For right is right since God is God And right the day must win; To doubt would be disloyalty

To falter would be sin.

To the citizen of Estacada we want to say this is the time for you to stand by your own and your city's interest. The men who are responsible for the conditions existing and have done not one commendable thing, should be shown by your vote that you will not allow any man, for his own personal aggrandizement to sacrifice your interests, to accomplish it without your protest. It is not enough to say that some of these men have been and are good men on the Council. When they stoop to aid a man work against your interest, and aid him to do your personal and city interest harm, they did you a greater wrong than the principle. They helped him do a thing he could not have done. Our

We spent a few leisure hours

in the Springwater notes in last week's issue. The Saturday base ball team defeated the Elwood second team instead of their first team, as reported.

Regarding the subject of strife apply to Springwater as well as Essumed one of another." Also 'Judge not that ye be not judged."

Estacada and surrounding country is fast becoming famous, not alone for its fine produce but also for its stock. We note that at the recent Portland Kennel Club's annual dog show, that the pair of thoroughbred Airedale dogs, owned by Dr. and Mrs. Adix won the two first and two second prizes for best Airedales in their class. Also Mr. Botkin's Great Dane won first honors at same place.

The Airedale is the best general world, being capable of being trained for any kind of work about the farm, and for a game dog has no capture criminals and won the highest score over all classes of dogs in the tests recently held in Europe for the best all-round dog. A sad incident to relate has just taken note of the queer things done by him, and it has been poticed that he has been failing, consequently the local lodge of I. O. O. F., of which he was a member. finally took action in the matter and Deputy Miles, of Oregon City, went to Portland on Sunday and induced Mr. Richards to accompany him to Oregon City where he was kept under restraint at a until an examination of his sanity could be made, which was done on Monday. After examination by an insanity commission, was declared insane and committed to the hospital for the insane at Salem taking a car, in care of an attendant sent from Salem for this purpose, at four o'clock P. M. Monday. His peculiar form of mental aberration as diagnosed by Dr. Adix and confirmed by the insanity commission is Paresis, a not uncommon disease and one whose termination is fatal. The I. O. O. F. Lodge has taken charge of him and his family and will try to straighten out his business at the earliest possil-le moment. The lodge committee consists of J. W. Reed, E. M. Miller and Dr. H. V. The Publisher's Claims Sustained

UNITED STATES COURT OF CLAIMS The Publishers of Webster's International Dictionary allege that it "is, in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation." and severer requirements of another generation."

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been toroughly redited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world hasever contained.

It is perhaps needless to add that we refer to the dictionary in our judiciel work as of the highest authority in accuracy of definition; and that in the future as in the past it will be the source of constant reference.
