

My Hair Ran Away

Don't have a falling out with your hair. It might leave you! Then what? That would mean thin, scraggly, uneven, rough hair. Keep your hair at home! Fasten it tightly to your scalp! You can easily do it with Ayer's Hair Vigor. It is something more than a simple hair dressing. It is a hair medicine, a hair tonic, a hair food.

The best kind of a testimonial—

Seized Her Opportunity.
He was not a very rapid wooer, and she was getting a bit anxious. Again he called, and they sat together in the parlor, "just those two."

"Oh, bother," she said. "Who can be calling?"

"Say you're out," said the deceiver.

"Oh, no; that would be untrue," murmured the ingenious one.

"Then say you're engaged," he urged.

"Oh, may I, Charlie?" she cried, as she threw himself in his arms.

And the man kept on knocking at the front door.—Illustrated Bits.

Classifying Him.
The pimply faced youth had thrown a pop bottle at the umpire. A policeman grabbed him by the collar, jerked him to his feet, and removed his hat.

Then he took a tape line from his pocket and measured the fellow's head.

"Size 6," he said. "That lets you off this time, young man. But don't do it again, or back you go to the ' asylum for the feeble minded."

More pop bottles were thrown from that particular section of the bleachers during that hot game.—Chicago Tribune.

Bottled Down.
"Tired of hearing my 'sugary words,' are you, Pulsatilla Corkins?" howled the indignant Orlando. "Perhaps you will be kind enough to tell me, Miss Corkins, what a 'sugary word' is! What is it made of?"

"It is made, Mr. Spoonmore," answered the fair Pulsatilla, "of verbum sap."

Without another word of any description Orlando Spoonmore grabbed his hat and groped his way out into the darkness night. The blow had crushed him.—Chicago Tribune.

One of the Essentials

of the happy homes of to-day is a vast fund of information as to the best methods of promoting health and happiness and right living and knowledge of the world's best products.

Products of actual excellence and reasonable claims truthfully presented and which have attained to world-wide acceptance through the approval of the Well-Informed of the World; not of individuals only, but of the many who have the happy faculty of selecting and obtaining the best of the world's affairs.

One of the products of that class, of known component parts, an Ethical remedy, approved by physicians and commended by the Well-Informed of the World as a valuable and wholesome family laxative is the well-known Syrup of Figs and Elixir of Senna. To get its beneficial effects always buy the genuine, manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

Libby's Food Products

Libby's Veal Loaf

is made of the best selected meat, scientifically prepared and evenly baked by damp heat in Libby's Great White Kitchen. The natural flavor is all retained. When removed from the tin it's ready to serve.

It can be quickly prepared in a variety of styles and nothing makes a better summer meal.

In the home, at the camp, and for the picnic Libby's Veal Loaf is a satisfying dish, full of food value that brings contentment.

Libby, McNeill & Libby, Chicago.

OREGON STATE ITEMS OF INTEREST

OFFICIAL RETURNS.

Largest Plurality for Congressman Ever Recorded.
Salem.—The official returns from the recent election give Chamberlain a plurality of 1,222 over Cook for United States senator. While the official canvass has not been made, Secretary of State Benson has tabulated the figures from the different counties, and the result is definitely known. There are some of the abstracts yet to be corrected by the county clerks before the official canvass can be made. The official returns gave Chamberlain a gain of 100 votes in Crook county, as compared with unofficial reports.

The total number of ballots cast was in the neighborhood of 115,000, the exact number not being reported by all counties. Since there are some voters who do not mark their ballots as to all offices, it is not possible to determine from the number of votes for any office the total number of votes cast. The largest vote was that for senator, which was as follows:

County	Chamberlain	Cook
Baker	44,167	1,881
Benton	65,107	1,062
Clackamas	22,112	2,271
Clatsop	184,877	1,245
Columbia	90,898	722
Cook	1,505	1,386
Coos	83	926
Crook	1,222	1,062
Curry	87	263
Deschutes	1,902	1,392
Gilliam	16,453	448
Grant	49	639
Hartney	13	496
Jefferson	157	1,702
Josephine	57	908
Klamath	57	725
Lane	28	450
Lincoln	126	2,981
Malheur	30	482
Marion	133	1,840
Morrow	54	810
Multnomah	294	3,309
Polk	32	431
Tillamook	128	1,346
Tillamook	128	1,346
Umatilla	125	1,550
Wasco	51	908
Washington	145	1,740
Wheeler	208	1,911
Yamhill	26	590
Total	3,787	50,899

ANOTHER HIGH SCHOOL.

