EARTHQUAKE **CLAUSE VOID**

Insurance Companies Must Pay San Francisco Losses.

Test Case Is Won by Irsured on Appeal - Insurance Policies Cover Fires Due to Dynamiting-Policy Holders Can Also Collect Interest for Three Years.

San Francisco, May 11.—An important decision relative to the earthquake clause of fire insurance policies was handed down today by the United States Circuit Court of Appeals. It directly affects several hundred pending suits against insurance companies for losses sustained in the great fire of April.

either the management or the publicity campaign. On the contrary, they deciare that the imminent influx into the Northwest is due more largely to Northwestern rescurees and home possibilities and to Northwestern and Alaskan scenery and romance, more than to any other power of attraction.

In telephoning, the operator talks into the mouthpiece exactly as with reply through a head phone instead of a receiver. In order to get into communication with a wireless telephone station, it becomes necessary to get the instrument to the known tune of the other station and then press the buzzer key which calls the person to the phone at the other end. The conversation is then carried on as if the two operators were face to face.

The mechanical principles upor which the radio wireless telephone de pend are simple enough, although there non of wireless telephony.
