**Work Begun On Car Factory Site**

Tuesday work was begun on the site for the Judson Car Company's manufacturing and repair shops in Estacada. Al Lindsey with a crew of men started to clear away the fir stumps on the grounds and to level off the ground. It is no small job to get the grounds ready for building operations. A great deal of

lumber will have to be removed and portions of the old side track taken up. Mr. Lindsey says that a big repair building 90 by 130 feet will be put just north of the Jones barn, and another large building is to be built north of the woodworking factory. A new sidetrack will be run from the main line into the repair shop.

**Changing To Cream Only**  
The Estacada creamery is adopting a different business plan. Beginning the first of next month nothing but cream will be received at the creamery. The patrons are investing in separators, and teams will gather the cream twice a week. It is thought this will be more satisfactory and cheaper for the farmers. The patrons on Chas. Bard's route have already adopted the new plan.