Lincoln County Makes Good Move for Higher Education.
Newport.—Lincoln county marks another step forward by providing a high school for the young men and women who have just graduated from the common schools. The county court has issued an order giving both Newport and Toledo money to establish high school courses immediately, though the question as to where the school will eventually be located was left to popular vote two years hence.

Events have been coming thick and fast the past two months on Yaquina bay. The organization of a commercial club was almost instantly followed by a vote to establish a high school, and at the same time a large influx of capital caused large changes of holdings of property and promoted building in Newport. A \$200,000 of new buildings are under way.

TOMATOES PAY WELL.

Grants Pass Farmers Double Their Acreage.
Grants Pass.—The tomato industry of Rogue River valley has made rapid strides, particularly since the erection of the cannery last year, and the small farmer and berry-raiser have found it profitable to set out idle land with fruit growing crops. This year's acreage will be double that of last year, and it is anticipated that it will increase in like manner for several years, for the reason the cannery has a capacity to take all the growers can produce in the next five years; in fact, it is understood that the company will contract to take that.

The plants do well here when planted in rows five and six feet apart, and thus planted in this manner they will usually produce from 20 to 40 tons an acre, and find ready market at \$10 a ton for canning purposes. The necessary expenses for harvesting and marketing the produce are small. The tomato plant if properly cultivated, will grow from four to five feet high, and cover a proportionate space. Visitors who have looked over the field where the matured plants are laden with fruit, some of which they looked more like trees than vines. During the picking season, which opens in August and extends through November, men, women and children are employed to harvest the crop.

Owing to the soil and rank growth of the plant, many find it necessary to prune the vines after they have bloomed, so as to divert the energy of the tree to the fruit instead of vine and foliage.

All raisers use racks. This keeps the fruit clean, holding the vine off the ground and preventing rot. It is estimated that \$200 can be realized as a net profit upon each acre.

Digging Artesian Wells.

Klamath Falls.—A year ago there were no artesian wells in Wood River valley. Now there are twelve wells, flowing steady streams. The temperature of the water is 37 degrees, and those familiar with the requirements pronounce Wood river section an ideal location for milk condenseries on account of the supply of ice cold water, the grass, and the general health of the stock. At present lack of transportation makes a condensary an impossibility. Many more wells will be dug this summer, pipe having already been shipped from Klamath Falls.

Sue Road for Lack of Cars.

Pendleton.—The first suit filed in Oregon against the Oregon Railway & Navigation company under the provisions of the law passed by the last legislature, giving shippers damages for failure on the part of a railroad to supply cars was filed in the Umatilla county circuit court. The plaintiffs are Martin & Riggs, of Milton. The plaintiffs allege that last fall they lost \$6,310.50 on account of failure to get cars upon ten days' written request.

Cherries by the Ton.

Cove.—It is estimated that, with the new cherry orchards coming in this season, not less than 200 tons of cherries will be shipped from here, and require twice the number of picking and packing crew of last season.

PORTLAND MARKET.

Wheat—Track prices: Club, 88c per bushel; red Russian, 86c; bluestem, 90c; Valley, 88c.

Millicuffs—Bran, \$26 per ton; middlings, \$30.50; shorts, country, \$28.50; country, \$28; wheat and barley chop, \$27.50.

Barley—Feed, \$25 per ton; rolled, \$27.50; \$28.50; brewing, \$26.

Oats—No. 1 white, \$27.50 per ton; gray, \$27.

Hay—Timothy, Willamette Valley, \$17 per ton; Willamette Valley red, \$17; extra, \$15; Eastern Oregon, \$18.50; mixed, \$16; clover, 14; alfalfa, \$12; alfalfa meal, \$20.

