

A SUDDEN GOLD.

Miss Helen Sauerbier, of 812 Main St., St. Joseph, Mich., writes an interesting letter on the subject of catching cold, which cannot fail to be of value to all women who catch cold easily.

PERUMA ADVISED FOR SUDDEN COLDS.

It Should be Taken According to Directions on the Bottle, at the First Appearance of the Cold.

St. Joseph, Mich., Sept. 1901.—Last winter I caught a sudden cold, which developed into an unpleasant catarrh of the head and throat, depriving me of my appetite and usual good spirits. A friend who had been cured by Peruma advised me to try it, and I sent for a bottle at once, and I am glad to say that in three days the phlegm had loosened, and I felt better, my appetite returned and within nine days I was in my usual good health.

—Miss Helen Sauerbier.
Peruma is an old and well tried remedy for colds. No woman should be without it.

S.S.S. FOR BAD BLOOD

When bad blood is caused from an infection of the circulation by the virus of Contagious Blood Poison, it usually shows in the form of ulcerated mouth and throat, copper-colored spots on the body, swollen glands in the groin, falling hair, sores and ulcers, etc. These general symptoms, affecting all parts of the body, show how deeply poisoned the blood becomes, and emphasizes the dangerous character of the trouble. If allowed to remain in the system the disease will finally wreck the health and break down the strongest constitution. No medicine can cure Contagious Blood Poison which does not rid the circulation of every particle of the virus. S. S. S. is the one real and certain cure; it goes down to the very bottom of the trouble, and by removing every trace of the poison, and adding rich, healthful qualities to the blood, forever cures this powerful disorder. S. S. S. is the most reliable of all blood purifiers, and its concentrated ingredients of healthful vegetable extracts and juices especially adapt it to curing this insidious trouble. Write for our home treatment book, which is a valuable aid in the treatment of the different stages of the disease, and ask for any special medical advice you wish. No charge for either.

BRITAIN YIELDS TO RUSSIAN PLEA

Agrees to Conference on Turkish Affairs Among Powers.

Straits May Not Yet Be Opened as Russia Would Rather Control the Dardanelles Until Navy is Built—Great Britain Maintains Sanctity of Treaties.

London, Oct. 13.—M. Iswolsky, the Russian foreign minister, has succeeded in impressing upon Sir Edward Grey, the British secretary for foreign affairs, the necessity that not only should a conference of the powers be held to settle the crisis in the Near East, but this conference should take under advisement other questions besides those involved in the annexation by Austria of Bosnia and Herzegovina and the declaration of Bulgarian independence.

This change of front on the part of Great Britain, which has caused great surprise, was announced by the foreign office at the conclusion of a long conference between Sir Edward Grey and M. Iswolsky, after a meeting of the cabinet, in which Sir Edward set forth the position he had taken and explained the views of the Russian minister.

It is doubtful whether Russia is anxious to reopen the Dardanelles for the present, for, if this is done, it must be for all nations, and Russia is not likely to desire that while her fleet is weak.

The point in her previous stand Great Britain is continuing to insist upon, apparently, is that no modification of the open work shows worn by his fellow traveler; "when ye have them things on yer feet ye allus turn yer toes out."—Chicago Tribune.

Too Hazardous.
"Yes," admitted a waiter, "I shall be compelled to throw up my situation here."
"Indeed! What is the matter?"
"More than I can put up with. The governor insists on my eating mushrooms in the presence of customers to prove they are edible fungi."—London Tit-Bits.

Only a few years ago the only article tasting of maple was maple sugar. There is now an article on the market that is so like the real maple sugar that even old Vermonters are unable to tell the difference. In fact, on account of its healthful qualities, being a purely vegetable product, neither sticky nor sticky, it is preferred by many people who formerly used only the regulation maple sugar.

This new extract is called Mapleine. It is a Seattle product and can be used to advantage by the housewife in a variety of ways. For instance, a syrup like maple can be made by simply dissolving granulated sugar in water and adding a few drops of Mapleine.

The Crescent Manufacturing Company who make Mapleine have published a booklet called Mapleine Dainties. This will be sent free on request to anyone who asks for it. It is full of wholesome recipes.

New Industry.
"Who is that striking looking man near the head of the table?" asked one of the guests.
"That's Mr. Jypes," answered the other.
"He's a blood boiler."
"What! A workman at the stock yards?"
"No, no; don't you understand? He writes these shocking stories of corporate cruelty to children and ignorant employees that you read in the Magazines."—Chicago Tribune.

FIGHT WITH MANIAC.
Policemen Tussle With Crazy Man on Tall Tower.

New York, Oct. 13.—Joseph Krats, an insane man of Brooklyn, who in an attempt to throw himself into the East river Sunday fought desperately with seven police officers on the dizzy top of a Williamsburg bridge tower yesterday morning gave attendants and physicians at the Eastern District Hospital a furious fight. He burst the canvas strait-jacket into which he had been forced and with maniacal fury assailed nurses and others in charge.

