Emma Doty and Echo Githens two young ladies living near Aspaugh drove to Estacada on Thursday last. While coming down the Main street grade the axle of their buggy broke and dumped the young ladies out, fortunately neither were hurt.

W. V. Penland of the Palace Meat Market, always jovial and affable to his customers, was unusually so last Thursday. His wife presented him with an eight and a half pound baby boy. He had a box of cigars handy after the event.

Frank Michels, owner of the building burned corner of Broadway and Second St., is having the same repaired and put in good shape. The Mt. Hood Brewing Co. have a lease on the same that does not expire for almost two years yet. Foster expects to be able by next week to open up his place again.

E. Judson, while at work at Hoyt Bros. sawmill on Friday afternoon, had his arm caught between a belt and pulley. The arm was broken. He was taken to Portland on the 9 o'clock car to the National Hospital Association. He is getting along in good shape is the report at this writing.

Cecil and O. S. Schock, Al Havens, C. F. Howe and Jack Cassidy are the make up of an outing party that started for the Hot Springs on the Clackamas on Saturday. They expect to be gone for a couple of weeks. A. Nichols went along to bring the horses back. They had six horses with the party.

The Misses Enola and Mary Oakley, teachers from the Ballard, Wash., public schools, came last week to Estacada to spend part of their vacation with their sister, Mrs. J. W. Reed. Miss Mary has been attending a special school in Colorado part of her vacation. Miss June, another of the sisters also a teacher, has gone on a mountain climbing trip with the mountaineers of Seattle. She is expected here on her return from the mountain.

By posters being distributed we note that a massmeeting of the Multnomah-Clackamas Annexation Association will be held at Estacada on Saturday, August 20th, 1910 at 2:00 P. ### Sign Your Articles

We are again in receipt of some news items from Springwater without the name of the party who sent them in signed. We appreciate and request those who will, from any region, to send us news items, but we must have the name of the sender signed to the article. This is necessary so that we have someone who is responsible for the item. We will not print the name of the writer but we must have it signed, no matter if it is only a simple item of news.

### Meetings Are Progressing

Evangelist Taylor And Party Are Now Conducting Meetings

The religious meetings are gaining momentum. Services are largely attended and audiences stirred. People from the surrounding country are perhaps more appreciative

for souls are winning for them many friends.

Let us now make this work our chief business. These meetings be long to the people. They are for all. It will be a long time before such opportunities will come this

way again. No city of an size in the state can hope to have better talent. Be sure to improve these golden opportunities.

Next Sunday promises to be a red letter day. At ten o'clock Evangelist Taylor will speak to children. At eleven o'clock will be held a mothers' meeting to which, of course, all are invited. In the afternoon at 2:30 a meeting for women will be held. Mrs. Geo Taylor will address this meeting. Special music will be a feature. Miss Irene Stokes, an accomplished singer, has consented to sing at this meeting. At the same hour a men's meeting will be held at the Commercial Club rooms. The evangelist will address this meet-

ciative even than our townspeople. Last Sunday some came as far as from Viola. Springwater, Currinsville, Zion, Garfield and Cazadero each were well represented here. This is as it should be. Next Sunday, Sunday schools in these places will disband to come to the meetings. During this week meetings continue every evening beginning at 7:30, also at 3:00 in the afternoon.

One of the most attractive features is the strong musical talent. Prof. L. A. Wegner's work is helpful, inspiring and effective. His solos are as good as can be heard anywhere. Prof. Wegner comes from Chicago and people here have a rare opportunity in having work of such high character. Paul Taylor, the boy singer, greatly pleased a large audience with his favorite solo. He has a splendid voice and always delights his audience. Prof. Calhoun is a master at the piano. His home is in Washington, D. C. and he has only recently joined this evangelistic party. Mrs. Taylor's work with the cornet is all that could be desired. She accompanies in splendid fashion and her solos are most helpful and her hearers always are benefited by her work.

Mrs. Geo. W. Taylor Cornet Virtuoso

The sermons of Evangelist Taylor are of the helpful and inspirational character, full of illustrations from life and packed with gospel fire. His reputation from Salem, Independence and Woodburn as a strong preacher and soul winner had preceded him and we have not been disappointed. His kindly eyes, his loving manner, his brotherly appeal and his earnest effort win his hearers at once. His sympathetic manner and his love

ing. Prof. L. Wegner will sing a solo and he and Mr. Horner will also sing a duet. In the evening the regular service will be held. Take advantage of all of these meetings for these people cannot stay long.

What may be a serious forest fire before being subdued was started by F. W. McGraw on Monday in some slashing he was desirous of burning. Mr. McGraw had received permission from G. B. Linn, the road supervisor, to burn the slashing. On Tuesday the fire began to spread but nothing was burned but what was desired. The McGraw family becoming alarmed and being fearful lest the fire should get beyond control asked for assistance from Estacada and throughout the neighborhood, which was promptly given. On Wednesday afternoon the fire took a more serious turn. It was carried across the river to green timber and at this writing, while the fire fighters believe they have it under control, it might yet result in much damage. The River Mill crew, also individuals from Estacada, Cazadero and the country district, are lending assistance to put the fire out. Not much damage has yet been done, but it is now where

William Pittman, woods forman for O. A. Palmer, Sons & Co., while at work Monday about 11 o'clock was struck on the head by the heavy choker-hook flying loose from a log being pulled by a donkey engine. He was unconscious for some time after the accident. Dr. Steiner, who attended the man after being brought to Estacada, gave it as his opinion that the skull was not fractured. He was taken to the Good Samaritan Hospital in Portland on the 3 o'clock car from Estacada. Mr. Pittman is a married man and his family lives at Hillsboro. He is an Odd Fellow, being a member at Sandy.

Considerable interest was manifested in the horse race Monday evening and quite a number of spectators were present. Horse cart No. 1 was declared the winner.
