

ALL RUN DOWN.

Miss Della Stroebe, who had completely lost her health, found Relief from Per-na on Once.

Read What She Says.

MISS DELLA STROEBE, 710 Richmond St., Appleton, Wis., writes: "For several years I was in a run-down condition, and I could find no relief from doctors and medicines. I could not enjoy my meals, and could not sleep at night. I had heavy, dark circles about the eyes. My friends were most alarmed. I was advised to give Per-na a trial, and to my joy I began to improve with the first bottle. After taking six bottles I felt completely cured. I cannot say too much for Per-na as a medicine for women in a run-down condition."

Per-na Did Wonders.
Mrs. Judge J. F. Boyer, 1221 Sherman Ave., Evanston, Ill., says that she became run down, could neither eat nor sleep well, and lost flesh and spirit. Per-na did wonders for her, and she thanks Per-na for new life and strength.

Uncle Allen.
"I've observed one thing about a foot-race," said Uncle Allen Sparks. "If you've got any money up on the result it always turns out differently from what you think it's going to."

Necessary Formality.
Mrs. Ferguson—George, what do you have to do when you want to draw some money out of a bank?
Mr. Ferguson—You have to put some money in the bank beforehand. That's always been my experience.

Not Quite the Same.
Miss Bates—He told me once that I was quite pretty.
Miss Chellus—Yes, he also told me that you were quite pretty—once—Philadelphia Press.

A great extension of the Siberian railroad is proposed along the River Amur, and it has met with hearty approval on the part of the present ministry. It is likely to be constructed. It will open up 40,000,000 acres of corn land.

His Busy Day.
"Ethel," he whispered, "will you marry me?"
"I don't know, Charles," she replied coyly.

"Well, when you find out," he said, rising, "send me word, will you? I'm going to Mabel Hicks' until 10 o'clock. If I don't hear from you by 10 I'm going to ask her."—Tid-Bits.

In the Literary Workshop.
"Brooks," said Rivers, who had been struggling desperately with an idea for more than half an hour, "give me a rhyme for 'perfunctory'."
"Sorry, old man," answered Brooks; "but there isn't any."
"Dash it!" exclaimed Rivers. Thereupon he proceeded to do it in blankety blank verse.

Gave It Up.
"Uncle Henry, how big a tarpon did you ever catch?"
"Why, Sammy, once I—but how big a tarpon did you ever hear of?"
"Seven feet ten inches is the record."
"I'm not going to try to beat that, Sammy. I have only a few years to live, and I want to go to heaven some day."

A Financier.
Judge—How many times have you been arrested?
Prisoner—Five, sir.
Judge—Then I shall feel it my duty to impose the maximum fine.
Prisoner—But, your honor, isn't it only fair to give a reduced rate to regular customers?—Judge.

Forestry in Korea is to be taken up by the government under new forest laws, said to have been enacted under a co-operative agreement drawn up by Japan and Korea. It is also reported that a school for training Korean foresters has been established.

Premature.
Husband (on overland train)—You mustn't mind it, Maria. If I take several doses of spirits during the day, from now on. It's the only thing that will cut this alkali dust that gets into one's throat.
Wife—You won't have to do it to-day, John. I've been making some inquiries, and I find we don't strike the alkali region for 500 miles yet.

The Wise Man.
"After all, it's a wise man who can change his opinion."
"But the wisest men simply can't do it."
"Why not?"
"Because they've been dead for years."—Catholic Standard and Times.

When the Hair Falls

Then it's time to act! No time to study, to read, to experiment! You want to save your hair, and save it quickly, too! So make up your mind this very minute that if your hair ever comes out you will use Ayer's Hair Vigor. It makes the scalp healthy. The hair stays in. It cannot do anything else. It's nature's way.

The best kind of a testimonial—
"Goid for over sixty years."

EIGHT HIGH RATES

Texas Brings Suit Against Most of Railway Companies.

ALLEGED CONSPIRACY BY ROADS

State Commission Appeals to Interstate Board, Basing Complaint on Valuation of Lines.

Washington, Aug. 11.—The railroad commission of Texas today filed a formal complaint with the Interstate Commerce commission against 67 railroads and other common carriers, alleging a conspiracy on the part of the defendants through the Southwestern Traffic association for the suppression of competition and restraint of trade in the recent action increasing freight rates to common points in Texas. The commission will forward notice of this complaint to all the carriers involved and will give them 15 days to reply, the usual period allowed for answering a complaint being 20 days. The commission will expedite this case as much as possible on account of its widespread importance.

