There seems to be no doubt but that F. M. Gill will be one of the successful ones to secure the nomination for state representative from Clackamas county. Should Mr. Gill be successful in the campaign the people, the farmers and laboring men especially, will have someone in the next state legislature who will always be on hand to work for their interests. He is in close touch with the wants of the common people in regards to proposed legislation which would be for the benefit of the whole state. Eastern Clackamas has just as good material for legislative honors and county officers as any other part of the county has. The very best the country has every produced came from the farm, and there is still good material to be had from the country districts. Mr. Gill would be a worker for everthing that would be for the up-building of the State of Oregon, and for Clackamas county in particular. Since Mr. Paulson's days as a representative, and many years before that, this portion of Clackamas has not been recognized with official honors being heaped upon any of its people. We believe that the county and state's best interests will be promoted by Mr. Gill's success at the polls.

The town council transacted business Tuesday evening. The second reading of ordinances was listened to, and bids for extending the water sytem were opened. Joseph Nicholson's bid was for 25c a foot, and that of L. C. Posson's was for 28c a foot. The bids were referred to the water committee. The bond question was chewed up and digested, and on motion the mayor was instructed to confer with the holder of the bonds, in regard to the interest due and unpaid. L. C. Posson was appointed to fill the vacancy on the board caused by the resignation of W. A. Jones. The board meets again in two weeks.

The next assessor of Clackamas county should be W. H. Holder of Garfield. The other three candidates for the office live in Oregon City, and the present holder of the office has had it two terms Mr. Holder will give an honest, impartial administration of the assessor's office should he be elected. What will elect him is a solid vote in his home precinct. Turn out and cast your ballot for an East end man.

The debt incurred by the City of Estacada in purchasing the water system was made in good faith by both parties, but the city seems to be up against it in not having the funds with which to pay the interest on the bonds, and the holder is about to bring action to force payment.

SPRINGWATER

Died, in Oregon City, Apr. 7th, Mrs. Mazelle Mulkey Shibley, of that dred desease, consumption. Mrs. Shibley was a consistent Christian, a dutiful daughter, a kind friend and a loving companion. She leaves a husband, parents, a sister and two brothers to mourn her departure. She was an honored membef of Springwater grange. The body was taken to Myrtle Creek for burial.

Calm on the bosom of thy God
Dear Mazell rests. Care while with
ours thy footsteps trod. His seal
was on thy brow. Where no farewell tears are shed, Spirit to its
place on high, They that knew thee
before death, no more may fear to
die.

On April 11 Springwater grange 263 had a very interesting meeting; three names were handed in as prospective members. Several important measures were talked over, and Statment No. 1 was indorsed. Single tax, and $125,000 appropriation for the university were n. g.

A. M. Shibley was appointed to draft a plan of co-operation to present to the state grange.

The Springwater school is getting along nicely under charge of Miss Grace and Miss Shibley. I heard the program last Friday, and it was quite interesting; and in the mock trial the particpants acquited themselves much like a real court.

Candidates Address the People

For some reason not a very large crowd came out to hear the speaking in Oddfellow hall, Friday evening. It appears that the people have read so much on the election issues that their minds had already been made up on the matter. James U. Campbell called for order, at about 9, and on a motion Will Cary was made chairman. The speakers who took the floor were: Holeman for coroner; Nelson and Holder for assessor; Judd for commissioner, and Dimick, Dye, Olds, Gill and Campbell for representative. C. E. Ramsby, who is running for re-election for recorder, made a few brief remarks. The speakers each gave their reasons why they were candidates for office, and outlined the work they would do if they were nominated and elected. It was 11:30 when the meeting adjourned and long before that many had grown weary and left.

Statement No. 1

(Continued from the Supplement)

past, are loudly opposed to Statement No 1. There is not a corporation in the State of Oregon nor a franchise holder, norany of the special privilege class, but what are opposed to Statement No. 1 and want to go back to the good old days of 1895 the hold up time of 1897 and the election of 1901. The politician sees that his opportunity to gratify greed and selfishness is out of his reach when the election of the U. S. Senator is left to the public. It destroys the opportunity which comes from the corruption of the 90 members of the legislature, with their chances for political trades, patronage and appropriations, as against the 100000 votes in the state of Oregon.

