Yale University has become the cus odian of a prize of \$100,000, the name

of the donor remaining a secret, but known to be an alumnus of Yale, which is to be given to the person who first discovers a cure for tuberculosis. The trustees have invited many well-kno physicians to become members of a board whose duty it will be to pass on the merits of cures submitted. The interest on the money will be used in investigating such cures and to pay the expenses of quarterly meetings of the Advisory Board. To prevent the conideration of bogus remedies, one condition is that any remedy to be considered must have been in use five years and backed up by testimonials hat it has resulted in cures. The obect of the prize is to encourage the ceking of a cure.

Charles P. Taft, brother of the President, has purchased a rare portrait, probably the finest of its kind in the world, in Limoges enamel, for which it is understood me paid \$100,000. It is portrait of the Duke of Nevers, by imousin, a sixteenth century artist.

Syrian immigration may be considered soon by the President's cabinet. The courts have held that Syrians are entitled to naturalization, but the naturalization bureau has taken the opposite view

The Chicago, Milwaukee and St. Paul Railway has just been awarded gold medal for the large map of the United States exhibited by that company at the Golden West exhibition. Earl's court, London, last summer. This map was over forty-nine feet in length and over thirteen feet in height.

Edwin Ginn, a Boston publisher, has made provision in his will that upon his death \$1,000,000 shall become available for the cause of universal peace. Mr. Ginn will contribute \$50,000 nually to the peace cause during the remaining years of his life.