After a prolonged contest he was overpowered and taken before a court, charged with attempted suicide.

The magistrate, in committing him to the observation ward of Kings County Hospital, praised policeman Clarence Smith, who had followed the crazed man in his climb to the tower's narrow top and after an awful hand-to-hand conflict, during which Krats got out a razor, subdued him and summoned assistance. The magistrate said:
"Heroes like you deserve special recognition. You are a brave man."

PLEADS FOR LARGER NAVY.
Senator Lodge Says Pacific Coast Must Be Protected.

Boston, Oct. 13.—Declaring that Japan was ready to make insulting demands on the United States, and that she dare, and that the only way to guard against them was to increase the American navy, United States Senator Lodge launched into a strong and vigorous plea for a bigger, and better navy at a Republican ratification meeting last night, held under the auspices of the Republican club of Massachusetts.

"What we want to look out for is our navy," insisted the speaker. "We should protect both the Atlantic and Pacific coasts and it is the policy of the Republican party to do this."

Nicholas Ready to Fight.
Cettigne, Montenegro, Oct. 13.—The Montenegrin National Assembly opened here yesterday in extraordinary session. The war fever resulting from the annexation by Austria-Hungary of Bosnia and Herzegovina had been strengthened by a bellicose message to parliament from Prince Nicholas, who declared that the annexation of these two provinces had inflicted a crying wrong upon the people of Montenegro, and that the people were prepared to sacrifice their last drop of blood unless the peaceful endeavors now on foot resulted in righting the grievance.

Satisfied With Inspection.
Chicago, Ill., Oct. 13.—Among the prominent packers gathered in Chicago for the annual meeting of the American Meat Packers' association there is no outward sign of dissatisfaction over the operations of the federal meat inspection law. The members of the association declare that they are entirely satisfied with existing conditions and in papers and addresses to be presented to the three-days' convention the fullest cooperation will be urged between the packers and the government in order to hold up the grade of meat.

Ready for Rosebud Drawing.
Dallas, S. D., Oct. 13.—Two 6-year-old girls will draw the envelopes containing the names of winners in the Rosebud land lottery next Monday morning, according to the official announcement. The applications will be placed in a box on a platform, the girls will be whirled with the wire netting, and the little girls, in the sight of all, will draw the winners. According to the estimate of Judge Witten, between 110,000 and 120,000 applicants will register.

All Except Austria Join.
Constantinople, Oct. 13.—The German and Italian ambassadors yesterday made the same declaration to the porte against the infraction of treaties without consent of the signatories as has already been made by the British, French and Russian ambassadors. Austria still holds aloof.

General Debility

Day in and day out there is that feeling of weakness that makes a burden of itself. Food does not strengthen. Sleep does not refresh. It is hard to do, hard to bear, what should be easy—vitality is on the ebb, and the whole system suffers. For this condition take

Hood's Sarsaparilla

It vitalizes the blood and gives vigor and tone to all the organs and functions. In usual liquid form or in chocolate tablets known as Sarsatabs, 100 doses \$1.

Luxury.
Stranger (in Druggist's)—Is there a place here where I can get a square meal?
Uncle Welly Gosh—Yes, sir; there's a restaurant round the corner where you can get the best meal this side of Chicago if you don't mind its being a little expensive. They'll sock you for 25 cents, but by gum! it's worth it!—Chicago Tribune.

Innocent.
"Lobelia," sternly demanded Mr. McSwat, "I want to know what you've been doing to my safety razor?"
"Nothing," was Mrs. McSwat's indignant answer, as she moved around with a slight limp. "Besides, Billie, I don't believe it's a safety razor, anyway!"—Chicago Tribune.

A Charming Discouragement.
"Do you think there is any reliable way of forestalling the weather?"
"Yep," answered Farmer Cottasette. "Jee' think of the kind you don't want and then prophesy it."—Washington Star.

Getting Immediate Action.
"Mildred," sharply spoke the chaplain, "you chew gum nearly all the time. Can't you find something else to use your teeth on occasionally?"
Mortified and indignant, the young woman impulsively bit her lip.

Leap-Year.
The somewhat elderly but still handsome and well-preserved bachelor had long been an admirer of the young lady, but never had dared to tell her so. At last, however, he mustered courage to say:
"Miss Jessie, I wish I were twenty years younger."
"Why so?" she asked.
"Because then I should be bold enough, perhaps, to ask you to marry me."
With a charming smile she shook her head.
"I should have to tell you no, Mr. Baxter," she said. "If you were twenty years younger you would be—er—a great deal too young for me."
He took the hint—and a little while later the young lady, too.

A Look Ahead.
Queen Alexandra attended last spring's annual mansion house fete in London, and of that auspicious fact there is a tale to tell.
One of the diminutive flower maidens was both pretty and plump, and when her smile stopped for an instant to smudge down upon her, what did she do but put up her wee mouth for a kiss, which she received.
"Molly!" gasped her astonished mother, after the visitor had passed on.
"How could you?"
"Molly gave good reason. 'I fought,' said she, 'it 'ud be interestin' to tell my grandchildren.'"—Harper's Weekly.

