Messrs. Hubbard and Griffith, of Caldwell, Idaho, and members of the Boise-Payette Water Users' association, were present and rendered valuable assistance and information. A committee of five was appointed with full power to proceed in the matter, and to employ such aid as they may need.

Was \$35,000.

Though the board has not concluded its conference, held for the purpose of arranging the budget for the next two years, it is likely this estimate will be cut to \$42,000 at the very highest calculation. The average cost of maintaining the Ashland, Monmouth and Weston schools for last year was \$14,000 each. In round numbers the attendance was 403, making the cost to the state for each student \$130, which was regarded by the board as sufficient.

Old sores exist because the blood is infected with impurities and poisons which are constantly being discharged into the place. The nerves, tissues and fibres of the flesh are kept in a state of irritation and disease by being daily fed with the germ-laden matter through the circulation, making it impossible for the sore to heal. S. S. cures chronic sores by its purifying action on the blood. It goes down into the circulation, and removes the poison-producing germs, impurities and morbid matters which are responsible for the failure of the place to heal. S. S.
