

PERUNA EDITORIAL NO. I.

Dr. Hartman is now offering Peruna to the public as a regular pharmaceutical product. It is just as ethical as any compound put up for the medical profession. No straining of medical ethics can find any fault with it. THE PRINCIPAL ACTIVE INGREDIENTS are prominently incorporated in the label on the bottle, that the people may know that the claims made for Peruna have a true justification.

The only departure we shall make from medical ethics in the conduct of Peruna affairs in the future, is the fact that we shall continue to advertise and sell our product TO THE PEOPLE.

If we would agree to sell to doctors only, to advertise for doctors only, then the medical fraternity would be obliged to recognize Peruna as being entirely within their approval.

BUT WE SHALL NOT DO THIS.

We shall continue to offer Peruna to the people. We shall continue to convey to the people our claims for Peruna as a household remedy. We shall continue to supply the people with free literature, teaching them how to use our medicine, teaching them how to avoid disease, teaching them many things of benefit to the home. We shall continue to do this, whether the medical profession like it or not.

We are proposing for this time on to take the public into our confidence. Notwithstanding that some imitators and substitutes will be attempting to put up something which they consider just as good as Peruna, we are going to draw aside the veil of secrecy and allow any one who chooses to know exactly OF WHAT PERUNA IS COMPOSED.

This ought to disarm all honest criticism. We expect, however, that criticism will continue. On some pretext or other those who are envious of the success of Peruna will continue to find fault. But we are determined to give such people no just complaint. PERUNA IS A GREAT MEDICINE.

It has become a household word in millions of homes. Our faith in the remedy is stronger than ever. Every year we expect to establish new plants in foreign lands until the people of all the world are supplied with this valuable household remedy.

WE CLAIM PERUNA TO BE A CATARRH REMEDY. Buy a bottle and try it. If it helps you, be honest and acknowledge that it has helped you.

If you want us to we will publish your statement exactly as you furnish it to us. We will add no words, take away no words. If you wish us to we will publish your portrait in connection with it. We will not do this without your written request, without your entire consent.

Peruna has cured thousands of people of chronic catarrh, in many phases and locations. At least, that is what the people say to us, through unsolicited testimonials. Peruna will cure many thousand more, in spite of fabricated slanders to the contrary.

WE GUARANTEE EVERY BOTTLE OF PERUNA TO CONTAIN THE INGREDIENTS PRINTED ON THE LABEL.

We guarantee that every testimonial we use is absolutely true—in the exact language of the testifier.

We guarantee that every photograph published is the photograph of the person whose name it bears, that every word of every testimonial was authorized by the hand that signed it.

We are determined to beat our opponents by being fairer than they are, by dealing squarer than they dare to. We are determined to meet falsehood with truth, duplicity with candor, insincerity with sincerity.

We know that the users of Peruna will appreciate our stand. We believe that the dealers in Peruna will applaud our course. We expect even our opponents will be obliged to acknowledge finally that Peruna is not only an honest and useful remedy, but one of the GREATEST HOUSEHOLD MEDICINES ON THE CONTINENT.

Bad Talk. Mrs. Hiram Offen, sternly, "This sort of thing won't do. There wouldn't be any work done in this house at all if I didn't keep after you and tell you what to do."

"Shure, ma'am, it might be worse," replied Bridget. "I might refuse to do what ye tell me."

Membership Limited. "Your husband spends all his evenings at home? Isn't he a member of any lodge?"

"O, yes; he belongs to the Order of Thorougly Reconstructed Husbands, but so far as I know he's the only member there is."

Remarkable. "She's the most remarkable elderly woman I ever saw."

"Doesn't show her age?"

"Not that. Doesn't seem to regret it."—Louisville Courier-Journal.

RICH NEVADA STRIKE

Assays Over Six Hundred Dollars to the Ton.

HUNDREDS STAMPEDE TO SCENE

Appearances Indicate Greatest Strike Ever Made in State—Ore Seems Unlimited.

