Oregon fir never had a compliment paid which meant so much as the editorial which appeared in the "American Lumberman" of last week, the world's leading lumberjournal. J. E. Defebaugh, editor of the periodical and known to every lumberman in the country, personally penned the editorial, which says in part: "Douglas Fir needs no stain to make it beautiful in color it does not have to be carefully selected for grain, it takes a fine finish and is strong and as hard as many of the woods used for finer purposes. On the Pacific Coast are many fine residences and magnificent office buildings in which this wood is used. It will not supplant mahogany and oak, but should be used side by side with them and for substantially the same purposes." Mr. Defebaugh urges its careful consideration by Eastern architects.

Thirty-three of Albany's leading business men came to Portland last Friday to personally invite the business men of that city to participate in a celebration at Albany on Tuesday, November 10th, with the Linn County Apple Show and the opening of a fitte new depot as the features. As an evidence of the entererprise of this Albany delegation each and every one of them bought his own round trip ticket and left Albany at four o'clock in the morning, starting to work in Portland at 7:15. They were guests at a specirl luncheon at the Portland Commercial Club. Portland excursionists will go by special train and the party will be one of the largest that has gone from the city this fall.

Eugene surprised the people of this entire country last year by raising a great advertising fund and paying a salary of \$5,000 annually for an expert. Up to last Saturday night there had been subscribed for the coming year \$13,661., to which will be added \$1,100. the total be ing more than a dollar and a half for every man, woman, and child in the city, and this will be used in advertising the resources and advantages of Eugene and Lane County. Eugene is determined to go ahead and doesn't mind a little thing like a national election. What other town of 10,000 people in Oregon. Washington or California can match this record?

Salem will have the Convention of the Oregon State Dairy Association December 10th and 11th and already preparations are being made for a gathering that will surpass all previous meetings. The Oregon Development League will continue When in need of First Class

The farming demonstration train under the auspices of the Southern Pacific Railway will carry a corps of lecturers, every one of whom stands at the top in his particular See FERRY For line. This is not a new venture but one that is more popular and which does more good each succeeding trip.

An article prepared on the election was crowded out this week for want of space. Tait and Sherman are elected.
