

REV. TROUTMAN SENDS BEST WISHES FOR PE-RU-NA

Rev. George A. E. Troutman, Mt. Washington, Mo., Writes, "My Wife and I are Strong Believers in Pe-ru-na."

Catarrh and La Grippe.
Rev. Geo. A. E. Troutman, Mt. Washington, Mo., writes: "My wife and I are strong believers in Peruna."

troubled with a peculiar spasmodic affection of the throat. It would seize me suddenly and for a few minutes I would be unable to speak audibly, and my breath would be greatly interfered with. I would be obliged to gasp for breath.

"I finally concluded that it was some catarrhal affection which probably excited the spasm. It interfered with my vocation as a preacher, attacking me occasionally in the pulpit.

"I had heard so much about Peruna as a catarrh remedy that I determined to try it. After taking two bottles, my trouble has disappeared. I feel sure that Peruna has greatly benefited me."

Rev. P. E. Swanstrom, Swedish Baptist pastor, Box 228, Grantsburg, Wis., writes that from the use of Peruna he is perfectly well, entirely cured of chronic diarrhea and catarrh.

Peruna in Tablet Form.
For two years Dr. Hartman and his assistant have incessantly labored to make Peruna in tablet form, and their strenuous labors have just been crowned with success. People who object to liquid medicines can now secure Peruna Tablets, which represent the medicinal ingredients of Peruna. Each tablet is equivalent to one average dose of Peruna.

I was cured of a bad case of catarrh when nothing else that I tried had any effect. My wife was cured from a severe case of la grippe, and we feel that the least we can do is to gratefully acknowledge the merit of Peruna.
"My wife joins me in sending best wishes for your success."

RHEUMATISM CAN NOT BE RUBBED AWAY

It is perfectly natural to rub the spot that hurts, and when the muscles, nerves, joints and bones are throbbing and twitching with the pains of Rheumatism the sufferer is apt to turn to the liniment bottle, or some other external application, in an effort to get relief from the disease, by producing counter-irritation on the flesh. Such treatment will quiet the pain temporarily, but can have no direct curative effect on the real disease because it does not reach the blood, where the cause is located. Rheumatism is more than skin deep—it is rooted and grounded in the blood and can only be reached by constitutional treatment—IT CANNOT BE RUBBED AWAY. Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold or dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nerves, causing inflammation and swelling and such terrible pains that the nervous system is often shattered, the health undermined, and perhaps the patient becomes deformed and crippled for life. S. S. S. thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. It warms and invigorates the blood so that instead of a weak, sour stream, constantly depositing acid and corrosive matter in the muscles, nerves, joints and bones, the body is fed and nourished by rich, health-sustaining blood which completely and permanently cures Rheumatism. S. S. S. is composed of both purifying and tonic properties—just what is needed in every case of Rheumatism. It contains no potash, alkali or other mineral ingredient, but is made entirely of purifying, healing extracts and juices of roots, herbs and barks. If you are suffering from Rheumatism do not waste valuable time trying to rub a blood disease away, but begin the use of S. S. S. and write us about your case and our physicians will give you any information or advice desired free of charge and will send our special treatise on Rheumatism.

CONFIRMED IN PARIS

Suspicious Cabled to Washington and Rio Janeiro.

STORY MAY PROVE TO BE HOAX

Steamer Reported to Have Conveyed Explosives to Southern Port—Precautions Taken.

Paris, Jan. 21.—The reports cabled from Rio de Janeiro that the Brazilian authorities were warned from Paris of a possible attempt to blow up the American battle-ship fleet while in the harbor there are being investigated with certain suspicions indicating the existence of a plot to destroy the whole or a portion of the fleet, either at Rio Janeiro or in the Straits of Magellan, were aroused and communicated to Rio Janeiro and Washington. A chartered steamer was reported to have conveyed explosives for the use of the conspirators to Rio Janeiro, arriving there about the middle of December, and John Feder, whose name is mentioned in the Rio Janeiro dispatches, was one of the men whose names were revealed here as implicated in the conspiracy.

