AUGUST 27, 1907

The common council of Fond du Lac, Wis., has adopted a novel plan of dealing with habitual drunkards. Portraits of all such persons are posted in the saloons of the community, along with a notice to saloon keepers that if intoxicants are sold to persons thus posted, the license of the offending saloon will be revoked.

Probably the first impulse of the average man will be to smile at the unique policy. In a way it was funny, yet it has a sober, serious side. Witness the case of the young man who voluntarily asked that his photograph be included in the jag gallery, and distributed among the saloon keepers, because it was "the only way he could get sobered up and return to a decent life." There isn't any comedy in the case of this young man. He needed restraint, realized it, and asked for it. Deep in the woof of his nature there was a saving sense of his obligations to society and to himself, and he had the courage to ask his fellows to help him pull against the currents that were forcing him ever down to lower levels.

Drunkness is not per se a crime; but is a misdemeanor, and is recognized as such in the law.

Posting habitual drunkards, therefore is not as harsh as it may seem to be. It is simply posting the man who offends the law and the morals of the community in which he lives. The Fond du Lac ordinance may have virtue in it. If it lessens the number of toppers in the community it will do good. That is the purpose of it, and while it may be scoffed at as freakish, the intent and aim of it is noble enough.—Seattle P.I.

Robert J. Devine, a prominent citizen of Eagle Creek, accompanied by his old friend, Col. Frank J. Parker, of Portland, visited Estacada last Sunday and took in the metropolitan sights of the only city on the banks of the scenic Clackamas. Mr. Devine has long been identified with the growth and welfare of the Eastern Clackamas country and he still takes a keen interest in all that affects us. Col. Parker is a retired newspaper man, and one who has

made a great success in the business. His field was the Inland Empire, and but few there are who are acquainted with the past forty years' history of that country who do not know Col. Parker. He is one of the big Westerners who have blazed a trail for the more timid Easterners.

E. H. Herriman, after spending a few days at Klamath lake, drove by mule team north to the O. R. & N. and went east. What shall the harvest be?

Success will often come where it is least expected, when there is a unity of purpose and spirit.

Dr. O. D. Babcock will move his office on Friday of this week from the Bank of Estacada over into the drug store, where they will also have their living apartments.

Birthday Surprise

Edna's birthday comes but once a year but it always brings with it good cheer. With pies and cake, ice cream and candy. But your'd better have a doctor handy.

Such was one of many of the original poems spun in the good cheer of the party given at the home of Mr. and Mrs. Ed. Miller in honor of the birthdays of Miss Edna which occurred Saturday Aug. 24, and Mr. Will Dale's which was Aug. 27. Will was totally surprised which makes the first time the Estacada crowd of T J D's has ever successfully surprised one of their boys.

A novel evening was spent and the boys have learned a new trade and now some day there will be a big plant put in Estacada. The advertisement will read: "Bring all farmers' implements to be repainted and fixed." Signed J. H. D. Walnut shells usually have something in but there must have been a new tree discovered which bore different fruit underneath the shell and as this was its first appearance we all found this delicious and hope it will appear again. These young people invent all kinds of things in the way of getting married, also of making dates (over the phone), but they did not cheat the lawyer.

In a pen there was a hen scratching for her chickens; Dirt she threw till her nails were blue, And they took up the pickings. And noisy geese destroy all peace While squawking loud and often, As girls do when more than two About their beaus are talking. After a late hour the T J D dispersed wishing the hours had more than 60 minutes. Also, that Edna and Will would have many happy returns of these birthdays never to be forgotten. —One who knows.

Garfield Grange voted a 50 cent assessment on each of its members at last Saturday's meeting to pay for painting the grange hall.

Rev. McPherson and family are at Seaside this week having their annual outing. Mr. McPherson will be home for next Sunday's service.

A pettifogger who is slightly acquainted in Estacada from long ago is reported in the pen on a forgery charge. He is brilliant to a degree.