Dressed Meats—Hogs, fancy, 8c per pound; ordinary, 7c; large, 6c; veal, extra, \$6; ordinary, \$5; heavy, 5c; mutton, fancy, \$6.00.

Butter—Extras, 25c per pound; fancy 24c; choice, 20c; store, 16c.

Eggs—Oregon, 17c@18c per dozen.

Cheese—Fancy cream, 13c per pound; full cream triplets, 13c; full cream Young Americas, 14c; cream brick, 20c; Swiss block, 18c; limburger, 20c.

Poultry—Mixed chickens, 11c@11c per pound; fancy hens, 12c; roosters, 9c; ducks, 16c@17c; broilers, 16c@17c; geese, 8c@9c; turkeys, alive, 10c@12c for hens, 14c@16c for gobblers; dressed, 17c@19c.

Potatoes—Old Oregon, \$1@1.10 per hundred; new California, 2c@2c per pound.

Fresh Fruits—Oranges, fancy, \$3.25 @3.75; lemons, \$4@4.75; strawberries, 50c@1.25 per crate; grape fruit, \$2.75 @3.25 per box; bananas, 5c@6c per box; cherries, \$1@1.25 per box; gooseberries, 5c per pound; apricots, \$1@1.25 per crate; cantaloupes, \$2.75@3.25; blackberries, \$1@1.25 per crate; peaches, 90c@1 per crate; plums, \$1 per crate.

Onions—California red, \$1.65@1.75 per sack; Bermudas, \$2 per crate; garlic, 15c@20c per bushel.

Hops—1907, prime and choice, 5c@5c per pound; old, 2c@3c per pound.

Wool—Eastern Oregon, average best, 6c@13c per pound, according to shrinkage; Valley, 10c@12c.

Mohair—Choice, 18c@18c per pound.

GRANGE DECLARES ITSELF.

Outlines Plan of Action on Irrigation Question.
Resolutions unanimously adopted by the Oregon State Grange at Eugene, May 14, 1908, upon the following motion:

Moved that the resolutions be adopted as read and referred to the committee on legislation, with power to prepare a bill as outlined therein, submitting the same to the next session of the legislature for adoption, and further, that the chairman of the legislative committee be authorized to invite state or national experts on water right titles, who can be secured to assist the committee in preparing such bill, also one representative from any state organization which may hereafter adopt substantially similar resolutions.

Resolutions.
Whereas, Titles to water are of equal importance to titles to land, and it appears that a water right should be as easily ascertained, as clearly defined, as secure and in all respects as definite as a perfect title to land; and

Whereas, It is apparent that without a definite system of water right titles and adequate protection by the state, our water users are burdened with costly, and apparently unending litigation; our present constructed works are depreciated in value; the United States hesitates to construct irrigation systems; private capital declines to invest; home-seekers go to other states and countries, where the purchase of an irrigated tract is made in the purchase of a lawsuit, and thus our development is seriously retarded; and

Whereas, Our present water laws cannot be found by a study of the statutes of the state, but must be sought for in a long series of decisions by our supreme court, and apparently are so conflicting that our ablest lawyers differ in opinion on the most fundamental points. This law is incomplete and inadequate, and has been, and is, in a state of flux. Disputes are decided by the logic of judges, rather than by statutes of the legislature. Few know what the law is today, none know what it may be tomorrow; now, therefore, be it

Resolved, That it is the sense of the Oregon State Grange that it is the duty of the state of Oregon, at the earliest possible time, to codify and enact a complete, concise, and definite water law, leaving to the courts only the mere interpretation of this law on such occasions as it might be brought into dispute; and be it further

Resolved, That such water law should be based upon the best experience of other states and countries, such as Wyoming, Idaho and Canada, and should include the following fundamental principles:

1. That no water right should become vested except by direct grant from the state.
2. To provide a system whereby the priority and limitations of every existing right to the use of water can be ascertained, and the same recorded in some central office of all water rights as determined, and of new rights as initiated.
3. That actual measurements of ditches and streams be made as a basis for the adjudication of existing rights and the initiation of new rights to the surplus water, if any.
4. That a definite procedure whereby rights to such surplus water may be acquired.
5. That beneficial use should be the basis of all rights to the use of water, and that water for irrigation purposes should be made appurtenant to the land irrigated.
6. That all rights to the use of water for power development should be limited to a period of twenty-five years, subject to renewal under certain restrictions.
7. To provide an efficient administrative system, with proper officers, for the distribution of the water supply among those entitled to its use.

