Vain Attempt to Shew Off. Where Addison Was Married. St. Edmund's, Lombard street, London, the rectory of which is vacated by the death of omniscient Canon Benham, had previously possessed literary associations. The register records the marriage of Joseph Addison Dr. B. E. Wright Co. to the dowager countess of Warwick on August 9, 1716. Dr. Johnson grimly remarks that this match resembled the marriages in which a Portland, Oregon sultan gives his daughter a man to be her slave; and Addison used to escape from the uncomfortable splenfor of Holland house to a coffee house at Kensington.

A curious case is that of a woman in the hospital at Alencon, France, who has been asleep for 30 days, and, unlike most patients who fall into a lethargy, this patient has a perfectly normal temperature.
