The correct way to pronounce it is Es-ta-ca-da, accent on the third syllable, a having the sound of a as in ah in the two last syllables.

Pending timber sales from the national forest reserves of Oregon and Washington will mean a revenue to the two commonwealths of more than \$500,000. This sum will go to the school and road funds of the two states, the counties benefited being those in which the timber grew.

Sales this year will be the heaviest yet made from government reserves. Last year sales in the two states aggregated 130,000,000 feet, board measure. This year proposals have been made for the purchase of about 650,000,000 feet. Growing scarcity of timber on private holdings is leading millmen to the reserves for logs. This increase is expected to continue for the next few years until the point is reached where only mature timber will be cut.

Stumpage prices this year charged by the government are about \$2. The forestry law provides that 25 per cent of the stumpage revenue shall go to the state where the forest is cut. This means that the revenue to the two states for the coming year from timber cut off forest reserve lands will be about \$1,200,000.

Numerous important conventions of interest throughout the Northwest are scheduled for Portland during the present month. The Oregon State Federation of Labor and the Northwest Retail Hardware & Saddlery Ass'n. opened their annual gatherings on Monday, January 10, and interesting sessions are being held by both of these bodies. Good attendance has marked the conventions, the delegates being widely representative of the Northwest states. The Oregon Retail Hardware & Implement Dealers' Ass'n., which embraces those portions of Washington tributary to Portland, as well as this whole state, will meet in Portland January 18 and 19, and the Pacific Federation of Hardware & Implement Dealers' Ass'n., will meet here January 20 and 21.

Oregon ranks seventh among all the states in railroad building during 1909. These figures are compiled by the leading railroad publications of the country and show that the Beaver state added 134 miles to its railroads during the year just closed. The Pacific Northwest is declared to be the great goal of competitive railroad building in the United States. The struggle of the railroads to enter Central Oregon is detailed and development in the Willamette Valley and in the Oregon Coast country is recorded. This is a far better showing for the past year than was made in 1908, when 79 miles of new railway was built in this state.

The Young Peoples Societies of Christian Endeavor throughout the state are planning to send full delegations to the big state convention to be held in Portland February 15, 16 and 17. Dr. Francis E. Clarke, of Boston, president of the World's Christian Endeavor Union; General Secretary William E. Shaw, and Dr. John Willis Baer, president of Occidental College, are among the prominent names that will be on the program.

The Redmond Commercial Club, just organized at Redmond, Or., is one of the latest members of the Oregon Development League, it having applied for and been admitted to fellowship in the big family of Oregon's most progressive communities. There are now 102 duly accredited members of the Oregon Development League.

A large family by the name of Glovers started early to conquer the wilderness, but typhoid fever got into the family and cut down their number by half in a short while.

Welcomed Home

On arriving at the home of the bride Thursday evening, Mr. and Mrs. Chas. Sparks were given a noisy reception by their many friends of the community. After partaking of the cake, lemonade and champagne and extending much joy and good wishes to the happy pair the merry party adjourned to their homes.

Mr. and Mrs. Sparks will move to Estacada where they will make their future home.

Rhodes Scholarship From Oregon Awarded Mr. Cecil K. Lyans

Former Student Of The University Of Oregon Gets Three Years Schooling At Oxford

University of Oregon, Eugene, Jan. 4: The Rhodes Scholarship from Oregon for the present year has been awarded to Mr. Cecil K. Lyans, a graduate of the University of Oregon in the class of 1909. The award was made by the State Rhodes Scholarship Committee, which met in Salem last Saturday.

During his course at the University of Oregon, Lyans was an exceptionally strong student and took a prominent part in debate. He earned his own way through the University, and is now teaching in the Coquille High School.

Buy Boilers And Machinery For New Plant

The Portland Railway, Light & Power Company has contracted for eight 450-horsepower Babcock & Wilcox boilers, which will be installed before August 1st in the new electrical plant they are building on the East Side. They have also contracted for three 200 kilowatt generating units, consisting of two General Electric turbines and one Hamilton-Corless cross compound engine, which is the largest of its kind in the Northwest, its cylinders being 34x38 inches, with a stroke of 54 inches.—Portland Daily Abstract.

The Currinsville Drama Club have started rehearsing the new play known as "Pay Streak."

A certain one of our citizens asked me to explain to the public, in reference to the mask party, the "insult to the people of Currinsville" and also if he were one of those making a disturbance. In answer to the first I may say, the item in reference was no insult to the people but a protection to them, for how many would like to see it occur again? I did not say that they were all misbehaving that were there and I think if the people that feel so hurt over the matter will stop to think they will agree with me that a few were careless and needed to be reminded of it. In answer to the second I may say that I did not mention any names of those out of order and am surprised at the ones taking offense, especially this particular citizen, I am not prepared to answer for this citizen's behavior and I think he should be the judge, for who should know better than himself whether he was misbehaving or not.
