The Missouri river valley is one of the most successful hog sections of the United States, and corn has always been the basis of this industry. Today one of the most popular stock-fattening foods in the Missouri river region is a mixture of alfalfa meal and sugar beet pulp, which is produced in Colorado. Advice recently received from that state show that numerous new mills are being erected, and certainly the Pacific Northwest should give this industry every possible encouragement, and this is particularly true since the great interational concerns like Swift & Co. and others have decided to locate on the Pacific Coast, and they are now spending millions of dollars in building their plants at Portland. A good reliable fattening food equal to corn would make this section of the United States the very richest portion of our great Republic.

No event has taken place in the last year that will be more beneficial to the Pacific Northwest than the visit of the delegates in attendance upon the National convention of the American Association of Traveling Passenger Agents. These men have traveled through Washington spent three days thoroughly investigating Seattle where they held their convention, visited interesting places on the Sound; then they came to Portland where they spent a day before making the Columbia River trip. Here they disbanded, going to many points in Oregon, Washington and down through California. The Traveling Passenger Agents meet thousands of people and influence a vast amount of travel.

The Portland County Club and Livestock Association began its initial meeting the 21st. The exhibit of livestock surpasses that shown at the Lewis & Clark Exposition, and the races will be the best ever witnessed here. The great mile track just completed at a cost of \$27,000, the immense barn and steel frame amphitheatre, give the grounds and surroundings an appearance of solidity and permanence. The track is considered the best drained that has been built in this part of the United States. There is a steam railroad line into the grounds, in addition to a splendidly equipped electric line. In fact the latter has been tested and found capable of handling forty-five cars at one time. Together these lines will relieve the grounds of 7000 within the first fifteen minutes after a meeting.

The advertiser is the "man behind the gun" to a newspaper enterprise the same as is a railroad to the development of a country. A community can get along without a newspaper, in the same manner it can get along without schools, teachers, electric lights or railroads. It can get along. Its citizens don't have to read by electric lights they can use a tallow dip. They do not have to ride to the larger cities on the cars, they can walk. Who among us is it that prefer these latter means, to the progressive methods? Some do. They usually are given a notice in the paper if they are found out.

To the readers of the Progress we desire to say they will find it to their interest to patronize persons who advertise their goods in this paper. If you wish to buy something hunt up the advertisement column and see who has what you want and is inviting you to come and deal with him. If you have something to sell let us help you sell it by advertising. Advertisers invite your inspection, want your business.

Where do you want to take your stand? Are you in favor of modern methods in your community? If so get in line and use them. It is said "By their works you shall know them."

## The Store of Quality Quality and Price

Are the two factors a buyer should consider. Almost any kind of a price can be made on goods if Quality isn't taken into account. We want to emphasize the fact. We do not at any time buy poor goods in order to make an apparently low price on them. All our goods are the regular standard grades which bring satisfactory results to the consumer.

**New Goods Arriving NOW. Come In.  
You are always Welcome**

REMEMBER, These Cool Evenings You Need a SHAWL. WE HAVE THEM

## DALES

### A Typical Ranch-Holiday

### Buffalo Bill's Wild West Will Include a Scene Showing the Plainsmen's Pleasures

Varied scenes of Western life will be presented with Buffalo Bill's Wild West during its forthcoming visit to Portland. There will be an exciting Indian battle, an attack upon an emigrant train a hold-up of a railroad train and, as a particular typical Western scene, "A Holiday at T-E Ranch." The pleasures and pastimes of the plainsman will be re-enacted with the same fidelity to real life as marks all the features with Buffalo Bill's exhibition. T-E Ranch is the mountain home of Col. W. F. Cody (Buffalo Bill) in Wyoming, near Coby, a bustling city of five thousand inhabitants which has been named after him. The ranch house and its surroundings will be depicted as faithfully as circumstances will permit and the amusements of the frontiersman will be shown.

Will exhibit at Portland Sept. 25, and 26.

## SPRINGWATER

(TOO LATE FOR LAST WEEK)

Springwater notes were too late arriving last week to be printed. We did not receive them until late Wednesday evening. To all our correspondents we desire to say that for the regular news items we would like to have them in by Tuesday P. M. Anything coming in later takes chances of being crowded out for want of space.

The social and program that was rendered Saturday evening was a success. The sum of twenty one dollars and twenty seven cents being taken in. Everyone appeared to enjoy themselves. The Progress last week giving the Springwater items got things mixed. Where it stated the proceeds from the social held will be used to water-pipe the buildings, grind grain etc., it should have said that Shibleys bought and set up a gasoline engine for the above named purposes.