Truth and Quality
appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

Believe War is Impending.
Belgrade, Oct. 13.—Even in official circles it is now believed that war is unavoidable. M. Pasic, minister of war, in an interview with the Associated Press correspondent, declared that the situation was most critical, saying: "Hostilities can hardly be averted by a big mass meeting held Saturday, after which the demonstrators marched to the Skupstina, the members of which are assembling, clamoring for war. Among the members of the assembly the sentiment is apparently warlike."

Austria's Patience Strained.
Paris, Oct. 13.—Official advices received here represented the situation between Serbia and Austria-Hungary as extremely critical. Austria-Hungary has served notice that she will not tolerate further provocation and that she is prepared for eventualities should the Skupstina declare war on Austria-Hungary. The Austrian army corps occupied the frontier along the Danube, and river gunboats are concentrating at Semlin.

Acquits Mob Leader.
Springfield, Ill., Oct. 13.—The jury in the case of Ernest Humphrey, one of the alleged mob leaders indicted for malicious destruction of property on August 15 last, has returned a verdict of not guilty. This is the third case growing out of the recent riot in which a verdict of not guilty has been returned.

SPITZBERGEN IN DISPUTE.

Conference to Be Called to Settle Ownership of Land.

Berlin, Oct. 12.—An international conference will be summoned in the near future to regulate the future of Spitzbergen, and it is expected that delegates will attend from Great Britain, the United States, France, Russia, Germany, Sweden and Norway. The Norwegian government, which has taken the initiative in proposing the conference, desires to safeguard the rights of the Norwegian fishermen who work along the coasts of Spitzbergen by an international agreement. The Norwegian fishermen and hunters were for long time undisputed masters of Spitzbergen and enjoyed unlimited freedom in following their occupations. Recently, however, two mining companies, one scientific and one Norwegian, and the other financed by American and Norwegian capital, have begun operations in Advent Bay and both companies have annexed enormous areas of land, and have prohibited Norwegian fishermen and hunters from trespassing on these territories. It is expected that Norway will lay claim to the possession of Spitzbergen by virtue of the prior rights of Norwegian fishermen and hunters, but in this case it is expected that Sweden will raise a counter claim on the ground that Swedish scientific expeditions have been mainly instrumental in exploring Spitzbergen to the outside world.

PUT POACHERS TO DEATH.

Russians Make Short Work of Japanese Seal Butchers.

San Francisco, Oct. 12.—The United States gunboat Yorktown, which has arrived here after a cruise in Alaskan waters, confirms the news of the summary execution of several Japanese seal poachers by the Russian authorities on the Komandorski islands. After a speedy trial on charges of piracy, the men were convicted and put to death.

Two Japanese schooners, with their crews, found sealing within the three-mile limit by the revenue cutter Bear, were taken to Valdez, following the custom of previous seasons, it is thought the men will be allowed to go free.

Lieutenant-Commander Pollock, of the Yorktown, which has been doing police duty around the Pribilof islands, states that the rookeries there are covered with dead and dying pups. Their mothers had been killed at sea and the young left to perish.

During the season the Yorktown encountered 11 Japanese sealers, but none was within the three-mile limit. While off Cape St. Elias the Yorktown was in a terrific gale, and was compelled to arrive at Valdez for 36 hours. The gunboat was washed from stem to stern, and one of her lifeboats was carried away. This was the same gale in which the bark Star of Bengal was wrecked on Coronation island, with the loss of 111 men.

TRY WIRELESS TELEPHONY.

Apparatus to Connect Admiralty Office With Ships at Sea.

London, Oct. 12.—The De Forest system of wireless telephony is shortly to be put to the test by the admiralty, who will endeavor to communicate by wireless telephone with the channel fleet from the admiralty offices in St. James Park.

The experiments, which may extend over some weeks, are expected to demonstrate the possibility of the officials in London keeping in touch with the warships at sea and also of the ships communicating with the land station.

Wireless telephony over long distances has already been shown to be possible by the invention of Mr. Poulsen, the famous Danish inventor. By means of powerful arc lamps of a special form continuous electrical waves can be sent from one place to another in the form of a beam of light, and in such a way that these impressions can be reconverted into speech at the receiving station.

The electrical waves are bent out of their course by the telephone apparatus, and these modified waves are capable of carrying the impression to the receiving apparatus.

Not Aggressive, Says Servia.

Budapest, Oct. 13.—Servia is demanded to the Austro-Hungarian reply for an explanation of her purpose in summoning the reserves to the colors by granting that this step has no aggressive character. Speaking at Saturday's session of the Austro-Hungarian delegation, Foreign Minister von Aehrenthal expressed the belief that he would be able to carry through the annexation of Bosnia and Herzegovina peacefully. He said that already he was negotiating with some of the powers with the view of smoothing out difficulties.
