GRAND ARMY CONSERVATIVE.

Postpones Action on Lee Statue

Would Increase Pensions. Atlantic City, N. J .- After a warm national encampment Grand Army of the Republic, at its final session here, indefinitely postponed action on the controversy over the placing of the statue of Robert E. Lee in Statuary The vote was 133 to 102, small total compared with the vote of 887 cast for commander-in-chief.

The encampment rejected the prop osition recommending that congress be asked to grant each Union veteran a pension of \$1 a day for life, but in-dorsed the McCumber bill now pending relating to widows' pensions.

It was recommended that the pen-sions for veterans 66 years old be increased from \$12 to \$16 a month; years old from \$15 to \$20, and 75 years of age from \$20 to \$25 a month.

The question of the Grand Army's attitude on the Lee statue matter was one of the most important the encampment has to deal with in years. The conservative element controlled the encampment and won the day on the argument that the bitterness engendered in the Civil war was disappearing and that sectional hatred should not be revived; that action adverse to the Lee statue would do more harm than good, especially to the Grand Army of good, especially to the Grand Army of the Republic, and last, but not least, that the state of Virginia, under the It has been learned that Captain that the state of Virginia, under the Longan, of West Point, was "si-lenced" by the cadets for questioning to place in Statuary Hall the image of any man from that state whose mem

The train was proceeding on a straight stretch of track. Evidently the first intimation that the engineer had of any danger came when he realized that the forward portion of the train was running in water which had spread out over the tracks near the fill. Reversing the engine, the speed of the train was checked, but not enough to prevent the engine, baggage car and smoker going over into the depression.

The rear end of the smoker remained tilted on the earth bank and the chair car ripped its way into the smoker, smashing it to pieces and killing or injuring many of the passengers.

As near as can be learned here all of the passengers killed were occupants

Refuses Support to Democrats on

Account of Option Law. Lincoln, Neb .- In a statement in which he declares that the crusade which he feels impelled to wage against the liquor interests of the state and nation overshadows a personal and political friendship of 20 years, William J. Bryan announced he had bolted the head of the Democratic state ticket in Nebraska and would not support

James C. Dahlman for governor Mr. Bryan says he regrets that he is compelled to take the stand he doeshis first departure from political regularity-but says he feels it his duty to do so because of the position taken by the Democratic nominee on the liquor

The statement, which in a way is apologetic in tone, does not indicate that Mr. Bryan will support the candidate of any other party, but announces that he is a pronounced advocate of county option and the early saloon closing law, both of which he insists are menaced by Mr. Dahlman's can-
