TURNS DOWN METHODISTS.

Roosevelt Deplores Tumult Caused

by Vatican Incident. Rome, April 6.—The chief material development in the Roosevelt-Vatican incident today was Mr. Roosevelt's repudiation of an attempt of the Metho-dist organization here to interpret his action as an indorsement of its work.

This repudiation took the form of calling off a reception to the members of the American colony, which was to have been held tomorrow night at the embassy, and it resulted directly from the issuance of a statement yesterday by Rev. B. M. Tipple, pastor of the American Methodist church, in which he severely arraigned the Roman Catholic church.

Mr. Roosevelt continues to deprecate n the most vigorous fashion, the fierce religious tumult caused by the inci-dent, which he regards as personal to himself, and continues entirely confident that his countrymen, Catholic as well as Protestant, when the facts in the case are clearly and dispassionately examined, will sustain his position.
