W. D. Henthorn who recently bought the two lots from Mr. Scott, is moving the building used as a paint shop, to another location on the lots, and we learn he intends to build it and make a living apartment.

Mrs. R. G. Palmateer while in the office this week called our attention to the birds coming under her observation during the recent snow. On their ranch she noticed that they had taken refuge under kale stalks and in addition to the protection from the storm it gave them food, for all the underneath leaves were eaten away.

As good roads are the important features in a community we desire to call the attention of our readers to the Johnson Road Bill now before the legislature and urge that they give it their immediate attention and urge upon the legislature the passage of the bill that suits our community.

The Johnson Road Bill

Appointment, by the Governor, Secretary of State and Treasurer, of a State Highway Commission, consisting of three members, one of whom shall be appointed from the State at large, who shall be a civil engineer and a practical road builder and shall be chairman of the Commission; the other two shall be appointed one each from the two Congressional Districts.

The resident owners of real estate within two miles on each side of a road and within one mile from the end of it may petition the County Court for its improvement. That court shall then look into the matter and if in its opinion such road is one of general travel, one of the main highways of the county, it shall recommend the matter to the State Highway Commission. If this Commission agrees that this road should be built it so directs and then the expense of said improvement is ascertained, and if satisfactory to the property owners in said district and the County Court the road is then constructed, either by contract, or, if satisfactory contracts cannot be made, then by direct employment. The work of construction is done under direction of the State Road Engineer and according to plans and specifications prepared by him.

Three-eighths of the expense is to be paid by the State, three-eighths by the County, and two-eighths by the owners of property within the district petitioning for the road. In the first instance the County pays both the three-eighths to be paid by it and also the two-eighths to be paid by the property owners, and then the property owners pay their part to the County in six equal annual payments, with interest thereon at six per cent per annum, but all or any of these payments may be made at any time before they become due.

Estacada's Theatre Party Well Entertained

It was a jolly crowd bent on having a good time that composed the theatre party gotten up by Cashier Belfils of the Estacada State Bank on Thursday evening to see "Ben-Hur" at the Hotel in Portland. The party had a special car that left Cozadero at 5:20 arriving in Portland in good time to be prompt at the opening of the play which was exactly at eight o'clock. The company was a good one and gave us three solid hours of splendid entertainment that our entire party spoke in the most enthusiastic terms of. After the play the party had lunch before starting on the return trip, after which we were ready to make the homeward trip. The trainmen in charge of the special were very accommodating gentlemen and permitted the younger inclined to enjoy themselves to their entire satisfaction. We arrived in Estacada about 1:30. The following persons composed the party.

A. N. Johnson, Miss Maud Sturgeon, Clyde Schock, Mr. and Mrs. E. M. Miller, Paul Womer, A. Yocum, Miss Eva Pruner, E. M. Yocum, Dave Eshelman, Miss Mary Wheeler, J. W. Reed, Miss Rachel Reed, Harry Eckles, Miss Mary Daly, Mr. and Mrs. Al Lindsey, Mr. and Mrs. P. G. Robley, Mr. and Mrs. C. W. Pugh and daughter Mr. and Mrs. J. B. Murphy, Mr. and Mrs. A. Brill, Mr. and Mrs. W. J. Moore, Mr. and Mrs. J. A. Jones, L. E. Belfils, Mr. and Mrs. N. S. L. Lauray, Will Dale, Carl Cary, Mr. E. Boer, Miss Mae Stephens, F. Smith, Miss Verga Hughes, Mr. and Mrs. E. S. Womer, and C. G. Reiser.

We have several pieces of property left with us to negotiate a sale for. Intending investors in Estacada will do well to consult us as we may have just what you want. Inquire at the Progress office.

Mr. W. H. Holder Replies to "Tax-payer"

Editor Progress,
It seems that some person who does not want to be known, and hides behind "Tax-payer" takes exception to the action of Garfield Grange in commending the efforts of the mayor and Common Council of Estacada to punish the illicit sale of liquor in Estacada. Now I do not want my controversy with this person behind the mask nor do I want to be understood as taking any part in the foolish town fight now hindering the progress of Estacada. A good strong majority of the precinct are in favor of the prohibition of the liquor traffic and of course we are interested in the enforcement of law.

The Grange seeks the highest standard in morality and stands for the enforcement of law and for good order, and I believe Garfield Grange would cheerfully commend the whole city of Estacada including "Tax-payer" if they would rise as one man and say "away with the drunken thing."

"Tax-payer" admits that the Mayor had a good case against Mr. Close but brings in the irrelevant point of "poor prosecutor" "wasting money" etc. Now may I ask how were we to know that was the reason the Judge decided against the Mayor.

I wondered, am still wondering why any person who is in favor of "law and order" should think it necessary to reply to the resolution of Garfield Grange. I do not write this by authority of Garfield Grange but on my own responsibility as a citizen and a member of the Grange.
—W. H. Holder.

The Heavy Timbers for the DuBoise Mill All in Place

Owing to the storm and bad weather the work on the DuBoise mill had been at a stand still until Tuesday, when about twenty friends and neighbors gathered and succeeded in getting the heavy timbers all up and from row on the work will be pushed as rapidly as possible. Everything passed off very pleasantly. A splendid dinner was served and to judge of their ability to work from the way they did eat it is safe to say that twenty good men composed the working force. Ed. Close and Willis Yonce were the "guy" men and worked hard. Their version of it was that they held the ropes and let the other guys work.
