\$200,000,000 IN DIVIDENDS.

Corporations Report Great Prosper ity for Past Six Months.

New York, Jan. 25.-January dividends in stocks of nearly all the great corporations of the country have been reported as the largest on record— \$202,032,602, but if the present prosperity continues the next July divi-dends will be quite as large, if not

The majority of the large corpora tions have their transfer offices and financial agencies in New York city State Presented in a Manner to and pay the dividends on their stocks Catch the Eye of the Busy Reader and interest on their bonds through -Matters of National, Historical them here semi-annually, in January and July. A few of them pay quarterly through the same agencies.

The total dividends and interest paid by 150 of the most prominent railindustrial corporations during this month amount to \$202,203,602, an inannual dividends and interest paid by Speaker Cannon assures his support to the \$30,000,000 bond issue to aid This total does not include thousands of smaller firms and corporations in New York which undoubtedly paid an equal amount, nor thousands of corporations in other parts of the country, which are just as prosperous and have

enjoyed similar profits.

Of the 150 corporations referred to, 22 increased their dividends for January, 16 paid dividends this year for the first time and four reduced their dividends I per cent per year, or less, for various reasons.

Few people realize the extent of the aire, has given away \$4.000,000, and country's prosperity. The quarterly says he intends to die penniless. He dividends which will be due in March next will amount to about \$87,000,000 which is \$12,000,000 in excess of the total of any previous year.

The 150 railways and others corpor tions by which these dividends are paid represent about \$40,000,000,000 curities, bonds and stocks,

Our farmers have enjoyed a most prosperous year. acres, upon which the charge for build-Dairy products have brought higher ing the project is to be \$50 per acre, prices than at any time during the last decade; other produce has also been good demand at high prices.

Hundreds of men are engaged in the construction of a railway which will be of inestimable value in determining the future of this fertile region, as yet comparatively undeveloped, but rich in natural resources. It will deliver Tillamook county out of its isolated state and bring it directly in

touch with the outer world.

The coming of the railroad will mean cannot in any case be acquired before wonderful transformation from a comparative wilderness without any regular transportation facilities during the last 25 years, to a country wherein many new homes will be built on now vacant lands. Mills, factories and other industries will be in operation soon, giving employment to hundreds

Stayton Has Big Boom. Stayton — Building operations in Stayton in 1910 will undoubtedly exceed by fivefold those of any year in the town's history. This is true alike

f business structures and dwellings. Stayton lodge of Odd Fellows will egin shortly the erection of a twostory concrete block on Third street. It will cost \$10.000. Jake Spaniol has plans drawn for a two-story re-enforced concrete building 50x100, to rise this spring, the ground floor to be used by his plumbing shop, the upper portion fitted for apartments. W. L. Freres, the local banker, is figuring on another concrete block to be built on Third street, along the Salem ditch. The Stayton Mail will use the main portion of this building as a printing

Road improvement is going forward in half the road districts of Marion county, and the city streets here will be macadamized this season. All downtown sidewalks and curbing are being made of concrete, about half the work being already finished. A city ordinance passed last year makes it compulsory that all old walks be relaid n cement, as well as all street cross-

Coos Bay's Lumber Men Raise Prices

Marshfield— Lumber on the Coos Bay

The Dalles—The poultry show, which is scheduled to be held in this city at Coos Bay's Lumber Men Raise Prices retail market will hereafter be higher, according to an announcement made by the retail department of the C. A. Smith Lumber & Manufacturing company. The local prices have been beow other points on the coast, but because of the increased demand for the ure as an important industry, but this umber it was necessary to put up lum- year they will outdo themselves prices. The advance in finished per is from \$20 to \$27 a thousand, but the average advance on all lumber is about 20 per cent. It is claimed this s in keeping with other commodities.

Will Help Crops. Ashland-Following the high winds

of last week a light rain fell, which turned to snow as it fell, and two inches of snow was the result. Fruit growers claim that the protracted cold spell has retarded budding and will lessen the danger from late frosts. They delare the season to be the most favorable to large crops. Winter grain has not been injured in this district and no lamage to any crops has been reported

Will Use Gasolene for Power. Ione-Beall & Co., of Portland, bave surchased 800 acres of wheat land near this place, and will demonstrate use of gasoline for power instead of orses. A 45-horse power engine will be used on the land. If the experiment proves a success, and there is little doubt that it will, as similar machines have been successfully operated in Gilliam county, near Heppner, more nachines will be put into use.

