Watch Her Grow.

Daniel O'Connell Lively, of Portland, Ore., who is somewhat of a booster himself, tells a story of two Seattle boosters who met in Portland.

"Hello, Jim!"

"Where'd you come down from Seattle?"

"I left yesterday morning."

"I came down last night, and say, Bill—"

"Hello, Jim!"

"What?"

"See-rusalem! You ought to see her now!"—Philadelphia Saturday Evening Post.

No Kick There.

The new arrival had just written his name and address in the hotel register.

"From Ypsalanti, eh?" said the clerk; "that's the town, isn't it, where—"

"No, sir," interrupted the other, with a frown; "we're perfectly satisfied with the name of our city. You're thinking of Oakshott."—Chicago Tribune.

To Fit the Situation.

Butcher—What can I send you today, Mrs. Styles?

Mrs. Styles—Send me a leg of mutton, and be sure it is from a black rooster.

"From Ypsalanti, eh?" said the clerk; "that's the town, isn't it, where—"

"No, sir," interrupted the other, with a frown; "we're perfectly satisfied with the name of our city. You're thinking of Oakshott."—Chicago Tribune.

Cook in Comfort.

You no longer need wear yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort.

Here is a stove that gives no outside heat. All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking—none in outside heating.

New Perfection WICK BLUE FLAME Oil Cook-stove

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is no surrounding heat—no smell—no smoke.

Why? Because The New Perfection Oil Cook-Stove is scientifically and practically perfect. You cannot use too much wick—it is automatically controlled. You get the maximum heat—no smoke. The burner is simple. One wick with a cloth cleans it—consequently there is no smell.

The New Perfection Oil Cook-Stove is wonderful for year-round use, but especially in summer. Its heat operates upward to pan, pot, or kettle, but not beyond or around. It is useless for heating a room.

It has a Cabinet Top with shelf for keeping plates and food hot. It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Cautionary Note: Be sure you get this stove—note that the name-plate reads "New Perfection."

TRIALS OF THE NEEDLES

THE CHILDREN were playing about the yard where the old black gardener was fixing up the flower beds. As he worked he kept up a running conversation with Berenice, the 3-year-old:

"Lemme see, how many of you chilluns is there—Ellen an' Zulla an' Lulu an' Berenice an' Billy. Five you un! Fosh gal chilluns an' a boy chillun! Well, now Ah's got five 'll' chilluns at mah house; What you reckon they all is?"

"What do I reckon they all is?" replied Berenice scornfully. "I reckon they're all little niggers, that's what I reckon."—Houston Post.

Treating Cancer with Heat.

Dr. Eugene Doyen explained at the International Congress of Physiotherapy in Paris his treatment of cancer by means of electrically produced heat. The secret of the discovery is that the cancerous cells are destroyed by a temperature of from 50 to 55 degrees centigrade, which is entirely harmless to healthy cells. The method shows wonderful results, he says, in eliminating the need of the knife in all lesions which are accessible to an electrical current, artificially applied. The healing of the tissues follows immediately upon the coagulation of the cancerous cells.

Altitude.

"Walter," said the man at the table in the far corner of the restaurant, "this piece of steak is decidedly too ancient, in spots."

"Your beefsteak is all alike to-day, sir," stilly answered the waiter, "and you are the only man that has found anything wrong with it."

"Probably that's because I am a fast eater," rejoined the other; "I hit only the high places."—Chicago Tribune.

John and the Franchise.

A woman suffrage lecturer in England recently brought down the house with the following argument: "I have no vote, but my groom has. I have a great respect for that man in the stables, but I am sure if I were to go to him and say, 'John, will you exercise the franchise?' he would reply, 'Please, mum, which horse be that?'"

Another Reason.

Max—Jones is the most wide-awake man I know.

Dave—You surprise me. I never heard of his being especially enterprising.

Max—Oh, it isn't enterprise that makes him so; it's insomnia.—Tit-Bits.