Mr. and Mrs. W. K. Haviland wish to thank all who assisted in putting out the fire at their residence and saving the personal property.

Mr. and Mrs. H. Cooper returned last Thursday from Baker City. Mr. Cooper took special treatment for rheumatism while away and is some better.

It was the M. E. church South of Currinsville that was joined to the M. E. church at Estacada, and not the F. M. church as was reported last week.

Dr. O. D. Babcock, assisted by Mrs. Babcock, set Mrs. B. O. Bowell's broken arm last Thursday, and the patient is getting along as well as possible.

Rev. Stubbs has been clearing off and building on his lots in the north part of town. Mr. Leray is also building on his new lots and otherwise improving them.

The lot adjoining the Wirts blacksmith shop on the west is being cleared for a warehouse building which, we understand, will be put up by J. W. Reed and others.

Wm. Beeson is very sick with Bright's disease at the home of Messrs. Mayfield and North. He is 70 years old. All the children living at Clarks are present.

Harold Wilcox has purchased the Ladd & Craigielea farm a very fine Cotswold sheep. It was sent down by rail, and R. A. Wilcox was in from Springwater Monday to get it.

A 16-TO-ONER

Another gold eating duck was killed at Joe Nicholson's last week, and 16 gold nuggets were found in the crop. This makes 33 pieces of gold from two ordinary ducks.

The ladies of the Aid are going to serve the public a

Chicken Pie Supper

Including many other good things at the Estacada Oddfellow hall Friday evening, Aug. 30. A small charge of 25c will be made, and 15c for those below 12 years.

Cooper & Co. have received a lot of jelly glasses which are on sale at special prices.

The Haviland Residence Burns, and Nothing Is Saved

The fine new residence belonging to Mrs. W. K. Haviland burned last Friday afternoon. When the fire was first seen smoke was issuing from every window and door, and the inside of the building was all ablaze. After the fire department had played a heavy stream of water on the building a few minutes the piano and some other articles were gotten out, but everything was ruined. The building is just about a total loss. Insurance was carried in the Oregon Fire Relief Association of McMinnville for \$2350. The personal property burned was valued at over \$3000, and the house at \$2000. The cause of the fire is unknown. No one had been in the house for two hours, and the house doors were all locked when the first person arrived. Had the fire department arrived at the scene only a few minutes earlier something might have been saved. The boys did splendid work with the hose, and the water supply seemed unlimited.

Medical Expert Evidence Is Not Highly Regarded.

By Dr. CLARK BELL, President of the Medico-Legal Society of New York City.

THE reason medical expert evidence is generally regarded as a matter of dollars and cents is because the expert represents the side that employs him almost as much as the counsel does. This is the fault of the PRESENT SYSTEM and is not the fault of the medical expert. It can only be remedied by legislation. The Maine bill is the best and most feasible plan of meeting the present situation. The bill originated through the efforts of L. A. Emery, chief justice of the supreme court of Maine.

Take, for example, the Thaw case. Suppose that this bill now proposed had been adopted by the legislature of the state of New York and a motion had been made in the supreme court for the appointment of three or five eminent alienists to HEAR AND DETERMINE THE QUESTION AT ISSUE in that case. Suppose further that two leading experts of the defense, Dr. Charles P. Wagner and Dr. Britton D. Evans, had been appointed by the court, with Dr. Austin Flint and Dr. Mabon. The conditions would have been wholly changed. There would not have been the slightest occasion for the PARTISANSHIP that was exhibited at that trial.

THE BILL PROVIDES THAT THE EXPERTS THUS SELECTED SHALL BE PAID BY THE STATE, AND THE AMOUNT OF THEIR COMPENSATION IS TO BE FIXED BY THE JUDGE WHO TRIES THE CASE.

New gloves, overalls, blouses and underwear at Dale's.

Miss Ethel Green and friend Mrs. Chatman of Oregon City visited at H. W. Green's last Sunday.