Reno, Nev., Feb. 18.—At the 50-foot level of the lease of John Kearns, on Balloon mountain, at Rawhide, today, Tom Kearns set off a shot that uncovered a breast of ore literally alive with gold and assaying clear across the six-foot opening more than \$600 per ton in gold and silver, making it by far the largest gold discovery in the history of Nevada, if not in the world.

The strike is only a short distance from the estate of the Balloon Hill company's property which sold last week for \$600,000. Not since the discovery of Tonopah has the excitement been so intense in Reno. Tonight more than 200 residents of this city, many of them business men and others clerks, left for the scene. This rush has been going on for the past ten days on reports of strikes from the camp, but the confirmed story of the Kearns strike this afternoon has added to the excitement.

The population since last week has grown to 6,000 and is being added to as rapidly as conveyances can carry fortune seekers to the camp. The ore to all appearances is in place. The vein forms a contact between the main back-bone of Balloon Hill and joins the country rock to the west, which is altered porphyry. The gangue is in a moderately solidified kaolinized rhyolite carrying about \$3 in gold to \$1 in silver.

WAR FEVER IN RUSSIA.

Rushing Troops to Frontier to Fight Turkey

St. Petersburg, Feb. 18.—The alarmist reports of the possibility of hostilities between Russia and Turkey, which have permeated all strata of Russian society, have assumed the proportions of a veritable war scare, to which the sensational press is devoting its biggest headlines.

The situation is taken seriously, not only in military circles, but also by conservative politicians. M. Gutchkoff, leader of the majority in the duma, announced his intention tonight of raising at the next meeting of the committee of national defense the question of the nation's readiness for war. This, he believes, is of the most vital importance in view of the news from the Caucasus and all parts of Europe. He also proposes to interpellate the minister of communications on the ability of the railroads to transport troops quickly to the frontiers.

SWEDEN FEARS RUSSIA.

Strained Relations Over Coaling Station May Bring War.

Stockholm, Feb. 18.—The relations between Sweden and Russia are decidedly strained at present. The tension has arisen because Russia insists upon being released from the agreement made when Sweden surrendered Finland, that no naval stations or fortifications should be established on the Finnish shores adjacent to Sweden. The pact taken by Russia in the Norwegian integrity treaty and her present attitude on the Baltic "closed sea question" also have greatly irritated Sweden.

War is feared in Sweden, because Russia for some time past has been preparing to establish a naval station on the western shores of Aland island, which is 25 miles from the Swedish coast and only a few hours by steamer from Stockholm.

Continued Over Objection.

San Francisco, Feb. 18.—The trolley bribery cases of Callahan, Mullaly, Ford, Abbott and Schmitz were continuing today by Judge Lawlor for one week over the objection of Attorney A. A. Moore, who declared that all the United railroad officials were ready for immediate trial. All the cases against Roof except the one which is now set for trial were also continued after an objection was entered by Attorney Henry Aehl on the Aehl ground that Roof had never been arraigned or received a copy of the indictment.

Prosecutors in Conference.

Los Angeles, Feb. 18.—Following the report of impending Federal and state prosecution of the railroads of California upon charges of violation of the law, H. E. Duncan, special agent of the Department of Justice at Washington, was today in consultation with United States District Attorney Oscar Lawler. Members of the State Railroad commission and Assistant Attorney General Raymond Benjamin arrived today for the purpose, it is said, of examining the books of the Santa Fe and Salt Lake Railroad companies.

Canada Will Stand by Japs

Ottawa, Ont., Feb. 18.—The Japanese consul was inquiring at the department today as to the truth of a report from Vancouver about the arrest of two Japanese under the Natal act. The Justice department has no information but its officers have instructions to test every case by habeas corpus or otherwise, so as to permit the Japanese to land. As soon as the official copy of the Natal act has been received here, it will be disallowed.

Standard Declares Dividend.