QUERIES BY FARMERS.

Experiment Station Called Upon for Advice on Various Subjects.
From the Washington State College, Pullman.

A correspondent at Cheney writes the following letter to the station:

"I am interested in the subject of bacteria as an agricultural agency, and would like to know if anything is being done by the government along the lines of bacteria research. Is the use of bacteria cultures likely to prove an important factor in the agriculture of the inland Empire? To what extent are farmers using them in the Northwest, and with what efficiency? Please give me some information concerning the new theory of 'soil poisoning' by successive crops."

Gamblers Trapped.

New York, June 17.—Three thousand persons gathered on West Thirty-third street, near Broadway, last night and watched the police make a spectacular raid upon a gambling house supposed to be patronized by guests of several uptown hotels. Patrons of the place, all in evening clothes, endeavored to get away by the rear escape, but were confronted by detectives who had been placed at every possible exit. The managers of the place and the patrons were taken to the police station in patrol wagons. Twelve arrests were made.

Safecrackers Disappointed.

Milton, Or., June 17.—An unsuccessful attempt was made Tuesday night to burglarize the safe at the O. R. & N. depot at this place. Tools secured from a blacksmith shop were used to break the combination knob from the safe. The robbers were either scared away or were unable to get into the safe, but they left it in such a condition that it will require the services of an expert to open it. An O. R. & N. detective is here working on the case, but there seems to be no clew. However, a hobo suspect is being held for investigation.

Peace in Cuba.

Washington, June 17.—Secretary Taft stated yesterday that a report he had received from Governor Magoon describing with great detail the conditions in Cuba is most satisfactory with reference to the turning over of the island to the Cuban authorities in February next, proposed by the president's proclamation. Judging from the report, the secretary is satisfied that the complete transfer of authority will be accomplished without friction.

Hundreds Die in Storm.

Tokio, June 17.—Fifty fishing boats have been wrecked off the coast of Kagoshima and 350 of their crews have been drowned. The governor of the province has requested assistance from the government navy yard at Sasebo.

American Auto's Progress.

Nerzhinsk, Asiatic Russia, June 17.—The American motor car in the New York-to-Paris automobile race, passed through here at 9 o'clock yesterday morning. The German car left at 9:30.

CONVENTION OPENS.

Republican National Assembly Meets With Great Enthusiasm.
Chicago, June 17.—Amid scenes of stirring enthusiasm, the Republican convention of 1908 began its deliberations at noon yesterday in the presence of an assemblage estimated at more than 14,000 people, with the sounds of patriotic airs alternating with frenzied shouts for Roosevelt, Taft and the other popular heroes, the first tonic of the coming struggle from the graceful orator of Michigan, Senator Julius Caesar Burrows, and the initial formalities which started this momentous gathering into motion. The opening session lasted less than two hours, and was less notable for the business accomplished than for the opportunity it afforded of seeing again this stirring picture of the people assembled from every corner of the country to select a candidate for president of the United States. The actual work of the day was quickly accomplished and at night the various important committees on credentials, platform, organization, etc., were preparing for the more important business to come.

FIGHT ON INJUNCTIONS.

Labor Men Offer Radical Plank and Employers Resist.
Chicago, June 17.—After a session of a subcommittee which continued until 12:20 a. m., the subcommittee of 13 of the committee on resolutions of the Republican national convention, to which has been referred the task of preparing the final draft of the platform, deferred until 10 o'clock this morning final action on the anti-injunction plank. The principal struggle centers upon this plank, Senator Long leading the fight for retention of the injunction contained in Wade Ellis' draft platform.