Uncle T. J. Mathews, of Bridal Veil, attended to his property here last week.

NOTICE TO THE PUBLIC

My wife, Marth I. Looney, having left my home and board without just cause, I will not be responsible for any debt contracted by her. Dated Aug. 12, 1907. R. A. LOONEY.

GARFIELD NEWS

Fine weather for Fall work.

A big crowd from here went out into the huckleberry patch. The threshing crew received quite a treat at the home of Dock Palmtater in the way of an oyster supper, also ice cream served in the afternoon by Henry Epperson and wife. It was a cool and pleasant treat enjoyed by all. Grain turns out well and of good quality.

By our Wayside Reporter

Wm. Porter and the three Hunt boys came home Friday and brought 35 gallons of huckleberries with them, and the Yocum-Palmtater party got 65 gallons of that delicious fruit.

Mrs. A. P. Kerron of Portland has been visiting with the R. H. Curran family at Currinsville. "I have some grain out and hay, but this has been a glorious rain." "Doc" Palmtater.

W. R. Oatfield has gone to work at Seaside.

It has been found necessary to perform another operation on Mrs. E. E. Erickson and her homecoming, for which the Erickson family had so anxiously looked, has been postponed; Mrs. Erickson, as will be remembered, met with a very painful accident some time ago in a runaway.

"Keep thy courage; dare to be That which seemeth right to thee. Keep thy patience, for, without Life's best gifts are put to rout."

A number of farmers in the George country have purchased a threshing outfit and are operating it on the co-operative plan.

HAD AN AWFUL TIME
But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him

It is with pleasure I give you this unsolicited testimonial. About a year ago I had a severe case of measles I got caught out in a had rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's colic, cholera and diarrhoea remedy I could not have possibly lived but a few hours longer but thanks to this remedy I am now strong and well. I have written the above in simple gratitude and I shall always speak a good word for this remedy. Sam H. Green, Concord, Ca. Sold at Estacada Drug Store

Fruit Trees and Shrubbery For Sale

I am selling nursery stock—all kinds of fruit trees and shrubbery grown by the Woodburn Nursery, the oldest nursery in the state, all stock reliable. For particulars and prices call on or write E. L. WONACOTT, Estacada, Ore. Route 1, agent for this part of Clackamas county.

Chamberlain's Colic, Cholera and Diarrhoea Remedy, Better than Three Doctors

"Three years ago we had 3 doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's colic, cholera and diarrhoea remedy and in a few hours he began to improve. Today he is as healthy a child as parents could wish for." Mrs. B. J. Johnson, Linton, Miss. For sale by Estacada Drug Store.

Probable Railroad Extension

A Great Number of Ties and Poles Being Piled Up in Estacada--Other Signs of Road Extension

Very quietly, yet very vigorously, the Portland Railway Light & Power Company is making extensive preparations for railroad building in the near future. One feature of the company's work of getting ready for extensions of its road and needed improvements is the number of railroad ties which it is purchasing. J. D. Forbes & Company, who has been getting out timbers and lumber at Estacada the past year, has gotten out to date 12,000 ties, and 17,000 feet of cedar poles, all for the P. R. L. & P. Co. Other firms have been making a large number of ties for the railroad also. Much of this material is being used by the company at different places on its lines, but the greater portion is being kept for extensions which it is said will be made next year.

The Estacada line will be built up the river a few miles, that is certain and people who are in a position to know something about it say that it will very probably be extended on over the Cascade mountains and into the grain belt. There is also a strong belief that a branch will be run out from Canemah into the Molalla district, but this depends somewhat on what the Oregon City and Molalla company does. There is a great quantity of timber lying along the Western foothills of the Cascade range. The timber is as good as the best in the state, and it will pay the road that taps it. It has always been the belief that Estacada's line will develop into an overmountain route, and that belief is still held to by the great majority of those who have an ear to what's going on.
