Anywhere else, sald my informant, sailors would have lifted the child and him out of harm's way, but not here. He was allowed to remain where he work to be done. The sallors, to whom he was a nuisance, only smilled at the

infant and admired his pluck. It is rather touching and indeed true. Such love as the Japanese ex-

hibit for children cannot but be real. It strikes one everywhere, in all places and under all circumstances.

#### Uncle Henry's Experience

"What do you know about it?" he

was asked.

"I know something about it by obser vation," he answered, "and a little by experience. When I had reached the age of twenty-five, with a fair income and good prospects, I thought it was time for me to marry. I had almost

friends began to take it upon them selves to assist me. They told me that Naomi was the very girl for me-that I couldn't find a better wife if I were to hunt all over the country, and so on In short, they praised her so highly that I made up my mind I'd follow their advice. I began paying atten tion to her, and in a few weeks I 'pop ped the question.' "

"Well?" "Well," said Uncle Henry, with some reluctance, "she said she wouldn't marry me if I was the last man of

#### The Lesser Evil.

Ex-Secretary of the Navy, the Hon. John D. Long, recently said that most public utterances bore both the audience and the speechmaker about equally. "I always feel glad when called in the position of an amateur actor of my acquaintance.

"He was in all the theatricals going in his small town. He played all sorts of parts. I asked him one day if he did not get tired of appearing in every private theatrical performance.

"'Yes, awfully tired,' he replied, 'for I don't like to act a bit. But I know if I am not on the stage I shall have to ait in the audience !"

Contagious Blood Poison has brought more suffering, misery and humila don into the world than all other diseases combined; there is hardly any limit to its powers for evil. It is the blackest and vilest of all disorders, e lives of those unfortunate enough to contract it and often being wrecking th sallors would have lifted the child and carried him to his parents, so as to put him out of harm's way, but not here. He was allowed to remain where he work to be done. The sallors, to whom know by the little sore or ulcer, which usually makes its appearance first, of the suffering which is to follow. It comes in the form of ulcerated mouth and throat, unsightly copper colored spots, swollen glands in the groin, falling hair, offensive sores and ulcers on the body, and in severe cases the

beautiful, because it sounds and 's so finger nails drop off, the bones become diseased, the nervous system is shattered and the sufferer becomes an object of pity to his fellow man. Especi-ally is the treacherous nature of Contagious Blood Poison, shown when the infected person endeavors to combat the poison with mercury and potash. These minerals will drive away all outward symptoms of the troubles for a while, and the victim is deceived into the belief that he is cured. When,

however, the treatment is left off he finds that the poison has only been driven "It's all nonsense, and a waste of deeper into the blood and the disease reappears, and usually in worse form time," said Uncle Henry, "to tell a because these strong minerals have not only failed to remove the virus from young man what kind of wife he ought the blood but have weakened the entire system because of their destructive to pick out when he gets ready to marry. Nine times out of ten he has picked her out already, and if he hasn't, he doesn't need anybody's help."

.

in any form. S. S. S. goes down to the very bottom of the trouble and by cleansing the blood of every particle of the virus and adding rich, healthful qualities to this vital fluid, forever cures this powerful disorder. So thoroughly does S. S. S. cleanse the circulation that no signs of the disease are PURELY VEGETABLE ever seen again, and offspring is protected.