The complaint undertakes to compare the alleged cost of maintenance and operation of the railroads with the actual cost, and the claimed debt which is supposed to justify the increase, with the actual debt. The railroad commission of Texas, it appears, has appraised the cost of construction and operation of the roads as well as the actual debt upon which the rates may be fairly based.

Eight freight schedules, which have recently been filed with the commission, are made the basis of the complaint and all are alleged to have been brought about by an unlawful agreement between the defendant carriers and the Southwestern Traffic association, of which they are members or whose members represent, through power of attorney, those who are not.

It declares that the increased rates will fall primarily upon the commodities of daily necessity; that they will seriously disturb trade relations, causing loss to shippers and the consuming public, and that the increased tax, so far as Texas alone is concerned, will amount to \$2,553,000.

SHIP CHINESE HOME.

Large Party Smuggled Over Mexican Border Sent to China.

San Francisco, Aug. 11.—Eighty-five Chinese for deportation arrived here today and were put aboard the Siberia, which sails tomorrow for the Orient. They were brought here from the Southeast border in a special train by United States Marshals Daniels, of Tucson; Smith, of Albuquerque, and Warden, of the Northern district of Texas.

Nine Chinese from Texas were among the 18 recently discovered in a so-called border town. The immigration agent at El Paso became suspicious of the car and, upon having it opened, found the 18 Chinese. They had provided themselves with a cask of water and food sufficient to last for a week or two. The Chinese arriving today entered Mexico through the port of Salina Cruz, direct from the Orient.

SECOND CLOUDBURST.

Bisbee, Ariz., Again Swept by Down-pour of Water.

Bisbee, Ariz., Aug. 11.—For the second time within a week the Bisbee postoffice was put out of commission today by a cloudburst. At about the same hour in the day as before a heavy rain came up and, when a cloud burst over Mule mountain, tons of rock and dirt slid into the postoffice, piling nearly ten feet high. The office was also flooded with mud and silt.

The general delivery section was destroyed. The stamps and money were saved, being carried to a place of safety as soon as the flood grew threatening. A large force of men with a steam shovel is at work on the debris tonight.

Raise Insurance Rates.

Winnipeg, Man., Aug. 11.—Word was received here this afternoon that the Canadian Fire Underwriters' association today in Toronto considered seriously the situation arising out of the \$3,000,000 losses sustained at the Fernie fire and increased rates were decided upon. Partly for this reason and partly because the association regarded existing rates on grain in elevators in the Western provinces too low, it was decided to increase the rates 33 per cent on that class of insurance.

River Changes Course.

Yuma, Aug. 11.—Captain Charles Hall, Allen Kelly and Charles Meadows, returning from a cruise to the Gulf of California, report the entire map of the coast at the mouth of the Colorado is changed by the river, which has established a new island two miles long north of Montague island. The Port Isabel shipyards are destroyed and nothing of Ometepes bay remains. One-third of the river reaches the gulf by a new channel 40 miles shorter, which separates in six branches.

Main Grove of Big Trees Safe.

Stockton, Cal., Aug. 11.—The big forest fire which has been raging along the south fork of the Stanislaus river for over a week is reported today to have reached the south grove of the famous Calaveras big trees. Reports from the scene of the conflagration are meagre, as telephone lines are out of order. A brief message said today: "The fire is still burning and reached the south grove yesterday afternoon. The main grove is safe."

Chicago Gains 20,700.

Chicago, Aug. 11.—An increase of 20,700 since last year gives 2,425,000 as the population of Chicago, estimated by the Chicago Directory company, whose 1908 issue is now ready for distribution.

RECEIVER FOR BIG MILL.

Pillsbury-Washburne Company Needs to be Reorganized.

Minneapolis, Aug. 10.—Incident to a reorganization certain of the stockholders of the Pillsbury-Washburne Flour Milling company Saturday petitioned the Federal District court for the appointment of receivers.

Whatever action is taken by the court, the business will be continued. The indebtedness of the defunct company is set at more than \$5,000,000, without security. The book value of the company's property exceeds \$15,000,000. The total secured indebtedness covered by debenture bonds, is \$4,000,000, or a total indebtedness of \$9,000,000. Liquid assets are estimated at \$3,500,000, to pay \$5,500,000 unsecured debts.