Improving Streets of Hermiston Hermiston-The Newport Land Construction company has about 40 head of horses at work filling the sink on East Main street. This improvement will do much to enhance the valne of that part of town. Work is also This street is to be graded for about three-quarters of a mile, sidewalks laid and trees planted in the parking area. 226,23c.

AVIATION MEET CLOSES

Curtiss Wins Speed Contest; Paulh Height and Endurance.

Aviation Field, Los Angeles, Jan. 21, As dusk gathered over the old Doninquez ranch tonight four flying ma chines that had been circling in the air in rivalry of the meadowlarks that for so many centuries have held do-minion there, settled softly to earth. The masters of the newest air craft walked to their tents, the great crow Hermiston - Twelve hundred acres unprecedented prosperity and a corresponding era of development in the be thrown open for settlement Februin America was over.

All was peaceful and but few knew that one man had been near death in those last few minutes. Charles K. Hamilton was returning from a 15-mile flight toward the ocean, and while

To ship it would have meant a help-less drift upon the sea. To the aero-plane it means so little that no one in the crowd noticed anything wrong.

Hamilton shut off his engine and so leveled and swayed his planes that he was wafted gently down, touching with scarcely a thud. It was the best the offices of the association in Hermispiece of emergency handling of a ma-chine that has been seen at the meet. Curtiss and Paulhan—the great riv-als of the meet—furnished the excite-ment for the closing day. Paulhan went up at 3:25 o'clock for an endur-ance flight. After he had gone two or three laps of the course. Curtiss 3,952 acres, of which between 1,000 and 1,200 acres comprise government Opportunity will be given to take farms varying in size from 10 to 40 or three laps of the course, Curtiss started on a ten-lap speed trial, half a lap, or more than three-fourths of a mile behind Paulhan. Instantly it was seen that a great race was on—the first real race of the ten days. ing the project is to be \$50 per acre, payable \$18 at the time of entry and

only additional charge will be the one The two airships, full power on, came over the grandstand with the speed of express trains. Curtiss, it was plain, was gaining. He crept swiftly on Paulhan's heels, and on the dollar per acre annual maintenance fee. his homestead right is entitled to make entry on any unoccupied farm unit on the project. The settler has six months from the time of making entry The settler has six third lap after starting he reached Paulhan, flying above. The French-man for a few seconds held his own, then Curtiss, in his American machine, to establish residence and before the ing on the ground. Title to the land forged ahead by a nose, a length, and finally by half a lap. It was no race after that. The American machine was demonstrated as the faster be-

ond question.
As Curtiss rushed over Paulhan he Hillsboro-It is thought that the re received the greatest applause that any of his efforts have evoked. Paulhan cent freezing weather has done some damage to fall wheat, but it is difficult of his efforts have evoked. Paulhan went on until he had traveled 64.4 miles and had been in the air nearly an hour and a half. Curtiss came down after a 30-mile trip.

This race gives the whole story of the meet. The Curtiss machines have to estimate the extent of the injury, as some snow remains on the fields, and the freeze has not yet gone out of the ground. This county has no very large acreage of fall grain sown. No re-ports have been made of the effect on

won all the prizes for speed, quick starts, perfect landings, and those events where a light, swift machine the hop crop and none will be available until later in the winter. A few showed best.
Paulhan has won all the cross-cour

try, passenger-carrying and endurance tests, having a heavier, slower machine and an engine which he trusts com-pletely. Paulhan has taken more than \$15,000 in prizes, and has broken the far, as the sap has not yet started to flow and the cold weather is retarding No appreciable damage is likely to result unless warm weather comes to bring up the sap before danger of world's records for altitude and for ross-country flights, alone and with passenger.

A medal presentation took place after this, then Paulhan went upon his endurance flight. The French machine fruit outlook is much improved by reason of last season's careful spraying.

ever seemed to run so smoothly. M. Cleary, Paulhan's distinctly Eng sh manager, was filled with emotion He broke out as follows:

"Look at her! There she goes!
Watch the turn when the sun glints the white planes! Isn't it mystical-something above men? By Georgeike a magnificent albatross after

thunderstorm. Now it's lost on the

TAFT WILL FIGHT MERGER. Lovett Expresses Confidence Railroad Will Win.