Why is it, I inquire, that the Standard Oil Company, the Missouri Pacific Railway company and these other great lines of transportation, that reach thru the different states, always lineup directly against the Primary law and popular election of U. S. senators? If Statement No. and its methods and system and purposes are all wrong, why is it that such senators as Chauncy Depew, Baily of Texas, Aldrich who represents the special intergsts on the floor of the U. S. senate, and Steve Elkins who represents the Morgan and coal baron interests in the senate of the U. S. are always opposed to popular election by the individual voters of the U. S. This of itself conclusively shows that the special, moneyed and aristocratic class interests of the U. S. including the corporations of Portland, and elsewhere in the state are linedup to a man against the popular election of U. S. senator. Such being the case is it not wise for the common people of the state and the thinking people to conclude from this that it is their duty to take the opposite course ahd support with all their power the system represented by Statement No. 1.

It is claimed that this destroys party organization and that a Democeat might be elected U. S. senator. This is not any answer nor argument against Statement No. 1. The theory of our government is that the people shall rule and are masters and have sovereign power. If in a state like Oregon that has safely from 25000 to 35000 majority republican, the Republicans go to the ballot box and vote for a democrat he ought to be elected and given the office on the principle that the majority should rule.

Is it not a fact that all the corruption by legislatures in the way of special privileges has taken place under the old system? If such is a fact, then why not hit a blow at the old system by letting the people elect their own senator to the U. senate and make him directly reaponsible to the people instead of to two or 3 banks, fish cannery men, railroads and the Standard Oil company, who as a whole, directly or indirectly, alway have and always will under the old system control a majority of the legislature.

Is it not a fact that the granting of special privileges, high tariff, and franchises for the few, that has been causing so much agitation and discussion throughout the United States are largely the result of the old system of government in existance in the different states of the Union? Is it not a fact and is it not human nature for a man no matter how honest he wishes to be, who wants to go to the Senate of the United States, and who has as he advances, to more or less prostitute and subserve the large corporations and the machine in order to achieve his ambitions. The reason why he has to do this is simply because in every state of the Union these large corporations control, either directly or indirectly, either the State organization of the dominant party or a sufficent number of the members of the legislature to be able to elect or defeat any person who will not bow and bend to their wishes and act along what they call conservative lines, but what in reality is to do the bidding of this great interest the same as Aldridge, Elkins, Tom Carter, Bailey of Texas of Standard Oil fame, and many others have been compelled to do in order to maintain their seats. Therefore what other remedy is there to protect the people except for the people to retain the power that they now have in the State of Oregon under Statement No. 1 and elect at the ballot box the man that they want to represent them in the senate of the U. S. and thereby hold him responsible to the public and not make him feel that he is resposible not to the people but to 46 members of the legislative assembly of Oregon which has largely been set up and placed in power by the combination of corporate interests. The real truth is, that every officer, if we want good government from the president down to constable, should be elected at the ballot box by popular vote of the people. This is the remedy in my humble opinion and judgement.

Respectfully Submitted,
GEO. C. BROWNELL

George W. Dixon

Republican Candidate for Representative

The People's Champion Against Single Tax

1st Statement No. 1
2nd Equality of Taxation
3d Depositors' Security

Faithful to his party and true to his trust. Vote for him.

Mr. Dixon will introduce a law guaranteeing the people's money deposited in banks. The banks demand security before letting money out of bank and Mr. Dixon will demand security for the depositors before putting their money into the bank. He will introduce a law allowing each road district to elect its own supervisor, so that each district may get the full benefit of all money raised by tax payers for road purposes. Mr. Dixon has led the fight in Oregon against the single taxers, and if nominated will make speeches over the state against this unjust measure that seeks to exempt all manufacturing plants from taxation and put the taxes on the farmers and landowners. He'll support better schools, better roads and a square deal for every man, whether he be rich or poor. "Honesty, Economy and a Squar Deal" is Mr. Dixon's motto. Certain candidates who see defeat staring them in the face are stooping to unfair methods to try to injure Mr. Dixon but they are only making votes for him. They are very sore because Dixon wrecked their dinky machine that was trying to tear down Statement No. 1. in Clackamas county. A vote for Dixon is a vote for a square deal.

For Joint Representative

I beg to announce myself as a candidate for the nomination for representative in the 17th district, subject to the decision of the Republican voters of Clackamas and Multnomah counties at the primary election on April 17.

If I am nominated and elected I will, during my term of office, support a sane, business-like administration of public affairs. I will oppose graft, humbug and demagogism, and will work industriously for the people of my district. I will do my duty as I see it and will not take dictation from any man or set of men. I will vote for the Republican voters' choice for United States Senator.

A Womer Tells How to Relieve Rheaumatic Pains

I have been a very great sufferer from the dreadful desease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlaid's pain balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Mary A. Cole, 140 S. New St. Dover, Del. Chamberlain's pain balm is a liniment, The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. Sold at the Estacada drug store.
