

This is the time of year to begin to raise better fruit next year than was raised this year.

Oregon City is in the heat of a fight for a cleaner city government and better regulated saloons. And some shallow moraled standpatter calls it a "tearing down" policy.

The people of the United States will insist that President Roosevelt shall serve another term, unless he positively declines. They are anxious for him to keep unwaveringly at it notwithstanding all the panics that may come.

It won't be long before the store windows will assume their usual pretty trimmings and open display of fancy articles, and wares. A fine display of holiday goods, stimulates business, and keeps it at home. It is time, now, to be getting ready for the December trade. The News is here to assist in the work of letting the public know what is to be had in the town's market. Advertising rates are reasonable.

Monday morning found Estacada without a meat market. Fred M. Lantz, who has been in the business here since in the summer, has closed his market. His reasons are that there is not enough cash trade, that the business is injured by too many individuals peddling meat and the difficulty in finding suitable material for the shop. Mr. Lantz is contemplating buying stock of the farmers and taking it to the Portland markets.

The legend, "In God We Trust" on the United States coins, has no significance in these days, and we doubt if it ever did have any commercial significance. In the days when it was adopted for a place on the coins the people were more sentimental and trusted in God that this country might be a success. But in these days the saying has become, more or less, an idle flippancy. To be worth anything now a saying or article must have a commercial value, for all are looking for the intrinsic and not mysticism.

Another Large Business Building

The transfer of the corner lot on which the telephone building is located from John B. Haviland to A. T. Close was closed last week, Mr. Close paying \$650 cash for the lot. Mr. Close is going to start at once to build a fine business building on the lot, which will be eighty feet deep; the ground floor to be occupied by a saloon, and the second floor is to be a roller skating rink. Contractor E. T. Mallory has been figuring on the plans. Mr. and Mrs. Close have rented and moved into one of Mr. Heylman's houses, but later they will live in the Haviland house when it is rebuilt. Mrs. Close is a daughter of Mr. and Mrs. R. A. Wilcox of Springfield, and their coming here from Aberdeen is principally for the benefit of Mrs. Close's health which was not good while living near the ocean.

Biliousness and Constipation

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's stomach and liver tablets. The tablets relieved the ill feeling at once, strengthened the digestive functions, helping the system to do its work naturally. -Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale at the Estacada drug store.

Eagle Creek's Boxing Match

The boxing bout which took place at Eagle Creek last Saturday night drew a fair sized crowd out. The principals in the affair were "Kid Ruby" or L. E. Gorman, of Minneapolis, and "Spike Lamar" or R. L. Shepherd of Portland. The contest was to last ten rounds, and Kid Ruby won the decision in the last round. S. Fleming acted as referee and Ben Jacques as promoted. A 4-round preliminary took place between Kid Morgan of Spokane and Slim Curtis of Rainier. Perry Mack who is champion of Alaska, refereed and gave the decision to Curtis. Mack has challenged Rudy for a contest, to come off in Portland. A number of Estacada boxing enthusiasts took in the doin's. A dance followed the boxing sport.

"Talking about your big things," says the Ashland Tidings, "Fred Rapp, whose farm is located in the beautiful Wagner Creek valley five miles west of this city, has contributed to the Ashland exhibit building a Mammoth Chile squash which tips the scales at 135 pounds. It is estimated that after allowing for waste in preparing it, this squash would furnish the raw material for the making of at least 200 pies of proportions ample to satisfy 800 appetites for such toothsome viands. It is no wonder that the Eastern financial stringency has no terrors for Oregonians with such resources in reserve."
