The good old air of 'Heidelberg' has been transformed into an Oregon Booster Song that is very popular at smokers and dinners given under the auspices of the commercial organizations of the state. It is as follows:

OREGON, DEAR OREGON.
(Air - "Heidelberg")

Better than riches or worldly wealth,
Is life in a clime that's royal,
Teeming with happiness, hope and health,
And warmed by a sun benign;
Sweeter than pelf that is won by stealth,
Is building with citizens loyal;
So come, let us clink, but first let us drink
One toast with a brimming stein.
Here's to the state that knows no death,
Here's to the hopes that rise;
Here's to her sons, the best on earth,
Here's to her smiling skies;
Here's to her past so glorious,
Here's to her future great,
Here's to her ever victorious,
Here's to our own dear state.
Oh, Oregon, dear Oregon,
The state we love so well,
Where summer snows and beautiful rose
Deck mountain, hill and dell;
Where shimmering sheen and evergreen
Blend into heav'n above;
The thought of you, so old, so new
E'er fills our hearts with love;
The thought of you, so staunch, so true,
E'er fills our hearts with love.

It seems strange, even in Oregon to read of an Indian battle being fought this week near Pierce, Oklahoma. Crazy Snake with a small band of belligerent Indians, has been making things unpleasant for the settlers in that vicinity. Three hundred militia men, cow boys and deputy sheriffs were in pursuit of the red skins on Monday and had put the band to rout and were trailing Crazy Snake with blood hounds. It was expected that his capture was only a question of a short time.

The Ways and Means Committee of the Oregon Good Roads Conference held a meeting in the rooms of the Portland Commercial Club last Saturday, and determined that an active campaign in behalf of Good Roads should be conducted over the state.

Portland travelling men visiting different points throughout the Northwest register "500,000 in 1912." The idea was first adopted in advertising the Lewis & Clark Exposition, when everybody from Portland wrote after his signature "1905."

The truck loaded with spuds had no consideration for Lew but piled right on top of him, consequently he is obliged to have assistance in putting on his shoes or getting around much. Dr. Adix is attending him.

Can We Really Better Your Salary?

THAT we can enable the average worker to increase his earnings is a fact that has been proved by 17 years of success in so doing. From an "experiment" with one Course of Instruction the I. C. S. has grown to be the largest educational institution in the world with 208 Courses and a million students enrolled. The proprietors of this institution (the I. T. Co.) have an invested capital of nearly 6 million dollars, own and occupy 5 buildings covering 7 acres of floor space, and have a private printing plant turning out 3 1-2 tons of printed matter per day which is used exclusively by this concern. Over 125,000 I. C. S. students have been awarded Diplomas or have made considerable progress in the advanced subjects of their Courses; 225,000 more have completed mathematics, physics, drawing, and other preliminary subjects with the assistance of the faculty of the Schools; and several hundred thousand others without sending in written exercises for correction have successfully pursued their studies from our unique home-study textbooks.

I. C. S. TEXTBOOKS

EASY TO LEARN. Because they are simple, clear, concise, exact.
EASY TO REMEMBER. Because each Course is a logical chain; to remember one link is to remember the chain.
EASY TO APPLY. Because they are made to meet actual needs in actual practice.

SPRINGWATER

Raining again after one week of fine weather for putting in the crop. The farmers are about done sowing their grain. Those who were through sowing pitched in and helped their neighbors who had not yet finished.

The Saturday base ball players had a fine game last Saturday.

In answer to Mr. Dodge concerning the telephone muddle he states that I wanted something for nothing in wanting to have the use of the Estacada central. He might as well accuse me of wanting to steal which I think is beyond the dignity of a gentleman to accuse another of crime through the public press when it is not so. I stated both sides of the case as I looked at it that we were keeping up one central and a fair exchange is no robbery.

Herring Ranch Sold

The R. C. Herring ranch comprising 80 acres in Garfield has been sold to Mrs. Kate Wanzer Balkin, consideration \$7,000. The new owner is from Colorado. The entire deal being consummated through the Estacada State Bank as agent for Mrs. Dora B. Herring. The purchaser will at once undertake to make extensive improvements, chiefly in planting an apple orchard as they will give special attention to fruit raising. These people come to us well recommended and we are glad to have them locate among us because their success means that others who are watching the results obtained by them and if pleased and successful will follow their example and come here. It speaks well for our locality as a fruit district as these people had visited several sections of Oregon during two months looking for fruit land.

The Estacada State Bank is to be congratulated on this, as well as other deals they have been instrumental in making. Mrs. Herring has not yet decided if she will remain here or not.

D. F. Warner Returns After Prolonged Visit

D. F. Warner returned to Estacada on Friday after an absence of several months. Mr. Warner, as is his custom, usually at this time of year made one of his periodical migrations, of longer duration than usual. But as he greets his friends it is with the same old time fervor as of yore. In Mr. Warner's absence the Oregon elements, during the snow and wind storm, worked considerable hardships for him as it blew his barn off the foundation and he is now getting ready to put it back on again. As is his custom Mr. Warner was not long idle after returning, as he immediately went to work. He says he can always find work in Estacada.

The Roley-Horner Lumber Co. have completed their mill structure and start running regularly today.

Conversation overheard the morning after the nigger visit. "Good morning, Bill." "Morning Roy. Did you have a visit from the twins last night?" "No. It seems only the high class folks were visited."

To-day is "All Fools' Day." April 1st.

Are you a "booster" for Estacada. If not, why not?

The farmers have been making good use of these fine days.

Easter comes on Sunday, April 11th. The boys and girls will be looking for fancy eggs.

\$275.00 will buy a Conover, upright piano, Colonial style, mahogany finish, practically new. Retail at \$425.00.—Estacada State Bank.

Two desirable lots, small house with water on the premises. For sale. Easy terms. B. P. Scott, or inquire of the Progress Office.

Is your farm for sale? If so, write to or call on The Conant Realty Co., Room 5, 250 1/2 Alder St., Portland, Ore.

The Progress and 'Human Life for one year. Price of both \$1.50 PROGRESS and Weekly Oregonian one year, \$1.50 PROGRESS and Semi-Weekly Journal for \$1.50 a year.

We have several pieces of property left with us to negotiate a sale for. Intending investors in Estacada will do well to consult us as we may have just what you want. Inquire at the PROGRESS office.

And it was not an April-fool-day joke either that a number of the boys are laughing at. It happened this way, a certain would-be-prominent citizen of Estacada hung a placard on Broadway with "Gone but not forgotten" printed on it. A friend who happened to notice the transaction put these additional remarks on the card, "This was put up by the chicken thief." It is said the would-be-important citizen coming along later in the evening took it down. He can tell you why if you ask him.

Estacada Mercantile Co. in Their New Building

The Estacada Mercantile Co. have about completed moving their stock into their new store room. It will take some time yet before all the goods will be arranged to their satisfaction, which will be done as speedily as possible. The new quarters they occupy are commodious, well arranged and modern in every particular. The enterprise is a great benefit to the public and a substantial and enduring monument to the early business sagacity of its promoters. It is such men as these, willing to place their money and take the business risks, that build up a community. We predict a bright and successful business career for the promoters of the Estacada Mercantile Co. for they deserve it.