Washington, Jan. 21.-It was stated Poultry Show Will Be Big Event authoritatively today that the govern-ment suit for the dissolution of the merger of the Union Pacific and Souththe pavilion skating rink February 10, ern Pacific railways would not be 11 and 12, is showing promise of bedropped. REDUCED TARIFF IS DEMANDED

Farmers Declare Duties Should Be Reduced On Necessities.

Fri-State Meeting at Walla Walla Adjourns-Delegates Go On Record As Urging Many Important Legistive Enactments by Congress-Want Parceis Post System.

Chicago, Jan. 22.—Westward the meat boycott makes its way, gathering momentum as it passes. The "no meat" propaganda started in Cleveland has spread as far west as Den ver and promises to project its in fluence to the Pacific coast. Labor unions and federations, church

rganizations, women's clubs, city councils and even state departments of justice in the west are lined up in the fight against what is generally be lieved to be an intolerably high plane of prices for table foods. The feeling was intensified tonight when the an-nouncement came from Washington that the federal department of justice was planning to proceed against the beef packers.

Dispatches tonight from Kansas City, St. Louis, Pittsburg, Milwaukee, St. Joseph, Memphis, Omaha, Montgomery, Detroit and other cities tell of the spread of the anti-meat campaign and of the pitch of indignation to which the masses are aroused.

If the prospects painted today in telegraphic dispatches are borne out by facts later, next week will see at least a million persons between the

by facts later, next week will see at least a million persons between the Allegheny and Rocky Mountains pledged to abstain from meat. Advices from Kansas City are spe-cific. The prediction is made there that 80,000 persons will join the eato-meat movement. Labor leaders are active, enthusiastic and effective in their efforts. The Carmen's union, with 300 members, voted today to abstain from flesh food for a month. The Allied Printing Trades council, representing 5500, the Building Trades council, and the Industrial Trades council, representing 13,000 members of 99 crafts, have called meetings with the avowed purpose of advancing the

boycott cause.
'Assist in the movement to de crease the price of meats." A list of vegetable dishes followed. Omaha is taking up the same questien. Des Moines citizens are freely signing petitions urging abstention. Word comes from the south that Memphis, Nashville and Baltimore not only pais, Nashville and Baltimore not only are talking boycott, but are acting upon it. Baltimore has adopted a button bearing the legend "I don't buy meat; do you?" This follows a resolution by the Federation of Labor

ndorsing the boycott.
The St. Louis Women's Trade Union league is discussing the subject, and petitions circulated by women advo-cating the abolishment of meat from cating the abolishment of meat from all tables are being numerously signed. Ohio towns constitute a stronghold for the crusade. The Canton Central Labor union has adopted a strong res-olution. In Cleveland the effect of the

olution. In Cleveland the effect of the movement already is seen in a reduction of 15 cents per 100 pounds in beef prices. Eggs are down. Pork, however, shows no decline.

New England apparently is ignoring the movement, but in New York there is evidence of activity. Scores of laboring men and others are making pledges to abstain from meat for 30 days, while many others are only eat. days, while many others are only eating meat once a day.

ANTELOPE FEED ON HAY.

Eat Fodder Intended for Starving Wyoming Flocks.

Sheridan, Wyo., Jan 99 Stock in this section are still alarmed over the shortage of feed due to the proonged unfavorable weather. Heavy losses are reported in listricts, many sheep ause the owners could not get food for them. Losses aggregating 20,000

An additional cause for apprehen sion is felt among the flockmasters of the Powder river country, about 90 miles southeast of Sheridan, where 200 head of antelopes suddenly appeared this morning and took posses-sion of the ranch of John Cooper on the middle fork of Powder river, be tween Kaycee and Sussex.

Nicaragua Is Torn Anew Managua, Jan. 22.—The Madriz gov. ernment has ordered the arrest of all Conservative leaders in Managua, Granade, Masaya and Rivas. The discovery of a widespread conspiracy against the Madriz regime is given as the reason. Two Managuan leaders Benjamin Elizondo and Fernando So orino, were the first Conservatives to expected at once in Granada. The is sue is now clearly defined. It is war to the death between the Liberals and the Conservatives.

