The election is again over and the returns so far indicate another great victory for the Republican party. It also proves that a large portion of the people are satisfied with conditions existing under its rule. We hear many strange and ridiculous arguments on political issues; by taking careful note of what we hear. A great deal of ignorance of the different phases is shown to be sure. The intelligence of the masses of the American people however assures us that a vast majority know what they are doing and what they want to do. Not all the development of theories, political, are made by the few as many of these misleading arguments would indicate. For among the intelligent working men and middle classes of society which form the great bulk of our population you will find these theories and well tried principles thoroughly understood and intelligently discussed. It is not therefore so much from the ignorance of these principles that our American institutions and future government need fear; but rather from that class, small minority class, who consider it their aim in life to befool the truth. To make truth to be what it is not; to make black appear white and vice versa. This is what we prefer to call 'undesirables'. They are frequently paid large salaries, because of their ability. Also extract large sums of money from all classes of society, the rich and the poor the intelligent as well as the ignorant. They make them all like pay tribute to their genius. Let right-doing (righteousness) be the thing the people demand and pay reward for and you will find this same talent and ability working for the reward.

The Portland Commercial Club had two great overflow occasions last week. There were more people present Tuesday night to get election returns than at any time since the new building was erected. But the greatest event, both in attendance and importance was the banquet given Friday night to mark the opening of the "North Bank Road" with the honored guests including James J. Hill, Chairman of the Board of Directors of the Great Northern; Howard Elliott, President of the Northern Pacific; Louis W. Hill, President of the Great Northern; Francis B. Clarke, President of the Spokane, Portland and Seattle; George P. Harris, President of the Chicago, Burlington & Quincy, and other officials of national reputation in the railway and commercial world. A miniature train was part of the decorative scheme of the banquet tables.

Two of the greatest displays of apples ever made in the Pacific Northwest are attractions for early in December. One will commence at Portland December 1st and continue for three days, when Spokane will take the center of the stage in this same character of entertainment from December 7th to 12th.

Prosperity has been rife in all parts of Oregon, and all the election had to do with it one way or the other was to give some men an excuse to wait. Now that even that is useless people are closing great contracts, and building activity will be more marked than at any time in the history of the state.

CARD OF THANKS

Chas. E. DuBoise desires to thank the friends and neighbors who so generously came to the rescue of the mill and lumber in his recent fire. Also for the words of sympathy and good cheer he has received from the community in general as well as the liberal patronage of the past which made the enterprise possible.

(TOO LATE FOR LAST WEEK.)

Sunday School services were held Sunday p. m. A very enterprising and profitable meeting ensued. An organization was formed with an enrollment of more than thirty willing workers. Regular meetings were planned for Sabbath School services at 10 and church services at 11 a. m. Rev. T. B. Griswold presided over this meeting, but henceforth the work will be under the charge of Rev. Bennett. Mrs. T. C. Miller was elected temporary Superintendent, with Mrs. Opal Crecraft as assistant. Miss Lilas Scott as Secretary and Miss Kate Custer as Treasurer. Much progress is expected.

Mr. Tom Custer returned to Portland, Monday, after spending an enjoyable vacation at his home. Mr. Jean Thomson spent part of the same vacation with Mr. Custer's parents, as their guest. Hunting and Clackamas fishing held a great charm for them and proved a decided change from the great Telegraphic System with which they have been constantly affiliated for many years.

Mr. Grover Judd is working for Mr. Kitzmiller at Eagle Creek now.

Miss Martha Burkhardt is suffering from a severe attack of heart failure. She is frequently afflicted so and is indeed in a pitiable plight.

Mr and Mrs. Chas. Bartlemay have again returned from Eastern Oregon, this time with the intention of staying.

Mr. Ed. Bates is now working on his father's residence in Estacada. Mrs. Bates spent Saturday and Sunday with Mr. Bates parents also.

A new boy arrived at the home of Mr. and Mrs. John Miller last Tuesday.

Mr. Chas. Burkhardt returned from his claim in the mountains last week and brought a large supply of fine venison.

Miss Mabel Judd and Miss Lilas Scott were in Barton Friday evening.

Miss Kate Custer and Mrs. Opal Crecraft spent Tuesday evening pleasure seeking in Portland after which Mrs. Crecraft joined Miss Eva Pruner of Estacada, and left for Oregon City to attend Teachers Institute the remainder of the week. Miss Custer returned Wednesday.

Mr. Ed. Douglass and Mr. Sam Wilson from Eagle Creek made a business trip here Friday.

Miss Dora Gibson returned Thursday from a prolonged visit in Portland. Mrs. Addie Tomlinson and son Carl accompanied her.

DODGE

Glad to hear from the Springwater correspondent but very sorry we offended him.

Mr. James Black of Portland visited Dodge, and wondered why it took a letter longer to go from Portland to Dodge than to go from Portland to New York.

Miss Mabel Francis has returned from the teachers institute at Oregon City.

It seems as though when ever we give a dance a party is also given on the same night. We don't think it is done on purpose and wish to say that any time there is anything going on, that our dances will interfere with, we will postpone them, if told in time. But if given to break up our dances, we feel very sorry that the very people that should set

an example, should do just the opposite. There's only a little creek between us and Springwater, which shouldn't keep us from being neighborly, to be neighborly we must have peace and harmony, and we can't ever have that by acting that way. We can't see any wrong in dancing, but we are willing to be convinced, if somebody will show us it is wrong. We ought to be told about it and reasoned with, if we are a bunch of savages a missionary ought to be put among us, but if anybody tries to break our dances, without first showing us we are wrong, we will surely vote a gainst local option next election. The committee that awarded the prize waltz to Jean Lewellen, was commended for their good judgment.

Mr. Editor:—
As our Dodge Correspondent says we must have a very bad man in our neighborhood, one who violates the law of our land. Now it looks as if he is the man who is looking for trouble, and he will surely find it, if he writes any more of his lies and abuse about me.

Mr. John A. Linn, who has been back at Clayton, Ill., for almost a year past, came into Estacada on Thursday last. Mr. Linn is looking first rate and enjoys these fine sunny days we are having. He says the corn crop of Ill. was poor and in consequence too high in price to feed hogs, and they are being sold off and as a consequence pork is selling at a lower price. Mr. Linn is here for a short time only, when he will again return to Clayton.