New York, Feb. 18.—The directors of the Standard Oil company declared a quarterly dividend of \$15 per share. The same amount was paid in the corresponding quarter last year. Standard Oil is an unlisted stock. The amount of stock outstanding is \$100,000,000.

Podagrace.
"Well," said the statistical board, leaning back in his chair, "we have at this meal the representatives of two widely separated generations."

"How is that?" asked the inquisitive boarder.

"The hen we have been trying to eat was in all probability the great-grandmother of this omelet."—Chicago Tribune.

Husky Ushers.
The church was packed, even the aisles lined with chairs. Just before the benediction the thoughtful clergyman, who loved order as he did the Gospel, thus admonished his hearers: "In passing out, please remain seated until the ushers have removed the chairs from the aisles."—Lippincott's.

BORAX IN THE DAIRY

A Matter of Profitable Interest to the Farmer and Dairyman

The problem of keeping sweet all the utensils used in connection with milk and cream selling, and but r making, has been a serious one with the farmer. He has come to realize fully that the slightest taint or hint of staling left in a can, tin or churn may ruin a whole output; that the taint which is left in the form of bacteria which grow and multiply in milk or butter, producing disastrous results.

The farmer has learned that hot water won't rinse away the greasy residue in dairy utensils. He has learned that soap leaves a residue of its own which is, if anything, worse than the milk or cream residue, and it is little wonder that there has been a constant clamor for a dairy cleaner and sweetener that will meet modern requirements.

A few of the largest creamery establishments have called experts into consultation on this problem and have with this scientific aid hit upon a product of nature which exactly fills the bill—borax.

Scientists have long known borax as a cleanser, a sweetener and an antiseptic destroyer of bacteria and germ growth. Destroyers all that is harmful and promotes and preserves freshness, sweetness and purity, relieving the dairyman and dairy housewife of drudgery and of needless work and worry.

Its cheapness and value should give it first place in the necessities of every dairy. The cow's udder is kept in a clean, healthy and smooth condition by washing it with borax and water, a tablespoonful of borax to two quarts of water. This prevents roughness and soreness or cracked teats, which make milking time a dread to the cow and a worry to the milker.

The modern cleaner of all dairy utensils consists of one tablespoonful of borax to every quart of water needed. Remember—a tablespoonful equals four teaspoonfuls.

Be sure that you get pure borax. To be sure, you must get "20 Mule Team Borax."

All dealers. A dairy book in colors, called "Jingle Book," sent free to any Mother sending name and address of her baby, and tops from two pound cartons of "20 Mule Team" Package Borax, with 5c in stamps.

RHEUMATISM CAN NOT BE RUBBED AWAY

It is perfectly natural to rub the spot that hurts, and when the muscles, nerves, joints and bones are throbbing and twitching with the pain of Rheumatism the sufferer is apt to turn to the liniment bottle, or some other external application, in an effort to get relief from the disease, by producing counter-irritation on the flesh. Such treatment will quiet the pain temporarily, but can have no direct curative effect on the real disease because it does not reach the blood, where the cause is located. Rheumatism is more than skin deep—it is rooted and grounded in the blood and can only be reached by constitutional treatment—IT CANNOT BE RUBBED AWAY. Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold or dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nerves, causing inflammation and swelling and such terrible pains that the nervous system is often shattered, the health undermined, and perhaps the patient becomes deformed and crippled for life. S. S. S. thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. It warms and invigorates the blood so that instead of a weak, sour stream, constantly depositing acid and corrosive matter in the muscles, nerves, joints and bones, the body is fed and nourished by rich, health-sustaining blood which completely and permanently cures Rheumatism. S. S. S. is composed of both purifying and tonic properties—just what is needed in every case of Rheumatism. It contains no potash, alkali or other mineral ingredient, but is made entirely of purifying, healing extracts and juices of roots, herbs and barks. If you are suffering from Rheumatism do not waste valuable time trying to rub a blood disease away, but begin the use of S. S. S. and write us about your case and our physicians will give you any information or advice desired free of charge and will send our special treatise on Rheumatism.
