In the Beaver State Herald of Gresham, which we quote, Rev. Paronagian's lecture is given as Tuesday evening the second. It is an error of the paper and should read Wednesday evening the second.

Mr. Jahue Davis was in the mountains last week moving Blockley's camp from Cripple Creek a distance of about eight or ten miles upon Oakgrove. Mr. Blockley has a company of five in camp. Jahue says he has made a new trail up to the camp and he had one of the times of his life at this particular moving. It rained part of the time.

## Horse Racing

On last Sunday horse racing was indulged in at the Currinsville race track from 2:30 to 5:30 P. M.

The first race, three hundred and twenty yards, was for a purse of \$125.00 Jackson's grey horse against McCormick's sorrel horse. Jackson's grey won by half a length.

Second race two hundred and twenty yards for a purse of \$20.00 Douglass' sorrel horse against Bell's brown mare. Douglass' sorrel won by a nose.

Third race two hundred and twenty yards for a purse of \$20.00 Brown's bay mare against McCormick's sorrel horse. Brown's bay won by a neck.

The above account of the races was furnished by W. A. Jones the liveryman who said there was a crowd of about four hundred people witnessed the races.

Handsome Cottage of E. M. Miller

E. M. Miller is putting up a handsome six room cottage on his lots

7 and 8 in block 16 of the original townsite of Estacada. The cottage will have a square hip roof with a wide veranda under the main roof, entirely across the front of the building. Reed & Lindsey have the contract of putting up the building, which is a guarantee of the excellence of the workmanship in the house.

Ed. P. Scott will have the contract to do the painting and paper hanging. The Miller cottage will be a very desirable acquisition to Estacada and will be a credit to the city from an architectural standpoint.

By cutting up farms and selling them in small tracts Mr. Miller has proven to be one of the most effective home builders in this section of the county, and he has at last decided to have a handsome home of his own that will be up with the times.

## Boy Falls Over Embankment and Breaks Leg

A serious accident happened in the Park on Sunday about noon. A boy about seven or eight years old by the name of Loydgren accompanied by his parents from Portland was enjoying the day in the woods. In going down the flight of stairs to the river his hat fell over the railing and he attempted to secure it by getting out on the ledge of rock. He lost his footing and fell to the bottom of the ledge breaking one of his legs and cutting a deep gash in his head. He was rendered unconscious. Dr. Adix dressed his head and arranged him as comfortable as possible and his parents took him to Portland on the first car after the accident.

## Camp Burns and Mystery Surrounds Origin of Fire

Ray Wilcox came out from their camp at the Summit on Saturday and said the fire when he left was well under control. He thinks the rains since he left will put out all remaining fire. Their camp about five miles above the Hot Springs on the Clackamas in their absence at the Summit fire in some mysterious manner took fire and completely destroyed one of their tents, and some bed clothing. A lot of their provisions were partly burned and missing. It is not believed that all the provisions missing were consumed by fire. If this is the case it is unfortunate that some of these mountain marauders are not captured and given a dose of justice which they are justly entitled too. The rangers as well as mountain parties generally are the most liberal class of people, always willing to share with their more unfortunate persons when in need as well as being neighborly with those not in need.

## Likes the Country and Climate

E. J. Stephens who recently purchased the Nicholson property gave the Progress a call on Friday. In addition to the purchase of the Nicholson ranch he secured five acres from the townsite properties. Mr. Stephens is fresh from the Atlantic coast. He is a Baltimorean having been in business a number of years in the city of Baltimore. He expresses himself in this way: "Becoming tired of the cares of a business life in the larger city I sought a place for a home I could call my own, where it was not so cold nor so hot or changeable in weather conditions as in the East and I found just such a place in Estacada. While my friends in Baltimore were sweltering through the humidity of an unusual hot August I myself was hunting around in my temporary quarters on the Nicholson ranch for a few extra covers to keep warm enough for comfort as I had not gotten my living apartments fixed up then." He finished by saying "But I am here to stay. Here is my subscription to the Estacada Progress."

## The Store of Quality

Quality and Price

Are the two factors a buyer should consider. Almost any kind of a price can be made on goods if Quality isn't taken into account. We want to emphasize the fact. We do not at any time buy poor goods in order to make an apparently low price on them. All our goods are the regular standard grades which bring satisfactory results to the consumer.