The alleged plot is supposed to have some rather startling ramifications, but the evidence along this line is so inconclusive and rests chiefly upon the statement of an individual whose record was subsequently proved to be anything but creditable. Consequently the whole affair is regarded with much skepticism, and indeed the presumption has been raised that it may have been a deliberately concocted scare.

HENEY NEARING CLIMAX

Government Witnesses Tell of Land Stealing by Settlers.

Portland, Jan. 21.—With testimony strong and apparently conclusive, the government yesterday by several witnesses in the Hall-Mays conspiracy trial exposed the bold and law defying operations of the Butte Creek Land, Livestock & Lumber company, and disclosed to the jury how during the years 1900 and 1901 this company acquired fraudulently a considerable area of public land. By the same evidence it was shown how this land grabbing corporation by the acquisition of these lands was enabled to complete the enclosure of a still larger area of government land to which other settlers were denied access for grazing purposes.

Heny, for the prosecution, made considerable progress in establishing the existence of a conspiracy among the members of the Butte Creek company and he said last night that the government's case would be supported still further as to the alleged conspiracy by the introduction of more testimony of the same character as that presented yesterday. When this has been done, Heney will begin the next step outlined by the prosecution and will seek positively to connect Hall and Mays with the conspiracy that will have been proved against the officers of the Butte Creek company.

STORM CITY HALL.

Six Thousand Unemployed in Seattle Make Demonstration.

Seattle, Jan. 21.—The unemployed laborer's long talked of demonstration was made yesterday. Marched by leaders of the Industrial Workers of the World, an organization which includes the unemployed in its membership, about 6,000 men marched up First avenue for several blocks and then debouched to the city hall, where a call was made for the mayor.

The mayor submitted a letter a short time later in which he replied to the demands by saying that the county commissioners have devoted \$5,000 to feeding and sheltering the unemployed, that all public works provided for by appropriation are now under way and that to do away with the chain gang it will be necessary for the council to strike the ordinance from the books.

Several Arrests in Brazil.

Rio Janeiro, Jan. 21.—Several arrests have been made in connection with the alleged plot to destroy part of the American fleet. The band which is supposed to have organized the plot is presumably composed of five Italians. One Canadian and two Germans have been arrested here, and it is believed that the other members of the band have been taken into custody. The members of the band counted on the assistance of a Spaniard named B. C. C. who has lived in this city for a long time.

They Were Invited.

Ottawa, Ont., Jan. 21.—The report of W. L. Mackenzie King, the royal commissioner appointed to inquire into the influx of Oriental labor into Canada, establishes that the Japanese government has been observing the agreement to restrict immigration, and that the departure of the Japanese Foreign office was made only at the request of the Canadian Nippon Steamship company, backed by the Canadian Pacific railway and other influential Canadian interests, which represented at Tokio that Japanese labor was needed.

Bank Commissioners Sued.

San Francisco, Jan. 21.—Henry B. Ross today began suit against the present and former boards of state bank commissioners to recover \$16,374.53, which he deposited with the California Safe Deposit & Trust company on the strength, he alleged, of favorable reports regarding the condition of that institution, issued by the commissioners. He said that he made a deposit of \$10,000 in the bank only two days before its doors were closed.

\$15,000,000 More Retired.

New York, Jan. 21.—Large blocks of clearing house loan checks, amounting to about \$15,000,000, were retired yesterday, and the amount outstanding now is in the neighborhood of \$20,000,000.

REFE FORFEITS IMMUNITY.

District Attorney Langdon Says Negotiations Are Over.

San Francisco, Jan. 20.—It was announced late Saturday night that the graft prosecution has determined to discontinue all negotiations with Abraham Ruef, the central figure in the graft cases, in the matter of granting him immunity. It was further stated that today the prosecution would demand that Ruef be put on trial before Judge Dunne on one of the many charges of bribery for which he has been indicted. This determination of the prosecution came at the end of several days' fruitless negotiations with Ruef. It is said that some time ago the prosecution promised Ruef partial immunity in consideration of his taking the witness stand and truthfully testifying in full to all his transactions with public service corporation officials to be tried on the charge of bribery.