The Taft forces claim to have the advantage in the struggle. They assert that the appointment of a subcommittee of 13 to consider the various controverted planks was a distinct success and point with pride to the fact that Chairman Hopkins had appointed on this committee nine men who favor the injunction plank and four who are opposed to it. The Taft managers predict a favorable result in the full committee and in the convention, but admit that their fight will be desperate.

The opposition, still under the leadership of Speaker Cannon, who directs his forces from his quarters at the Union League Club, is tonight claiming 30 votes to 22 on the full committee and expressing confidence that when the platform goes to the convention, the objectionable plank will be missing.

FOR GOOD ROADS.

Plank Will be Urged Upon Both National Conventions.
Chicago, June 17.—"The gospel of good roads" will be preached to both the Republican and Democratic national conventions. Every influence will be brought to bear to have a "good roads" plank inserted in the platform of each party. This program was decided upon at the first meeting of the national good roads congress yesterday. Secretary Taft was heralded as the champion of the movement. Timothy Woodruff, chairman of the New York delegation, in the course of an address before the gathering, said he would use his influence in promoting the "good roads" plank. He said he was heartily in favor of good roads throughout the United States. Similar expressions were given by others who attended.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligation made by him.

WALDING, KINMAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is a blood internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for Constipation.

"The Quintessence of It."
"The gall of that fellow Stryker."
"What's he done now?"
"Why, you know, he's a chronic borrower, and when I told him I'd have to stop loaning him money now that I had a wife, he went for me hammer and tongs for getting married at his expense."—Boston Transcript.

S.S.S. SKIN DISEASES

CURES

When the blood is pure and healthy, the skin will be soft, smooth, and free from all blemishes and eruptions; but when some acid humor takes root in the circulation, its presence is quickly manifested by some form of skin disease. The skin receives its necessary nourishment and strength from the blood. When, however, this vital fluid becomes a humor-laden stream, it can no longer preserve the healthy, natural appearance of the skin, but by its acid, impure nature continually irritates and inflames the delicate tissues and fibres and keeps the cuticle in a diseased and disfigured condition. External applications cannot reach the blood, and therefore are beneficial only for their ability to reduce inflammation, and assist in keeping the parts clean. To cure any skin trouble the blood must be purified of the humors that are causing the trouble. S. S. S. drives out the humors from the blood so that the skin, instead of being irritated and diseased, is nourished by a healthy, cooling stream. S. S. S. goes down into the circulation and removes every particle of impure matter, all acids and humors, and restores the blood to its normal, pure condition, thereby curing every form of skin disease or affection. Book on skin diseases and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

MULE TEAM BORAX

A heaping teaspoonful to a gallon of hot water will cleanse your face, clean your clothes, earthenware, cutlery and kitchen utensils from dirt and grease leaving neither Limes nor Stains. All dealers. Sample Boxes, Booklet and Doctors' Leaflets free. Stamped ready to use, 10c. Pacific Coast Borax Co., Oakland, Cal.

Hard to Please.
Eminent Statesman—What are the infernal newspapers saying about me now, Chicago?
Private Secretary—They haven't mentioned your name for a month, Senator.
Eminent Statesman—Blank dash the newspapers!

Logical Inference.
Scapetrace Nephew—Uncle Henry, ever since I've known Miss Hope I've been a different man.
Indignant Uncle—Then you must have improved a little, my dear boy!

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy for their children during the teething period.

Logical Supposition.
Little Lloyd—Papa, was George Washington married to England?
Papa—Of course not, my son. Why do you ask such a silly question?
Little Lloyd—This book says England is our mother country, and as George Washington was the father of his country I supposed they were married.—Chicago News.

St. Vitus' Dance and all Nervous Diseases permanently cured by Dr. Allen's Great Nerve Restorer. Send for FREE trial bottle and treatise. Dr. R. H. Allen, Ltd., 231 A. St., Philadelphia, Pa.

THE DAILY EYE EXERCISES remove all eye troubles and afford comfort to every eye. Sold by all druggists. Price 25c. Allen's Eye Exercises, 231 A. St., Philadelphia, Pa.

Try them once and you will never be without them. If not kept by druggists, send for them at once. RAZOR SHAVES, 181 Fifth Ave., Brooklyn, N. Y.

HOTEL MOORE