The company has \$800,000 of its products stored in 25 states outside of Minnesota. The application for receiver has created surprise, but it is not expected to cause any flurry in milling or financial circles. The milling interests in Minneapolis have enjoyed an exceptionally good year and the conditions that affected the Pillsbury-Washburne company have been peculiar to that organization.

The receivers have been appointed with full power to operate the company's manufacturing plants and with confident expectation that this expedient will be found only temporary and that ample property, over and above all debts, will be ultimately left for the holders of shares. It is proposed to operate the mills under receivers and in charge of the receivers, so that labor interests will not be seriously affected at this time, and this is regarded as promising good results, in view of the very satisfactory condition everywhere of the milling and grain business, no other company engaged in similar lines here being in any way involved.

BUILD \$20,000,000 DEPOT.

Northwestern Plans Costly Structure for Chicago.

Chicago, Aug. 10.—The Chicago & Northwestern railway announced yesterday that its engineers and architects have completed the plans for its new Madison street passenger terminal, which will cost when completed in the neighborhood of \$20,000,000, and which will include facilities for handling over a quarter of a million passengers every 24 hours. This station will surpass in point of ground covered and length of trackage every railway terminal in the United States, it is said, except the South Station, in Boston.

The new terminal will occupy practically four entire city blocks, bounded by Madison street on the south, Kinzie street on the north, Clinton street on the west and Canal street on the east, passing under Washington and Randolph streets by means of brilliantly lighted subways.

The structure will be of gray granite of classic design, the essential features of which is the great colonnaded entrance or portico, of lofty proportions that will tower to a height of 120 feet above Madison street.

Before this imposing front will be a broad pavement or esplanade, from which will rise the granite columns that guard the inner vestibule.

ARRESTS ARE MYSTERIOUS.

Immigration Authorities Busy in Detroit After Long Chase.

Detroit, Mich., Aug. 10.—Great secrecy is being maintained regarding five arrests made here today by the local police and the local immigration authorities on a telegraphic request received from Helena, Mont. The prisoners are three men and two women of striking appearance, and a small boy and two dogs form a conspicuous feature of the party.

The arrests are said to have followed a search by United States officials which began in San Francisco in 1905 and has been carried since to Boston, Pittsburg, Omaha, Helena, Chicago and several other points. Both the city police and the local immigration inspectors say they do not know why the arrests were ordered. The prisoners deny that they are identified with any persons wanted by the United States.

Denied Citizen Rights.

Seattle, Aug. 10.—After serving three years in the United States army in the Philippines and receiving an honorable discharge, Buntaro Kamagai applied for admission to citizenship under the laws of the United States and was refused his papers by Judge C. H. Hanford, of the Federal court, here today. The case is the first one of the kind to come up before a Federal or State court in this country. Kamagai has a fine army record and was regarded as a most useful man. He speaks fine English.

After Wells-Fargo.

Los Angeles, Aug. 10.—An important complaint against the Wells-Fargo Express company was filed today by the Interstate Commerce commission by the California Traffic association and several commission men. The complaint says the express company charges excessive and unreasonable rates on shipments, and for icing fruits and vegetables. It is also asserted that the company furnishes faulty and inadequate equipment. This is said to be the first action of its kind ever been against the company.

Flee From Constantine.

Constantine, Algeria, Aug. 10.—The people are still in a state of terror from the earthquake shocks of a few days ago, fearing a repetition, and there is in consequence a steady exodus to the country. A new shock was felt last night and caused a renewal of the panic. Several buildings damaged by the previous shocks were shaken down. The falling of a ceiling in the house of a European resident injured several children.

New Wool Market Sets Record.

Butte, Mont., Aug. 10.—Wool shipments at Baker, a new station on the St. Paul in Eastern Montana, for this season, amount to 1,000,000 pounds. The price paid is 18 cents or better, the highest average of any market in Montana.

FACTS IN TABLOID FORM.

The municipality at Buenos Ayres is now giving aid to the mission work there.

The Army Scripture Readers' Association has sixty-two readers working in the British army.

The German Baptist Brethren have organizations in forty-one of the States with 1,154 churches, an increase of fifty-eight over the last report.

The net enrollment of the United States of Christian Endeavor is now 70,404 societies, a gain of 1,293, with about 50,000 members during the last year.

