IRRIGATIONIST MEET

Fifteenth Annual Session Con-venes in Sacramento. LARGE NUMBER OF DELEGATES San Francisco, Aug. 31.—After de-liberating about 15 minutes, the jury in the case of Louis Glass, vice presi-dent of the Pacific States Telephone & Telegraph company, last night returned a verdict finding him guilty of bribing supervisors. Only one formal ballot was taken, the jurors being unanimous on an informal ballot.

Indications Point to Much Good Be ing Accomplished at the Big

Sacramento, Cal., Sept. 3 .- That the Fifteenth National Irrigation congress

California Gathering.

will be the most successful in the his-tory of the great work that attracts the attention of the entire world was the unanimous verdict of thousands of delegates and visitors who gathered yester-

day to attend the opening sessions. The large number of delegates and the enthus asm displayed indicate that much is to be accomplished during the congress. The gathering is not only national, but international in character, McPike, his associate, moved for a stay

as there were seated on the platform of the gaily decorated convention hall rep-resentatives of foreign countries, includ-ing Germany, China and Mexico. President Roosevelt had his personal representative, Gifford Pinchot, chief of judgment. Next Wednesday morning was fixed as the time for passing sentence. Assistant District Attorney John O'Gara spoke for half an hour and concluded the opening argument for the people in the Glass bribery trial in the morning. He was followed by T. C. Coogan for the defense, who spoke government forester; Vice President Fairbanks was a guest of honor; there were four governors of states, senators, congressmen and other distinguished

for two hours. The burden of Mr. Cocgan's argu-ment was, as in the former trial, the visitors. From the time Executive Officer Beard called the great gathering to order and introduced Governor the National Irrigation congress, words of welcome and praise for the great work of saving the forests, storing the floods, reclaiming the desarts and welcome and praise to the great

floods, reclaiming the deserts and mak-ing homes on the land, marked the pro-ceedings. The addresses of the speak-ers and the message of President Roose-velt were received with hearty approv-al. Governor Gillett's address of wel-

Mattoon, Ill., Sept. 2.-Fifteen per-ons were killed and about 50 injured come was a glowing tribute to the re-sources of California, and he turned n a head-on collision between an interover the entire state to the visitors.

Mr. Chamberlain, in commenting on the first session, remarked that the prezent congress shows more interest in the work in hand than any other con-gress he ever attended, and added that during the week questions of intense a sharp curve one mile west of Charles-

importance will be discussed. The Irrigation Palace has a seating accommodations for about 3,500 peo-ple, and in addition to delegates a large ple, and in addition to delegates a large the impact was so terrific that the motor car was telescoped by the trac-traction of the building presents a festive appearance with streamers of varied hues. Over the speakers' plat-form are the words: "Science bids the the passengers, nearly all of whom the feater to the the the territor that the impact was so terrific that the motor car was telescoped by the trac-tion car. There was no warning and few passengers had time to escape by imping. The passengers, nearly all of whom desert drink."

On the walls in a conspicuous man ner the Washington delegation called attention to the desire of Walla Walla to have the next congress held there. The congress opened with the "Irri-gation Ode," which was rendered by the 200 members of the Ogden Taber-nacle chcir, an organization comprising 120 men and 80 women. Mayor M. R. Beard of Sacramento to have the next congress held there. 120 men and 80 women. Mayor M. R. Beard of Sacramento

without having caught some sparks of Mayor, M. R. Beard of Sacramento inspiration, without being lifted to a point where broader horizons of life stretch away before him and a more stringent sense of duty is compelling his conscience and stirring his heart. Both officials expressed the pleasure of the near the state.

New York Health Commissioner Mays People Are to Blame for It. That the people of the United States are guilty of the death of 400 persons

a day from tuberculosis was the dec-laration of Dr. Thomas Darlington, health commissioner of New York, in a recent speech before the Twentleth Century Club of Boston. He declared the disease was preventable and could be entirely eradicated. Dr. Darlington advocated in combating this disease:

"1. Education of the state and the education of the individual. The state must be appealed to on the ground of political economy. It has been estimat-ed, he said, that in the United States the annual loss in money from deaths from tuberculosis is \$330,000,000.

"2. Instruction as to the true nature of the disease, its prevention and cure. Wide and general distribution of circulars, public lectures and personal in-struction must be provided. The indi-vidual must be reached, and this is easy under a system of compulsory ne-

"3." Co-operation of the departm of education to distribute to each child in the public schools of the city a small, simply worded card, giving easily comprehended rules for the prevention and cure of tuberculosis."
