Two Minute Title Talks

TAKE NO MAN'S WORD

Your lawyer merely saying a given title is good will not make it so. In fact, he won't say it unless he has investigated.

And there's only one method that has ever been devised for making such investigation—by means of an abstract.

If the President of the United States, or the highest judge in the land should tell you off-hand the title is all right, it could not bestow title.

It takes a written grant.

Take no man's word about a thing so important.

Insist on an abstract—a document that will pass muster anywhere.

The reliable abstract of title of Clackamas County titles are made by

School Opened On Tuesday

The Estacada school opened last Tuesday with a good attendance and now the merry peal of the school bell can be heard, ringing and calling the young folks to come and receive an education. The school force this year is comprised of good and able persons throughout.

Miss Jones, the primary room teacher, comes from Corvallis. She is a graduate of the Los Angeles State Normal and the Oregon Agricultural College, has had 8 years teaching experience and was last year employed in the Corvallis primary room which position was offered her this year, also. She holds a life diploma.

Miss Pruner, the intermediate room teacher, comes from Roseburg. Nothing need be said of her work as this is her third term in the Estacada school and her successful record is known to everyone here. She holds a first grade certificate.

Miss Tracy, the grammar room teacher, comes from Drain. She is a graduate of the Drain Normal and holds a state certificate.

Miss Beach, the high school assistant, is a graduate of the Portland High School and the State University also having studied in the Berkeley University. Her work consists of instruction in english history and latin. She holds a life diploma.

The high school course consists of the full four years and will boast of a graduating class this year. No tuition is charged in the high school for pupils living outside of this district. Eighty dollars has been expended for laboratory supplies and more will be added during the year.

All rooms, except the grammar, were full on the first day and there are still many pupils to come.

August Stubbe has been secured as janitor for another year.

Miss Kittie Ellen Reagan went to Portland on Saturday and met Mrs. G. Doering and her daughter, Miss Ottile, who returned with her and spent Saturday and Sunday visiting here. Conklin's place in Garfield, recently purchased from Mr. Holder.

Estacada's new depot is certainly a dandy. Agent Dillman is now comfortably located in his new office in the addition, which has just been completed. The depot is finished throughout with a fine grade of wood and certainly presents a very pleasing appearance. A new board walk has been laid, and a good sized dock built on the west end. Taken all together we believe it's just what we've been needing for some time.

Mr. H. F. LaBrecque, of Portland, has added a new confectionery store to our list of business houses. He has remodeled the building formerly occupied by J. R. Wilson for a saloon and has fitted it up for a home and store. Mr. LaBrecque has not been in good health for some time and hopes to be benefited by our climate. He was a conductor on the railroad for a number of years. He desires to meet all his old friends at his new place of business.

Dies Of Dropsy

Peter Held, an old resident of George, died of dropsy at his home at that place on Saturday. Mr. Held has not been in very good health for about three months.

He was born in Germany in 1835, being, therefore, at the time of his death, seventy-four years of age. He moved from Germany to Australia and later came to America. He settled at George in 1873, being one of the first settlers in that place. He is survived by his wife, one daughter, Laura Wismer, of Bethany, Oreg., and one son, William at home.

The funeral took place from his late home on Monday at 10 o'clock. Interment in the George cemetery.

Dies Of Paralysis

John Nybecker, an old resident of Elwood, passed away on Tuesday. Mr. Nybecker had lived in Elwood for about twenty years. A short time ago he was stricken with paralysis and was brought to Estacada for treatment. He was a shingle weaver by occupation and was about 67 years old. So far as we know he has but one relative, a brother, Charley, of Napa, Cal.

Rachael Reed entertained Hattie Belfils, Clema Harkenrider, Fannie Campbell and Hazel Bralford at a 5 o'clock tea last Tuesday.