Washington, Jan. 22.-Confirming the story of his readiness to retire in favor of Theodore Roosevelt, Representative Cocks of New York, who represents the Oyster Bay district, where the Roosevelt home is located, added today that he had informally talked the sul-ject over with Mr. Roosevelt. "Th talk was entirely informal," said Mr Cocks, "and the president's expres tions were given in a tentative way incidentally the fact that John Quiney Adams had occupied a seat in congress subsequent to his presidential term was brought up."

Billboard Firm Loses, Tacoma, Wash., Jan. 22. - Superior Judge Shackleford today denied the petition of Foster & Kleiser for a writ of mandamus to compel City Building Inspector Trust to grant a permit for the erection of a bill board on Puyallup avenue. The court sustained the de-murrer of the city attorney sustaining the validity of the new six-foot bill board ordinance. The petitioners con-tended that the city ordinance limiting the height of bill boards to six feet was invalid.

Revenue Receipts Grow. Washington, Jan. 22.-Internal revenue receipts for the current fiscal year continue to show a marked increase over the fiscal year ended June 30, Hides—Dry, 18@19c per pound; dry was enveloped in flames and crashed to salted hides, 10 \@11c; salted calfskin, 19@21c; salted calfskin, 15@16c; green, 1c less.

Hides—Dry, 18@19c per pound; dry was enveloped in flames and crashed to salted hides, 10 \@11c; salted calfskin, 15@16c; green, 1c less.

Here today. The gasoline supply-tube continue to show a marked increase of the mediation proceedings between various over the fiscal year ended June 30, western railway officials and their 1999. December receipts amounted to switchmen is likely to be reached with the ground. The aviator escaped with a few burns.

MAKES ANOTHER RECORD. Paulhan Flies 23 Miles and Returns

Safely to Starting Point. Aviation Field, Los Angeles, Jan. 19. -Louis Paulhan, in his Farman biplane, made today what aviation ex-

perts here consider the most remarkale cross-country flight in astory. On the wings of a wind that the other aviators hesitated to face, the little Frenchman rode from Aviation field to "Lucky" Baldwin's ranch, 23 niles away, circled the old Santa Anita racetrack and bucked his way back to

his tent. In all he covered an estimated distance of 471/2 miles in one hour, 2 minites, 42 2-5 seconds. He went down with the wind in 30 minutes and came back against it in 33 minutes, leaving off the odd seconds.

The country over which he traveled was the valley lands of the San Gabriel river and the plateau leading to the ocean. He could have landed at almost any place, but he did not. When he limbed out of his car he said his motor was as cool as when he started and that he could do the trip over again at

In sheer beauty and contempt of langer the flight rivals that seen on any of the aviation fields of the old world. The only test approaching it n this country was that made by Wilour Wright last fall, flying with an army officer from Washington to Alexandria and return, a distance of ten niles.

Bleriot, Latham, Farman and Cody have made flights nearly as long, perpaps, but they have not come back. Cody flew 40 miles at Aldershot' in 62 ninutes last fall. Farman took a 20nile run to spend a day shooting with a friend, but he landed at one end of is journey.

Cortlandt F. Bishop, president of the Aero club of America, said tonight that e did not know of any flight equal to Paulhan's. It is probable that the prize of \$10,000 will go to the French

There will be a good deal of official condering and cabling, however, before new world record is added to the lory that already belongs to France. Paulhan maintained an altitude of from 1000 to 2000 feet on his way over the valley. His highest point was 2130 feet, as indicated by the instrument in his car. Under him, speeding over the country roads, scattering chickens and domestic animals, were motors trying to keep in touch with him in case he should fall or have to descend. Mme.

oraying and crying.
When Paulhan reached the grandtand, on his return, he was mobbed. The crowd broke through the barriers. The spell under which they had sat for an hour, straining to see the speck in the sky, broke in an eestasy. The aviator was lifted up and borne over the field as a football hero would be treated, after a championship game. His own countrymen kissed him and went in joy. wept in joy.

MINIMUM RATE ANNOUNCED. President Issues Tariff Proclamations to Six Nations.

Washington, Jan. 19 .- The president ssued today his proclamations in which it is declared that, under the new tariff law, Italy, Great Britain, Russia, Spain, Turkey and Switzerland are entitled to the minimum rate im-

The proclamations, which are identical, provide that because Italy and its ariff rates against the products of the United States and pay no export duty on products sent to the United States that discriminate, the president proclaims that on and after March 31, 1910, Italian products shall be admitted inder the minimum tariff. The proclamation is signed by the president and by Secretary Knox.