When the District Court of Appeals rendered its decision declaring void the indictments for extortion against Mayor Schmitz, to which Ruef had already pleaded guilty, it is charged that Ruef, realizing that the decision placed him in an advantageous position, decided to accept full immunity. This the prosecution would not consent to grant, and there followed a series of conferences in which Ruef endeavored to secure better terms.

RUSSIAN FOLLOWS FLEET.

Naval Officer of the Czar Watching Every Movement.

St. Petersburg, Jan. 20.—The importance attached by the Russian admiralty to the lessons to be learned from the voyage of the American battle-ship fleet under Rear Admiral Evans is shown by the fact that the naval officer, Commander Alexis Diatchkoff, is following the fleet around the Horn, traveling from port to port by any means he can obtain. He adopted this course only after his repeated requests for permission to join the ships had been refused.

It is reported here that Diatchkoff succeeded in getting on board one of the American warships at Rio Janeiro, and the entire incident of this officer's activities had been a source of some friction between the Russian foreign minister here and the admiralty. When Baron Rosen, the Russian ambassador to the United States, was instructed to ask for a permit for Diatchkoff to join Admiral Evans, he declined on the grounds that he knew his request would be unfavorably received at Washington. Thereupon the Russian admiralty, after further correspondence with the Foreign office, instructed Diatchkoff to apply personally to Secretary Metcalf. This the officer did, but in vain. He was therefore ordered to follow the fleet as closely as he could, making use of private steamers.

PROGRESS IS SLOW.

Hall-Mays Trial at Portland May Take Weeks to End.

Portland, Jan. 20.—Neither Prosecutor Heney nor the lawyers for the defendants will hazard a prediction as to the time that will be required to conclude the Hall-Mays conspiracy trial. One week already has been consumed and the government has scarcely made a beginning, only one of its many important witnesses having been examined. More than 70 witnesses for the government are in the city, summoned to testify against one or more of the 12 defendants named in the indictment, but since the prosecution has decided to try only Hall and Mays at this time, Mr. Heney says he may not call all of the government's witnesses.

In this way the trial may be shortened somewhat, but if all of the witnesses take the stand, the case will drag along for weeks. There is little doubt that between two and three weeks more at the least will be required to complete the introduction of testimony and submit the case to the jury. Thus far the testimony has not been damaging to Hall or Mays.

Freight Cars Standing Idle.

Salt Lake City, Jan. 20.—One year ago this city was threatened with a coal famine because the railroads lacked cars to haul the fuel. Today, according to the Tribune, 500 freight cars are standing idle in the yards of the Oregon Short Line. Freight cars to the number of 1,500 have been retired from service on the Harriman lines within the last 40 days, making a decrease of 10 per cent in the active car equipment of the system. Twenty locomotives stand in the roundhouses cold.

Harvester Trust is Fined.

Topeka, Kan., Jan. 20.—Judge Dams, in the Shawnee County district court, here today, assessed a fine of \$12,600 against the International Harvester company, which the court found guilty on 43 counts of violating the Kansas anti-trust law. The maximum fine is \$1,000 a count, and the minimum \$100. The criminal suit was filed a year ago by Attorney General Coleman, who contended that the harvester company was being operated in Kansas in violation of the anti-trust laws. An appeal will be taken.

Fatal Wreck on Seaboard Line.

Raleigh, N. C., Jan. 20.—As the result of a head-on collision at Cameron, 55 miles south of Raleigh, between a Seaboard Air Line freight and north bound fast passenger train, early today, two men were killed and 20 injured, none seriously. Engineer E. H. Vaughan and a negro fireman, both of the passenger train, were killed. The collision is attributed to trouble with the air brakes on the freight train and to complicated train orders.

Judge Receives Explosive.

Cleveland, Jan. 20.—Judge George S. Adams of the juvenile court, today received in his mail a stick of what appears to be dynamite or solidified nitro glycerine, six inches in length. There was no mechanism to detonate the explosive. Judge Adams opened the tube in the court room, without having an idea of its contents.
