At the Furniture Store

We are expecting a new line of Dressers this week. Come in and look over our line of Furniture, Queensware, Wall Paper and Matting. We have some bargains on Queensware and also on Furniture and Wall Paper.

We will guarantee Portland prices on anything in our line. We do not throw out any leaders to blind the people and then take the advantage on other things that people do not understand the prices of. We are here to serve the people and are ready to correct any error we might make and to accommodate to the full extent of our ability.

Come in and we will show you where we can make you better prices than you can get in Portland and help to build up your own community. We will help you.

Yours

WANTED—Good fat beef cattle, highest prices paid.—See Penland & Jorg.

On and after September 1st the Estacada Mercantile Company will close promptly at 8 P. M. Saturday at 9 P. M.

Mr. Arthur Holenshoe and family and Mr. Wm. Zerble and family, formerly of West Salem, Wis., now of Portland, friends of Mayor Reed and residents of his old back East town, are at The Estacada for a couple of weeks vacation. The children of the party, together with those belonging to the Mayor's family, were enjoying a buggy ride on Sunday with the Mayor's old trusty family horse when Clyde Zerble fell from the buggy and was run over by the wheels but escaped injury.

Mr. Al. Drill and family of Cazadero left on Wednesday by auto for a trip to the Coast. Tillamook is their destination, but they will visit other interesting places. Mr. Drill is a faithful employee of the P. R. L. & P. Co., having charge of the Cazadero power plant. He has a two week's vacation and fitted his auto for a regular camping tour with all necessary supplies for the pleasure of the trip. They will make a camp where their fancy dictates and expect to enjoy the full vacation in this manner.

W. R. Stokes and son Roy and the three Standish "triplets," "Bob," "Phil" and "Miles," took a "hike" to the woods on Wednesday with a determined look on their faces, intent to either catch fish enough for breakfast or kill a deer. They expect to camp at Squaw Lake for three days, deeming that a sufficient time in that neck-o-woods to do either of the above things or recuperate from the long siege of harvesting just past by these ranchers.

The dance given by the Fraternal Brotherhood was a grand success. The largest crowd that has ever been in Hunt's hall attended. Everybody had a good time and the music was good. Floor managers were Boswell, Hamilton and Eckies. They know how to make everyone enjoy themselves.

Special Meetings

The Morning Oregonian of Aug. 8th tells of the noted Evangelist Geo. W. Taylor & Co. leaving Los Angeles by steamer bound for Portland. It also tells of large tabernacles being built at Lebanon and Oregon City preparatory to union meetings. These people are coming first to Estacada. Meetings begin next Sunday morning. Three meetings will be held Sundays. Singing and instrumental music will be special features. Professor A. Wegner, a soloist from Chicago, has charge of a chorus. Mrs. Taylor's work with the cornet always delights her audiences. Come. Bring your friends.

Early Sunday Morning Fire

Blaze in Building Occupied by Foster Gives Firemen Hard Fight

On Sunday morning a fire broke out in Foster's place that at this season of the year might have proved more serious than it was. The buildings on the block are all frame and all built solid. They were built when Estacada was in its infancy and lumber was cheap and no object, consequently there was plenty of excellent material to make a good fire.

It was three o'clock when Paul, the chinaman, in Foster's place who has a room and sleeps upstairs discovered smoke in his room and ran to the street crying "Fire." He says he first tried to put it out.

A dance was in progress at Hunt's hall, also a number of persons were at the depot where the special car was waiting the arrival of the party who were bringing out Otis Johnson from the mountains. Among the latter was Paul Womer, from this office, and hearing the cry of "fire" ran to the fire bell and gave the alarm. The number of persons close at hand soon had the hose in place and water on the fire.

It was very hard to locate just where the fire was on account of the dense smoke. The building being ceiled on the sides as well as on the ceiling and the fire being between this ceiled portion and the siding it was difficult to get the water on the fire. The fire in the meantime had been carried to nearly every portion of the second story by the current of air existing between these two and the tinder like substance it came in contact with. Willing hands among the citizens were ready and willing to aid in subduing the flames which these volunteers and impromptu firemen were fighting. They were dressed in their best Sunday suit mostly, but that made no difference, they sacrificed their personal appearance and became water soaked as well as smoked. Finally, after about two hours of hard work, they had the satisfaction of knowing they had saved a whole business block and possibly more of Estacada property.

All credit is due to men for their efficient and willing aid. Most of the citizens deserve special mention but the men who clambered through smoke and water, room by room, cutting their way into where the fire was and putting it out and then going to the next, did splendid work. The opinion of those who inspected the building after the fire was out was that it was set afire, whether by accident or not could not definitely be established.

Circumstances indicate that it was done intentionally, as in a rear room underneath the stairway where some barrels and other litter were standing an empty bottle plainly indicated it had contained kerosene. Also underneath this stairway and against the wall showed where the fire had eat its way through the ceiled side and been carried all through the upper portion. Mr. Foster, when asked if he had any theory, declared he believed it to be set on fire, but further could not conceive of anyone or for any purpose that should do such an act.

Volunteer Fire Department Organized

The fire Sunday morning resulted in arousing the citizens of Estacada to the fact that an organized fire company was necessary. Estacada did have at one time a very efficient company but it had disbanded and for almost three years we have had none. At the call of citizens a

meeting was held in the Commercial Club room on Monday evening. An organization was effected, A. E. Sparks was elected temporary chairman and E. W. Bartlett temporary secretary. These officers were later made the permanent officers.

Volunteers to join the company were asked for and twenty-five persons signed to become members. The following officers were then elected, Chief, A. R. Haskins; Treasurer, John Page. The chair appointed the following persons a committee on constitution and by-laws, Haskins, Page and Kimmel. The committee are to report at a meeting to be held at the club room on Thursday evening. The necessity of the fire company is apparent to all and they should have the undivided support of every good citizen.

Young Man Shot By Comrade

Hunter Takes Man For Deer And Shoots; Victim Recovering

On Sunday July 31 a party of six young men from Sycamore went to the upper ford on Roaring River on a hunting trip. On Thursday morning while Otis Johnson was standing by a rock near the river he was mistaken for a deer by Pete Ostlund who shot at him twice with a .30-30 Winchester. Johnson was only about 100 yards distant. He wore light-colored corduroy trousers and a growth of underbrush prevented seeing plainly. The second shot took effect, striking him in the thigh and breaking the bone.

The wounded man was taken to camp and made as comfortable as possible. One of the campers came out to Jas. Duncan and telephoned to Dr. Adix. He being away his assistant went to the camp and made the patient as comfortable as possible.

It was very difficult owing to the rough trail to get the wounded man to the settlement. It is about 25 miles east of Estacada where the accident happened. Eighteen miles of this distance the man had to be carried by men. At Duncan's a wagon was ready to take their places. On Friday night six Estacada people with Alfred Johnson, father of Otis, started from Estacada for the camp. It was a long and tedious job, but about three o'clock Sunday morning the party arrived in Estacada where a special car awaited them. The wounded man was taken to the Good Samaritan Hospital, where, after an operation to remove the bullet, it was announced he would get well.

Chas. Dahlquist, Ollie Dahlquist, Pete Ostlund, John Forsgren, Ollie Forsgren and Otis Johnson composed the party. Chas. Dahlquist, John and Ollie Forsgren came back on Thursday, the same day the accident happened, but did not know anything about it as the accident occurred after they left.
