIDENCE OF THE AMERICAN PEOPLE IN THE SUPREME COURT OF THE UNITED STATES SO MUCH AS THE FACT THAT ON THE ELECTORAL COMMISSION THE JUDGES DIVIDED ACCORDING TO POLITICS.

Neustadter Employees Picnic Here

The employees of the Neustadter Bros., manufacturers of wearing apparel, were in Estacada Saturday on a picnic vacation. About 150, mostly young ladies, composed the crowd, and we have never seen a more intelligent or prettier lot of people out from Portland. They passed the day in the park under the tall, shady firs; down by the cold ripples of the river; dancing in the pavilion to the music of a well-selected orchestra, and by the springs which gave them the purest and coolest of water. The Neustadters employ about 500 girls in their large garment factory in Portland and some of the young ladies make as much as \$18 a week on piece work. Neustadter Bros. expect to put an 8-story building to cover a whole block, and they will then need 1600 girls to operate the machinery. Saturday's picnic party seemed to have a pleasant day, and we hope sometime to see them out here again.

Best Medicine in the World for Colic and Diarrhoea

"I find Chamberlain's colic, cholera & diarrhoea remedy to be the best remedy in the world," says C. I. Carter of Skirum Ala. "I am subject to colic and diarrhoea. Last spring it seemed as if I would die, and I think I would if I hadn't taken Chamberlain's colic, cholera and diarrhoea remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the 25c size Chamberlain's colic, cholera and diarrhoea remedy and this morning I feel like a new man." For sale by the Estacada Drug Store.

Epworth League

The Tuesday evening social was in charge of J. S. Moore, F. E. Boner, Paul Womer and Lonny Van Dyke. A very pleasant evening was spent in conversation, and in lively outdoor games. Ice cream and wafers were served. The president requested the league to express by vote a preference either for weekly or fortnightly meetings. The majority favored the weekly meetings. Next week there will be a variation in the form of a straw ride in charge of two committees. Members are requested to meet promptly at 8 o'clock.
