Gov. Chamberlain is a typical democrat—he is in favor of the "people's choice" for United States senator, but the "people's choice" must be a democrat.

Wm. Dale has been appointed a member of county democratic central committee, and he attended a meeting of that body in Oregon City Monday. A meeting of the Democratic nominees took place also on the same day.

If the railroad company is not going to have anything done in the park this Spring, we believe the town ought to hire a man for a couple weeks to clean the park and place the seats around, repair the tables, and burn the rubbish. If the place is to be used as a Sunday and Holiday resort it should be cleaned at least once a year.

Messrs. Scheubel, Read and Eaton who are out working in the interest of better educational facilities for the county are doing good, and are awakening the people to the fact that better education is more or less neglected in some parts of the county. These gentlemen are working on their own account, and because they realize that the district school system can be improved.

In a walk around town it is quite noticeable that many residents and property owners are giving much more attention to improving the appearance of their homes this spring than they have heretofore. A clean and well-kept lawn and yard not only adds to the appearance of your own place, but helps the whole city. Quite a number property owners have been cultivating and beautifying their residence yards, and the effects are great, and will become greater year by year. A little paint, an attractive fence, and a clean and wholesome looking yard, help to make a home—and the homes make the town. Everyone who has a yard about his home should make it attractive as possible.

What constitutes a town? What makes a town? Why, the people who live within the place make it; they constitute it. The individuals are responsible for the communities. And it is the individual who has a good or bad word to say for the place in which he lives that has an influence in making his home town

Working on the New Bridge at Estacada

Messrs. Reed & Olds begun work on the new high bridge the first of the week. A great deal of the material for the bridge has been delivered, and the concrete piers are being constructed. The bridge is to be on the same site as the old one, but is to be two feet lower. It will be necessary during the building to close the old bridge to travel for a while. The approach on the north side will be so built that the grade will not be as steep as it now is, and on the west side a side grade running down the river will be made which will be an improvement over the present grade.

what it is. What is said of your neighbor or townsman has the same effect or influence as that which is said of the town, or whole community. Everyone must be regarded as a part of the whole, and what is injurious or beneficial for one affects the rest in a less or greater proportion. If it were possible for each and everyone to realize that when we make derogatory remarks about anyone else we are not only injuring the person spoken of, but ourselves as well, and the community in general, there would be less said which is calculated to cast reflections on others. The same principal applies to business life and transactions. Use your influence for good; for the advancement of all, and you will then be of great good to the place in which you live, and the town will soon become as the individual—better in every possible way. Think it over.

SPRINGWATER

A fine rain. Everything growing, and strawberries getting ripe, and now we'll have fresh berries until November. Next to strawberries come the raspberries, then Loganberries and then blackberries, and then again the ad crop of strawberries and evergreen berries. What country can beat it? Fresh berries from May till Nov.

W. J. Lewellen and Wm. Bard attended the state Sunday School convention at Forest Grove as delegates from Springwater. They report a fine time.

Born to Mr. and Mrs. Henry Cromer, a fine 9 pound girl, and Henry has a smile all over his face, and he steps very high.

And a nice little daughter was born to Mr. and Mrs. Ralph Tracy of Logan.

"The Face at the Window" was played last Friday night at Logan by the Springwater Dramatic Club.

Ruby Wagner Yocum

Death has again visited our city and has taken away one of our estimable, young ladies, a bride of but little more than a year. Mrs. Ruby Yocum died at about 5 o'clock Sunday morning, May 3. She had not been in good health for some time, but was taken worse last week, and on Friday a baby was born to her. The funeral took place Monday, the 4th, and was conducted by the Centennial Rebekah lodge of which Mrs. Yocum was a member. Rev. M. B. Paroungian preached the sermon at the burial which took place at Mt. Zion cemetery. The deceased was born in Wasco county and was a member of the Methodist Episcopal church. On April 6th, 1907, she was married to Mr. Lloyd Yocum. Besides a husband, there are the parents, Mr. and Mrs. P. M. Wagner, four sisters and five brothers to mourn her death. The baby was laid at rest in a grave beside her mother.

pose of hearing the subject of organizing a system of high school work throughout the county which would be in the control of a central high school board composed of the county commissioners, the superintendent of schools, and the county treasurer, discussed, was not very well attended. Messrs. Scheubel, Read and Eaton were present, but the discussion was delayed in getting started. Prof. Read made a short talk but was compelled to depart on the 9 o'clock car, as also did Mr. Eaton. Atty. Schuebel talked for an hour on the question, and finally the meeting terminated into a general conversation on the subject. The sentiment of the people here is strong against the proposition, and it will not get much support from them on election day. Our people are not against higher education or betterment of the schools, but they deem it unwise to establish central high schools while Oregon has so many institutions of learning which are supported by the people. The proposition, however, is not a bad one and has good features. There should have been a much larger number of people out Monday evening.

Wm. Dale was at the county seat Monday.

Mr. and Mrs. C. A. Looney have a circulating library at their home, and anyone who wishes may have books from it to read.

The county fair this year will be held at Canby. The people of that burg promised \$1,500 in association stock, and a tract of land for a term of ten years.

W. H. Mattoon, of Viola, was in town Monday. Mr. Mattoon is the Republican nominee for county commissioner, and he will be elected by a handsome majority.

J. W. McAnulty, of Oregon City, was a business visitor in town Monday. Mr. McAnulty is acting as deputy assessor, and was here listing property.

Good Words for Chamberlain's Cough Remedy

People everywhere take pleasure in testifying to the good qualities of Chamberlain's cough remedy. Mrs. Edward Phillips of Barclay, Md. writes: "I wish to tell you that I can recommend Chamberlain's cough remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has had a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's cough remedy and was soon as well as ever. This remedy is sold at the Estacada drug store"

Financial Panic Only a Case of Hysteria.

By CHARLES W. MORSE, Financier and "Shipping King."

THE business credit of the country has not been SERIOUSLY impaired. Confidence must be restored through the very men who first took alarm. When the cry of danger was raised the New York bankers ACTED LIKE A DROVE OF SHEEP AT THE SIGHT OF A STRANGE DOG—one jumped the fence, and others followed without stopping to reason out the effect. THE PRESENT SITUATION IS SIMPLY A CASE OF FINANCIAL HYSTERIA, AND WE ALL KNOW THAT HYSTERIC ARE SELDOM FATAL. WHEN THE BANKERS OF THIS CITY REGAIN CONFIDENCE IN THEMSELVES AND MEET THE REASONABLE DEMANDS OF BUSINESS INTERESTS CONFIDENCE WILL AT ONCE BE RESTORED THROUGHOUT THE COUNTRY.

Statistics show that there is PLENTY OF MONEY in the banks to meet all immediate needs of business. The situation is amazing when you take these facts into consideration.

The bankers of New York are ALONE responsible for whatever embarrassment the business men of the city are experiencing. Matters will ease up just as soon as these bankers regain confidence in themselves.

The country banks and money lending institutions in the south and west were NEVER IN A MORE PROSPEROUS CONDITION. On account of this there can be no reason to fear a GENERAL panic. Almost every community large enough to support a bank of its own has enough money to tide over its own enterprises.
