There are other farms close to town which we would like to see cut up into small lots and sold to people who would make homes on them. The land is well adapted to small farming, and its price and proximity to marketing facilities, make it particularly desirable for the person who wants to engage in fruit or vegetable raising in a small but intensified way.

The Springwater grange No. 263 met and had an interesting meeting and program last Saturday. It was resolved, that there should be a committee of condolence appointed in regard to the death of Mrs. Mary Woodruff.

Your committee would respectfully give the following report:

That the deceased was an honorable member of Springwater grange No. 263, and through the sympathy that this grange has for the bereaved relatives, that the chapter of this grange be draped in mourning for thirty days; and also, your committee feels how weak and fruitless must be any words of ours which should attempt to beguile you from the grief of a loss so overwhelming, and may the Heavenly Father assuage your bereavement and you only cherish the memory of the loved mother and wife.
