That Oregon has immense trade possibilities with China, which offers a great market for the manufactures as well as the raw products of this country, is the opinion of Quan Kai, a wealthy Chinese merchant. He believes an era of closer commercial relations with the United States is about to dawn for his country and he welcomes a larger commerce with the Pacific Coast. Quan Kai says his country is entering upon a period of expansion and must have railway materials, machinery of all kinds and manufactured products in addition to the lumber, wheat and flour, the chief commodities secured from this Coast, saying that his people prefer to trade with this country in preference to the English and German exporters who have the bulk of this trade at present.

California business men on the recent trade excursion north got a lesson from modern, enterprising Medford. A city of 6,000 people took the party of 100 visitors out in autos and had enough cars left over for as many more. Could any California agricultural city of the same size, not a center for tired out and back number millionaires, have turned a like trick?

The editor and family acknowledges the courtesies of the Oregon Commission and desires to say that all who find it at all convenient in our community to attend the Fair on Oregon Day will be well entertained and add to their store of knowledge and very probably will not need the money spent a century from now.

LOCAL NEWS

Revival Meetings

The meetings at the Methodist Church continue with increasing interest. In spite of home duties and the busy season the meetings are well attended. Last Sunday was the big day of the week a sort of culmination of the week preceding, when a number of conversions resulted. Besides this the church is being quickened and believers are built up in their faith.

Brother Van Marter continues to preach his searching sermons with power and effect. Plans are under way for a big day next Sabbath.

Expectations for a genuine feast on the glorious Fourth will certainly be realized if we come with a willingness to receive. It may be new to Estacada people to emphasize religious matters on the Fourth, but we may be assured that the best preparation for patriotism is christian living.

Bring your dinners, those of you who come from the country, and stay all day. Efforts will be made to accommodate all who come. Let all join in to make Sunday the biggest day of the entire series of meetings. The public is cordially invited. Those who have heard Van Marter from day to day have been greatly helped by his messages. You can do no better than to take advantage of the opportunity of hearing him.

\$275.00 will buy a Conover, upright piano, Colonial style, mahogany finish, practically new. Retail at \$425.00.—Estacada State Bank.

Mrs. Geo. Estes, Mrs. Fannie LeCompte, of Portland, and the Misses Arrie and Allie Black, of Roseburg, and Mrs. Mable Smith, of Sellwood, were friends of the Belifs that were among the picnics on Wednesday.

P. D. Hunt, Traffic Manager of the Portland Railway, Light & Power Co. was in Estacada on Wednesday and informed us the Progress office and informed us that plans for the new depot were about completed and when they were, work would be immediately commenced on the new structure.

Can We Really Better Your Salary?

THAT we can enable the average worker to increase his earnings is a fact that has been proved by 17 years of success in so doing. From an "experiment" with one Course of Instruction the I. C. S. has grown to be the largest educational institution in the world with 208 Courses and a million students enrolled. The proprietors of this institution (the I. T. Co.) have an invested capital of nearly 6 million dollars, own and occupy 5 buildings covering 7 acres of floor space, and have a private printing plant turning out 3 1-2 tons of printed matter per day which is used exclusively by this concern. Over 125,000 I. C. S. students have been awarded Diplomas or have made considerable progress in the advanced subjects of their Courses; 225,000 more have completed mathematics, physics, drawing, and other preliminary subjects with the assistance of the faculty of the Schools; and several hundred thousand others without sending in written exercises for correction have successfully pursued their studies from our unique home-study textbooks.

I. C. S. TEXTBOOKS

EASY TO LEARN. Because they are simple, clear, concise, exact.

EASY TO REMEMBER. Because each Course is a logical chain; to remember one link is to remember the chain.

EASY TO APPLY. Because they are made to meet actual needs in actual practice.

Gene Lewell and Albert Fulson gave a dance Saturday night at the former's house. Some of the boys raided the pantry but kindly left Gene a can of unground coffee to live on until he could get in town and stock up.

Mrs. Bertha Drew and her little boy are visiting her mother, Mrs. Genserowski. Earnest is teaching the youngster some very choice language.

Mr. Fred Horner is giving several of the young people of Springwater lessons on the violin. More music for next season's dances.

The Springwater Saturday ball team was overwhelmed by the Logan team in a one sided game by the score of 24-3. Those Logan boys want to be careful or someone will get the sheriff after them.

Springwater's Sunday team won over the Logan second team 11-5. The noise from young Babier, Logan's second sacker was a feature of the game. We will back that kid to out-talk any fellow in the county.

Mrs. Warnock is visiting her son in Colfax for a short time. Uncle Mace keeps the kitchen window open so as to let the smoke out when he burns the biscuits.

Mr. Suter, of Eagle Creek, was visiting his sister, Mrs. Wilcox.

Bids are now being called for on a new mail route which will give Springwater two deliveries a day.

MATRIMONIAL NOTES.

Mr. George Reed bought a new buggy the other day.

Pres. and "Uncle Sam" Howell have just finished painting their house and now intend to put on a new porch.

Mr. Wm. Tucker is building an addition to Kilgore's house.

WHERE WORLD'S WORKS OF ART WILL BE HOUSED AT A-Y-P. EXPOSITION, SEATTLE.

In this building will be exhibited many priceless paintings. The display will represent the art galleries of the world, for many of these pictures will be the work of the old masters, including rare art exhibits from the Corcoran in Washington, the Art Museum in New York, the Chicago Art Institute and from a large number of private galleries of wealthy men in the United States and Europe, who have for years made the collection of famous old paintings their hobby. Paris and London have made large loans.

At the Alaska-Yukon Pacific Exposition the selection of pictures will be limited to the works of men who have been recognized in the great art competitions in all parts of the world. Many American artists will be represented in the display in the Fine Arts Palace at the Exposition and arrangements have already been made for the shipping of these valuable paintings from art institutes of this country to Seattle.

G. L. Berg, art director of the Exposition, has visited all of the leading galleries of the United States, collecting the pictures suitable for display at Seattle, and writes that the pictures already loaned will constitute one of the greatest art displays assembled for international exhibition.

The Fine Arts Building is a fireproof structure and was one of the first buildings completed on the Exposition Grounds. It cost more than \$300,000 to erect the building.
