ries and drowned his sorrows in so vessels as to make them useless." many tall ones that the cobras came to get him. The condensed hay expert beat 'em to it and cured the victim so effectively that now he shudders at the although the trajectory was sometimes

Tobacco chewing, gloomy thoughts of suicide, insomnia and a host of other undesirable things fade away like his machine toward the ocean until its the mists of the morning under the runners were submerged in a breaker. soothing influence of a few forkfuls of alfalfa done up in a tablet.

"HIGHER UPS" ARE WANTED.

nity to Be Granted Subordinates In Beef Trust Probe.

Chicago - Fifty subpoenas will be served immediately on officers and employes of meat concerns to appear before the Federal grand jury in the beef trust investigation. Officials of the Manchurian railroad and to further the National Packing company will be visited first.

Despite the lid that has been clamp-Despite the lid that has been clamped tight on all matters relating to the relations between Russia and Japan, inquiry it leaked out that the inquiry, it leaked out that the government plans to extend immunity to a Manchurian convention between those for the evidence they may be able to give to the grand jury. Who these for the evidence day, who these give to the grand jury. Who these officials will be was not made public. It is known that subpoenas have been ssued for officials of the National

Packing company.

In summoning these officials it is shown that the government does not care for convictions unless those gathered in the net are the men "higher up" in the companies. Judge Landis in his instructions to the jury asserted that only the real malefators, if such

exist, sholud be dealt with. ADVICE GIVEN SETTLERS

Government Issues Pamphlet of In terest to Columbia Valley Folk.

Washington-New settlers in the Columbia river valley, between The Dalles and Priest rapids, will be interested in a pamphlet just issued by the written by Byron Hunter and S. O. the ground. Jayne, experts sent out by the depart-

ment to study the soil, climate, crops and methods of irrigation. Embodied in this pamphlet is a vast amount of good advice and timely suggestions; cautions as to the best methds to proceed, the manner of selecting conditions peculiar to this region. The pamphlet, known as Bureau of Plant Industry circular No. 60, is to be had apon application to the department, or through senators and representatives

Redding-Fred W. Andree, conduc tor, was killed, Charles J. Foley, brakeman, was bruised, and an engine and 12 freight cars were derailed in a wreck on the Southern Pacific railroad a mile south of Gibson. A broken flange on one of two cars which were being pushed ahead of the locomotive aused a derailment of the first car and the engine and 11 remaining cars rapidly left the rails. The wreck occurred in a deep cut, and when the engine and

cars piled upon one another traffic from both sides was blocked. Japan Honors Dickinson. Tokio - Jacob M. Dickinson, the American secretary of war, and party have left this city for Kyoto. General Count Oku, representing General Terrauchi, the minister of war, gave a uncheon in honor of the American secretary, who, in responding to a toast, said his reception by Japan was an additional mark of friendship of this country for America, which he believed would remain unbroken. Secretary Dickinson will sail on the steamer Siberia for the Philippines on Tuesday, July 19.

Pittman Better Treated. Managua, Nicaragua - William P. Managua, Nicaragua — Who Pittman, the American engineer, who was captured by the Madriz forces near the old days of enmity toward England the old days of enmity toward England confined in a commodious cell. When Pittman arrived under escort a few days ago he was placed in a dirty cell, less than six feet square. Consul Olivares entered a vigorous protest at ment, and the prisoner was transferred to better quarters.

Two Drowned In Kentucky Flood. Lexington, Ky .- Another disastrous AEROPLANE DROPS "BOMBS."

Curtis Lands Oranges Accurately on

War Ship's Deck. Atlantic City, N. J .- Glenn H. Curyacht John E. Mehrer II, used in place of a battleship during the sham battle arranged to demonstrate the utility of the aeroplane in coast defense. The mock "bombs" were dropped

from a neight of about 300 feet and Curtiss purposely failed to strike the deck of the yacht for fear of injuring the officials and passengers

Experts agreed that the experiment showed that a fleet of aeroplanes armed with bombs could wreck any warship Curtiss was flying about 45 miles an remarkable curative properties in the formerly of the United States Enginlant and blossoms.
