"The Fruit Grower," of St. Joseph, Missouri, has just issued a Home-makers Edition, which contains an extended report from all the fruit growing districts of the West, and no state receives as much attention as Oregon. There is page after page of illustration and text, and every part of the state is given prominence. In fact, Oregon probably gets more attention than any other two states. This is true because the state is better organized, doing better advertising, has more good pictures and has learned how to present its resources and attractions better than any other state in the Union.

We are now on the eve of another great national election. On Tuesday next the voter yields the power that decides. This means disappointment to many. From the six different candidates for President either Taft or Bryan will win. Then the country will go on for the next four years in much the same manner as it has been going and we will settle down to a realization of the fact that we have a glorious country and a good President.

Our usually quiet community has again been disturbed by a heavy loss of property in the destruction of the DuBoise Lumber Co's. Mill. Circumstances would indicate that the property was willfully destroyed. It is to be hoped such is not the case for it is hard to conceive of an individual so low in principle as to use such methods, to be in our midst.

No more beautiful publication has been issued in Oregon than the one just from the press which gives most graphically the resources and attractions of Lincoln County. It is issued jointly by the commercial bodies of Newport, Toledo, Elk City, and Waldport, and its central illustration is a bathing scene at Newport, the beach there is unexcelled on the Pacific Coast.

Producers of fine fruits throughout the Northwest, and particularly those of Oregon, fully appreciate the help they are receiving from Portland merchants, who give up their show windows for a display of these products. Exhibits from Mosier and Lincoln County, Oregon, and Lewiston, Idaho, have attracted much attention the past week.

Hon. J. W. Bailey, State Dairy and Food Commissioner, has been made Chairman of the Seasons Ticket Sale of the Portland Country Club and Livestock Association for 1909. Mr. Bailey is determined that five thousand tickets, at \$5.00 each, must be sold before the close of the present year.

The great draw bridge across the Willamette River, built jointly by the Great Northern and Northern Pacific Railways and having the largest draw span of any bridge in the world, is a success. Work trains testing the bridge have passed to and fro for several days.

Assistant Secretary J. E. Wilson, of the United States Department of the Interior, and Mr. W. M. Geddes of the Treasury Department, Washington, D. C., were guests at the Portland Commercial Club last Saturday. They are making a tour of the Northwest.

We have added a number of new names to our subscription list from our sample copy distribution. We would like to place all of these names on our regular list. Send or hand to us a single dollar and we will send the "Progress" to your address for a year.

Remember, when in need of any kind of hardware, the "Progress" will be glad to receive your order.

**DODGE**

Several telephone meetings were held here but no conclusions were come to.

Lets keep that R. F. D. talk up till we get one.

Mr. H. W. Frances of Tigardville was visiting at Dodge and spoke very favorable of this section of the country.

We noticed Mr. Howard and daughter at the entertainment last Saturday night.

Mr. Lewellen of Springwater gave a dance at his residence to which quite a number of the Dodge young people went to. They had a delightful time and were very sorry when they had to leave for home to do chores and get breakfast.

We suggest that the Grange give a series of dances the proceeds to finish their hall and put a coat of paint on it.

It would then be on an equal with the rest of the beautiful buildings in Springwater.

Mr. Henry Paulsen visited his brother, who is batching up our way, and complained very much about the sour dough biscuits.

Mr. T. Paulsen is wondering if he is supposed to keep Estacada hotels meals for his Portland visitors.

Whats the difference between swapping spits at a party and a nice juicy waltz?

Miss Dora Gibson and Mrs. Opal Crecraft spent Saturday and Sunday in Portland as the guests of Mr. and Mrs. S. Hofman at Albina.

Miss Winnie Davis is improving.

School is progressing nicely with 26 pupils on the roll. The work on the school-house has been postponed indefinitely. But the spirit of "Work and Honor" is just as strong in the old building as it could be in the new one.

Rev. T. B. Griswold of Portland will conduct a Sunday School service in the school-house next Sunday p. m. at 2:30. Everybody come.

The trustees of the M. E. Church held a meeting on Monday last in the interest of the new building for a parsonage. It was decided to have a draught of the intended

**A GRAND REPUBLICAN RALLY AT ESTACADA**

L. B. Mahone and Geo. R. Brown are two prominent republican speakers that will appear in Estacada on Friday evening Oct. 30 at the I. O. O. F. Hall. As this is the final rally on the near approaching national election it is the desire of the committee to reach every voter. Come out and listen to a discussion of the national issues as they are presented by the republican party.

**It Pays To Advertise.**

It pays to advertise in the Progress. In our issue of Oct. 15, Mr. Scott gave notice that a supposed chicken thief had visited his hen house. Also Mr. Bonney had some fine fowls disappear. Scott said he had three old hens and a rooster he would give to the man if he would come back and leave his card. The lost chickens have all been returned, Mr. Bonney's going back at the same time Scott's bunch returned; and it was detected in this manner—Principal Howard James lives in the Scott home and he also has a pen of fine hens. He thought, after reading the article in the "Progress," that his flock had increased in an unusual manner and so informed Mr. Scott. The result was the different hens were returned to their proper roosts and the "Progress" had scored another victory as an advertising medium and the reward of the three hens and rooster was not paid.