WHEN YOUR MEALS DISAGREE

It is certainly time to take immediate action if you would ward off a serious sick spell. It is positive proof of a weak stomach and deranged digestion and for which you cannot take a better medicine than Hostetter's Stomach Bitters; but remember this, the longer you put off giving the assistance needed by the digestive system the harder it is going to be to cure you. We know of hundreds of cases, taken in hand at the very beginning, in which a short course of the Bitters proved very efficacious. Therefore, be persuaded to get a bottle today from your druggist or dealer, and thus avoid all possible danger of a sick spell. It is a wonderful tonic and invigorant for overworked, nervous and run-down persons, and in cases of Poor Appetite, Bloating, Heartburn, Indigestion, Dyspepsia, Costiveness and Malaria it is the best.

KING GIVES PARDONS

George V Indulges Freely in Customs of His Ancestors.

Remission of Sentences Extends Also to Army and Navy—Will Insist on Action by Parliament.

London, May 24.—A demonstration of a monarch's greatness of heart and his sympathy with the multitudes of his subjects characterized this, the second day of the real reign of King George V.

It was announced officially that the king was graciously pleased to grant remission of sentences to prisoners in England, Wales, Scotland and Ireland who tomorrow have still more than a month's sentence in prison to serve.

These remissions are of from one to three months, according to length of sentences.

Similar orders were issued to the board of admiralty by the king's direction. To all persons in the navy who are under sentence of imprisonment for terms of not exceeding three months for disciplinary offenses, including drunkenness and desertion, will be granted remission of the remainder of their sentence.

A similar act of clemency has been issued in the case of soldiers.

Kaiser Wilhelm will leave tomorrow afternoon on board the yacht Hohenzollern. He lunched today with the Duke and Duchess of Connaught and later with King George indulged in a long automobile ride about London.

The political truce hoped for will probably not continue as long as was expected. When parliament meets this week speeches by John Redmond and others of the factions combined with the Liberals will indicate an intention to press the issue of the Lord's veto and Ireland's demand as soon as possible.

It is announced that King George intends to maintain royal racing stables at Newmarket and a breeding stud at Sandringham and that he will patronize racing on the same extensive scale as his father.

PRINCETON EXPECTS GIFT OF \$10,000,000

Salem, Mass., May 24.—While the value of immense gifts bequeathed to Princeton by the will of the late Isaac C. Wyman is estimated at \$10,000,000, its exact amount is unknown, even to the trustees. John M. Raymond, an attorney of this city, who is one of the trustees, does not think the estate would exceed \$10,000,000, and he was not prepared to say whether it would equal it.

"There are millions enough," he admitted, "to take care of the needs of the proposed graduate college for which, under the terms of the will, the money is designed."

CHERRIES \$6,000 A CAR.

California Growers Are Obtaining Record Prices.

Stockton, Cal., May 24.—Cherry growers are making more money this season than at any time they have been in the business.

The present crop of Black Tartarians is about marketed and this week Royal Anns will begin to arrive and buyers promise 7 cents for that variety, though they may have to pay higher. Black Tartarian cherries were sold in large quantities the past few days at 6 cents a pound, and at times the price went up to 8 cents, finally reaching the top figure of 9 1/2 cents yesterday.

If the Royal Ann prices drop, growers look for the canneries to get into the market, but just now the only buyers are the shippers, who are taking all the cherries offered. At these high prices cherries are worth \$6,000 a car.

14 Are Killed in Battle.

Washington, May 24.—Two days' fighting near Raras, Nicaragua, has cost the Estrada forces 14 killed and 29 wounded, according to a report to the State department from Consul Moffatt at Bluefields. The casualties of the Madriz forces, he adds, were not learned.

General Mena retired after the fight to his entrenchments. Large quantities of ammunition and provisions, said to be the entire stores of the Madriz forces at Bluefields, were reported captured by General Moncada.

Strange Airship Seen.

