Expert Opinion.

What is the use of a child's going to school to learn mere grammar? Such evidently is the opinion of the mother of a girl whose teacher instructed her to purchase a book on that subject. According to a writer in the Burr Oak Herald, Lulu came back the next day with this explanatory letter:

I do not desire for Lulu shall ingage in grammar, as I prefer her in-gage in yuseful studies, and can learn her how to spoke and write properly myself. I have went through two grammars, and I can't say as they did me any good, I prefer her ingage in german and drawing and vocal music chocolated tablets called Sarsatabs. german and drawing and vocal music

Sparks from railroad en-gines have proved the greatest cause of fires, and are followed by donkey engines, hunters' and campers' fires, mill smokestacks and lightning. One of the destructive fires of the Coos Bay region was caused by a settler knocking the ashes from his pipe among the dry leaves and twigs beside a log on which

he was resting.

An effort will be made to keep in touch with slash burnings made by settlers and to warn all persons entering the forests of this state of the necessity of exercising care in handling fire. The forest lands are now plaster-

ed with warning signs.

In this manner it is hoped to save the tremendous values which are becoming available with the development of railroads.