Although 10,000 native Christians have been massacred in China in the last eight years, there have been over 100,000 added to the Protestant mission churches.

In the last year the people of Canada paid over \$23,000,000 for life insurance, while the whole world gave a little over \$22,000,000 for foreign mission work.

The publishing department of the Christian Endeavorers at Boston did a business of \$96,579 during 1907-'08, of which amount a little over \$6,800 was turned over to the society for its general expenses.

The Immigrant station on the Gulf Coast, which the Woman's Board of Home Missions of the Methodist Church South will establish and maintain, will be named in honor of the late Rev. Sam P. Jones.

The Baptist Educational Society of Kentucky has taken charge of Bethel Female College at Hopkinsville, Ky., and it will be placed under one general management with several other institutions of the same denomination.

During the singing of a hymn that starts "Happy birds that sing and fly" a thrush flew down from the roof of St. Peter's Church at Rickmanworth, England, and settled on the hymn book held by one of the congregation.

The roof of the nave of Salisbury cathedral in England, which is being repaired, is covered with sheet lead that contains a large percentage of silver, and to prevent fraud the workmen are obliged to melt it on the cathedral premises.

The skulls of two missionaries, Dr. Chalmers and D. Tomkins, of the London Missionary Society, who were killed by cannibals at Goarabari, New Guinea, seven years ago, have been recovered by Judge Murray, who took his life in his hands to get them.

King Edward VII. is the most heavily insured man alive. On the same principle, J. Pierpont Morgan's life was not long ago extensively insured at Lloyd's by a number of stock companies which were threatened with loss in the event of his death. This insurance has since been allowed to lapse.

The Sultan of Turkey has practically denied to Christian churches the right to hold real estate in their own names, one case in point being that of an American who held land in Caesarea, which he has forced to deed to the Sultan on the purchase price being refunded to him.

Worn out and attenuated cab horses will soon be an unknown quantity in the streets of Paris. A society known as the "Assistance aux Animaux," working with the proprietors and drivers' societies, seeks to provide Paris with cabs drawn only by horses in a perfect state of fitness, and driven by men who have given every proof of their competence and intelligence. A staff of inspectors will be employed to watch at the gates of the cab yards every morning and demand the immediate return to the stables of any animal which seems in an unfit state.

Mascots have had their place in the world for many generations. Cats, as with the ancient Egyptians; grasshoppers, as in Italy, and various other specimens of animal life have in their time been counted as sacred or lucky by different peoples. So it is only a continuation of old customs that has caused baseball teams to take along an animal or a small boy when they go upon the diamond to try their skill with other players. The custom has spread to such an extent that to-day there is not a vessel in the navy of the United States that has not some kind of mascot. This assertion will apply with almost equal force to the other navies of the world.

The worthless material of to-day may be the ore of to-morrow. There is no scientific definition of an ore; an ore is simply material which by present methods can be utilized with profit. Methods may change from year to year, while iron ore supplies are a question of centuries. New discoveries likewise increase the known amount. Ever since that time, has been the known workable supplies of iron in the United States have increased while the supply of iron in actual use has increased rapidly as well. Of all our natural resources, our iron ores are the one which can be drawn upon with greatest impunity because the iron remains.—The Iron Trade Review.

Every industrial collapse which the country has had brought some needed financial improvement. The panic of 1857 compelled Congress to establish the independent treasury, in which the Government, ever since that time, has had control of its own funds. The panic of 1873, by destroying many of the wildcat banks, compelled changes in the laws in many States which strengthened the banking system of the country. One of the measures of the civil war legislation was the creation of the national banking system. The panic of 1873 forced the dominant party to pass the greenback redemption bill of 1875, which went into operation in 1879, which brought all the country's currency up to the gold level in that year, and which has kept it up to that line ever since. The panic of 1893 compelled us to stop buying silver for the dilution of our currency, and thus saved us from a worse catastrophe later on.—James W. Van Cleave in American Industries.

Working His Patient.

Ambassador Wu Ting Fang was once, it is alleged, telling about a certain selfish politician. He said: "The man reminds me of a doctor of Shanghai. A mandarin came to this doctor for advice. He could not sleep, had no appetite, suffered a good deal from depression and nevertheless was taking on fat at an alarming rate. 'Well, soon you will be in condition again,' said the physician. 'What you need is exercise—good, hard exercise. Four times a week you can come here and put in the morning polishing my floors.' But why not my own floors?' the mandarin inquired. 'Mine,' said the physician, 'are larger.'"