Springfield, O., May 24.—Residents of this city returning home tonight were greatly surprised to see flying overhead some great air craft carrying a bright red light. The craft was so far above the earth that it could not be distinguished, but the whirr of the engine could be distinctly heard. It was believed to be one of the Wright Brothers' machines, as it came from the East and was making toward the West at a very fast rate of speed. Orville Wright said he knew nothing of the machine, however.

Two See Comet, Fall Dead.

Talladega, Ala., May 24.—The appearance of the comet last night caused intense excitement here. Congregations of several churches left their pews and hundreds of persons stood excited in the public square and gazed at the celestial visitor. Miss Ruth Jordan was called to the door of her home to see the comet and immediately fell dead, physicians assigning heart failure as the cause. A negro was shown the comet and instantly dropped dead.

Snow Sweeps New Mexico.

Albuquerque, N. M., May 24.—Northwestern New Mexico is in the grip of a heavy snow storm tonight. The storm, evidently a continuation of the one which swept Northwestern Colorado, yesterday, is centered at Folsom. It is expected that great loss of livestock will result.

Prevention THE BEST SAFEGUARD

If for any cause the horse or other domestic animal exhibits a lack of energy, proper refresh for food, or an appearance of general debility, timely action should be taken for the restoration of its health. In the natural food of our domestic animals Nature provides certain peculiar medicinal herbs, leaves, barks and roots which seem necessary for their health. Pacific Stock Food in greatly condensed form is intended to supply the essential virtues of those health-giving natural remedies and is prepared expressly for those animals deprived by man of their natural food. It is an alternative tonic which stimulates the various organs of the body, promotes the secretions, tones up the general system and restores the disordered conditions to a normal state. It stimulates the appetite, improves the digestion and assimilation of food, purifies the blood and insures a good, healthy condition. Booklet free.

Kept Her Promise.

"Billy, dear," said his young wife, coaxingly, "tell me the password of your lodge."

"But I pledged myself never to disclose that, Bella."

"You're not disclosing it when you give it to me. You know we have no secrets from each other."

"If I tell you what it is, dear, will you promise sacredly never to repeat it to a living soul?"

"Yes, I promise."

"Well, here it is: Chattyblabberchittlyblabberparagoolagarithhehokw-aspecklytchylim."

True to her word, the young wife never repeated it to anybody.

GENUS MENAGERIE.

Mrs. Wheelde—John, dear, you are going to get me a lovely pearl necklace for my birthday; a bird whistler to go with it.

Mr. Wheelde—Don't you believe it. It must have been a lyre bird that escaped out of some menagerie.—Boston Transcript.

Appropriate Fastenings.

"How will I keep my new chantecler hat on my head?" she asked, perplexed.

"With hat pinfeathers, my dear," said the milliner.—St. Louis Star.

WOMAN'S GENTLE NATURE CALLS FOR GENTLE TREATMENT

Delicately formed and gently reared, women will find, in all the seasons of their lives, as maidens, wives or mothers, that the one simple, wholesome remedy which acts gently and pleasantly and naturally, and which may be used with truly beneficial effects, under any conditions, when the system needs a laxative, is—Syrup of Figs and Elixir of Senna. It is well known to be a simple combination of the laxative and carminative principles of plants with pleasant aromatic liquids, which are agreeable and refreshing to the taste and acceptable to the system when its gentle cleansing is desired.

Only those who buy the genuine Syrup of Figs and Elixir of Senna can hope to get its beneficial effects, and as a guarantee of the excellence of the remedy, the full name of the company—California Fig Syrup Co.—is printed on the front of every package, and without it any preparation offered as Syrup of Figs and Elixir of Senna is fraudulent and should be declined. To those who know the quality of this excellent laxative, the offer of any substitute, when Syrup of Figs and Elixir of Senna is called for, is always resented by a transfer of patronage to some first-class drug establishment, where they do not recommend, nor sell false brands, nor imitation remedies. The genuine article may be bought of all reliable druggists everywhere; one size only. Regular price 50 cents per bottle. Get a bottle today to have in the house when needed.
