Rock Crusher Stops

The railroad company's big rock crusher at Cazadero was closed up last Saturday. J. S. The company sold most of its crushed rock to Portland for street improvement, but since the city is not asking for more rock the demand for it is light.

EAGLE CREEK

Eagle Creek has its amateur Dramatic Club and all that, but it remained for its school children to show us a real delightful evening's entertainment. This they did Saturday night, and they were well received by a large and appreciative audience. The songs, dialogues, etc were followed by a basket social. The bidding was lively, and the scene caused one to stop and wonder if he were not on the floor of the stock exchange instead of in Wilbern's hall, Eagle Creek. Do Not Crowd the Season

The first warm days of Spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Cold at this season are even more dangerous than in midwinter, as there is much more dangerous of pneumonia. Take Chamberlain's cough remedy however and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take Children like it. For sale at Estacada drug store.