The Dodge correspondent in last week's issue wants to know what is the matter with Springwater. No R. F. D. and asks if Springwater is going to be behind the times all the time. The Dodge correspondent is the one that is behind the time for not knowing that Springwater has had R. F. D. over a year.

One day last week John Stormer and family were visiting their relatives Shibleys. While going home their hack broke down which frightened the horses and they ran away. It was lucky the horses broke loose from the hack before much damage was done. Mrs. Stormer and son, Orcl, were quite badly bruised.

## DODGE

Miss Margurite Wilcox, Miss Ada Roberson and Mr. Roy Wilcox visited in Dodge. They commended the beautiful scenery and exhilarating mountain air.

The Dodge Sabbath School gave an entertainment last Saturday night. The features of the evening were the singing by the Dodge quartet and the violin solo by Mr. F. Horner and Mr. J. Marchbank. The rest of the program was also very good.

George Keller and family are visiting in Aurora.

Several parties passed through Dodge for the mountains to hunt for big game.

Morrow, the Estacada livery-stable man, was up with a party from that place.

John Keller is building a bungalow on his ranch.

—A Dodger.

### E. F. Surface Disposes of his Business Interests in Estacada

Mr. E. F. Surface has been identified with Estacada since its first inception of being placed as a town, as well as its incorporation as a city. He being one of the councilmen by appointment, to fill an unexpired term of the original organization of the city, which office he resigned on becoming postmaster. He also is at the present time a member of the present city council, being elected at the last city election. He has been postmaster since the resignation of Dr. Haviland March 1st 1906. Mr. Surface purchased the Estacada Pharmacy which he has conducted since that time. He has been interested and aided in the development and growth of our city and at all times willing to lend his aid and council in matters pertaining to the city's welfare. He has always been especially interested in the matter of education, taking an advanced stand on all matters pertaining to our schools. Mr. Surface as will be seen by reference to our last week's issue, has sold to A. N. Johnson his present business interests and has also tendered his resignation as postmaster. The sale includes the building as well as the stock, fixtures and good will of the Estacada pharmacy. Mr. Surface intends to locate in Corvallis, Ore., where he expects to attend school and take a course in pharmacy. Owir'g to the experience he has had while in business he will be able to complete the course in two years. We congratulate all parties concerned in their new relations and hope their highest ambition may be attained. Mr. A. N. Johnson the purchaser is well known in Estacada and surrounding country. He being engaged for the past couple of years in the jewelry business. We have no doubt that he will be equal to the emergency in his new business venture.

We are in receipt of the report of the Juvenile Court for Multnomah Co., Oregon. An examination of its pages show very clearly that it is much more commendable to society that this form of punishment or reformation is bringing better results to the community than the old practice of incarcerating the young criminals with the old ones.

Advertising does not pay, if you have nothing to sell or nothing to accomplish.

The Smith, Cary & Co. firm, for only the short time they have been open for business can feel proud of what they have done. In addition to the large amount of grain stored in the building they have shipped four carload already, of oats, and received and on the way four carload to be unloaded in their building. More room is already a question with them.

The body of Wm. Henry Close was taken on the p. m. car to Portland to the undertaking rooms of Finley & Sons.

### CONTEST NOTICE

Department of the Interior, United States Land Office, Portland, Oregon, Aug. 20 1908.

A sufficient contest affidavit having been filed in this office by John S. Matcomson, contestant, against Homestead entry No. 14650, made November 4, 1902, for W 1-2 SW 1-4, NE 1-4 SW 1-4, and N W 1-4 SE 1-4 Section 27, Township 2 S., Range 7 E., by William W. Weltmer, Contestee, in which it is alleged that he is well acquainted with the tract of land embraced in the homestead entry, and knows the present condition of the same; also that said William W. Weltmer has wholly abandoned said tract of land ever since making said entry; that said entryman never before or after making said entry established his residence on said land; that said land contains no improvements of any nature whatever; that no portion of said land was ever cultivated and that said claim is to-day in its original wild state of nature; and that the said alleged absence from the said land was not due to his employment in the Army, Navy or Marine Corps of the United States as a private soldier, officer, seaman or marine, during the war with Spain or during any other war in which the United States may be engaged. Said parties are hereby notified to appear, respond, and offer evidence touching said allegations at 10 o'clock a. m. on Nov. 4th 1908 before the Register and Receiver at the United States Land Office in Portland, Oregon.

The said contestant having, in a proper affidavit, filed August 15, 1908 set forth facts which show that after due diligence personal service of this notice can not be made, it is hereby ordered and directed that such notice be given by due and proper publication.

ALGERNON S. DRESSER, Register.