A Rabbit and a Whistle.

Did you know that a short, sharp whistle from the mouth would stop a rabbit? It surely does. Next time you see little Molly Cottontail leap from her burrow and make off don't shoot; just whistle. Whether from fear or curiosity I cannot tell, but she will stop still in her tracks. An antelope has been known to do likewise. An African hunter once said that the elephant is the most timid of all animals and can be frightened into a cold sweat by a mysterious noise.—New York Press.

FITS.

Our Own Minstrels.

Bones—Mistah Johnsing, kin yo' tell me de difference 'tween de diplomatic intercourse of fast class powahs an' mine cusses of meahles in a culled family?
Interlocutor—No, George; that's the hardest one I ever heard. What is the difference between the diplomatic intercourse of first class powahs and mine cusses of meahles in a culled family?
Bones—Is one an de serious affair of state an' de o'edical am a serious state of affairs.
Interlocutor—Ladies and gentlemen, the premier vocalist of the west—n' gentlemen, Mr. Spitcher Reedrum, will now sing the beautiful ballad entitled, "Darling, Take Your Arm Away; Mother is Peeping Through the Keyhole."

A Delicious Custard.

The recipe for this delicate dessert has been handed down in my family for many generations: Into each individual custard cup put the yolk of one egg, add one heaping teaspoonful of sugar, two gratings of nutmeg and five tablespoonfuls of sweet milk. Incorporate thoroughly and set the cups in a pan of hot water. Bake in a moderate oven until firm. When cool, cover with a meringue, using the whites of the eggs for this purpose, and allow one tablespoonful of powdered sugar to the white of each egg. Through the very tip of each snowy mound drop a teaspoonful of orange marmalade.—Delectables.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

But Never Call Him Early.

He—Funny thing about your sex. Call a woman "a bird" and she's pleased. But call her a hen or an old crow and she gets angry.

She—Nothing exclusively feminine about that. Call a man "a sad dog" and he feels good. But call him "a miserable cur"—the same thing—and he'll knock your head off.—Boston Transcript.

State of Ohio, City of Toledo, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1908.

W. A. GLEASON, Notary Public.
Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces of the system. Send for immediate free trial.

F. J. CHENEY & CO., Toledo, O.
Sold by all druggists.
Take Hall's Family Pills for constipation.

Reaction.

Salesman—Hat, sir? Yes; what kind do you wish to look at?
Customer—Well, my wife wears a Nero Widow affair. If you have something like the exact opposite of it, young man, that's what I want.

Salesman—Then you want a plug hat, of course, with a black band around it. That is the nearest we can come to a Disconsolate Widower hat.—Chicago Tribune.

Deep Sea Anemones.

The Oyster—You're a good deal tougher customer than I am.
The Clam—That's all right. You do a good deal crookier shell game than I do.

S.S.S. CONTAINS NO MERCURY

Medicines containing Mercury are often given to persons suffering with Contagious Blood Poison, and so powerful is the action of this drug that it frequently removes the symptoms in a short while, and shuts the disease up in the system to do greater damage to the delicate internal members. When, however, the treatment is left off, the disease always returns, and the patient finds that his health has been injured by this powerful mineral, and he is often left with weak stomach, disturbed digestion, mercurial rheumatism, etc. The action of S. S. S. is entirely different. It contains no Mercury, nor any other harmful drug, but is made entirely of healing, cleansing roots and herbs. It cures Contagious Blood Poison by removing the virus from the blood. It searches out every particle of the poison and does not leave the least trace for future outbreaks. S. S. S., in addition to curing the disease, builds up and strengthens every part of the body. Its fine tonic effects tone up the stomach and digestion, improve the appetite and regulate the entire system. Home treatment book containing valuable information about the different stages of the disease and any medical advice desired sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

A Bit of Advice.

This is a bit of advice offered by the Gunnison Gazette:
Young man, if you should come across a girl who, with a face as radiant as a sunflower, says as you appear at the door, "I will be busy for half an hour yet, for the dishes are not washed," just squat right down on the doorstep and wait for her, because some other chap may come along and secure the prize, and right there you will have lost an angel.

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.
