

The Holiday number of the Beaver State Herald was a beauty in the art preservative, and a hummer for Sandy.

There is no doubt about it—the people are going to insist that a man with Mr. Roosevelt's ideas about administering the laws of this nation shall be elected president next year.

United States District Attorney Chris Schuebel! What? Well, he has our endorsement, and that will likely land him in the seat. But Old Napoleon Bonaparte might get a worse assistant.

All schools are closed this week, and the children and teachers are observing the Holidays. Professor Flint is with his wife and children in Portland. Miss Pruner went to her old home at Riddle, and Miss Stephens is spending the vacation at the parental fireside.

The series of entertainments given in the Estacada M. E. church closed on Friday last with an evening of singing by the Menckley quartet and a number of impersonations by Mr. Ricketts. These exhibitions are all of an uplifting nature, instructive and pleasing. The Ladies Aid Society, under whose auspices these entertainments were given, took in \$46.15 as their share of the receipts from the door, and sale of Aid articles and refreshments. The gross door receipts amounted to about \$90.

### Court Decides In Favor of Bank

Judge Gantenbein of the state circuit court, issued an order Monday, 16th, directing T. C. Devlin as receiver of the Oregon Trust & Savings Bank, to deliver to the Estacada State Bank two certificates of deposit aggregating \$41,256 on condition that the Pacific & Eastern Ry. Co. will cancel the claim it holds against the Oregon Trust & Savings Bank for the deposit of \$40,423.31 and will make a cash payment of \$827.69 to the Portland bank.

This was done to save the Estacada State Bank from being forced into insolvency.

According to the statement of the Estacada State Bank, in petition of Louis J. Wilde against the Oregon Trust & Savings Bank, filed yesterday, the 2 certificates of deposit in the Oregon Trust & Savings Bank for \$20,625 each, were issued May 20, 1907, by the Estacada institution upon the request of the Pacific & Eastern Ry. Co. and of the defunct Portland bank. The return consideration which was to be given the Estacada bank and the understanding among the three parties was that the certificates were to be sold on a commission basis by Mr. E. L. Fraley.

The Pacific & Eastern Ry. Co. was organized to construct a railroad from Joe Bar, Jackson county, to a point near Crater Lake. It had on deposit with the Oregon Trust bank at the time of the bank's failure \$40,423.31. If the Estacada bank had been compelled to meet the certificates, which could not legally have been done, it would have been forced into insolvency, according to the petitioners, so that the institution would not only have been unable to pay in full for the certificates, but could not have paid its depositors. The petition shows that the railway company is willing to fulfill its part of the agreement by turning over its deposit in the defunct Portland bank and making a cash payment to balance the amt. of the claim held against the Estacada bank.

By complying with Judge Gantenbein's order, Receiver Devlin will be relieved of a debt of more than \$40,000 due the railway company, and the Estacada bank will be enabled to continue in business.

#### When to Go Home

From the Bluffton, Ind. Banner: "When tired out, go home. When you want consolation, go home. When you want fun, go home. When you want to show others that you have reformed, go home, and let your family get acquainted with the fact. When you want to show yourself at your best go home and do the act there. When you feel like being extra liberal go home and practice on your wife and children first. When you want to shine with extra brilliancy go home and light up the whole household." To which we would add, when you have a bad cold go home and take Chamberlain's cough remedy and a quick cure is certain. For sale by the Estacada drug store.

#### Answer to Problem in Finance

At first A had \$11.25; D had \$7.75. The sum of debts paid was \$8.25. \$3.50 paid the sum of the debts. At the close of the transaction A had \$7.75; B had \$1 had 25c; D had \$10. They all had \$19. Payments of debts do not increase the amount of money.  
 —C. W. Seymour

#### A Rope Problem

From a piece of rope a piece cut off, and then there was 56 left. Then there was another piece cut off 2-3 as long as the first, a half of the rope was used. How long was the whole rope? How long was each piece cut off?  
 —C. W. Seymour.

#### ANOTHER ANSWER

D gives A all his money, \$7.75 and takes a \$10 certificate; he then becomes indebted to A \$2.25, then A pays B \$3.50; B pays C \$2.50 and C pays D \$2.25; then D pays A \$2.25 which he owes him as balance on the certificate. All the debts, \$8.25 are paid. At the close of the transaction A had \$7.75; B had \$1; C had 25c; D had \$10. At first A had \$11.25 and D \$7.75 or a total of \$19. No, the amount of money does not diminish.
