The correct way to pronounce it is Es-ta-ca-da, accent on the third syllable, a having the sound of a as in ah in the two last syllables.

Oregon not only raises the best sheep in the Union, but they will compare favorably with any in the world, in the opinion of Geo. W. McKnight, of Yale, president of the Oregon Wool Growers Association. He expects this fact will be demonstrated at the coming convention of the National Wool Growers Association which opens in Portland on January 4.

"We shall have the greatest sheep show ever held in Oregon," he said. "Our breeders will have a great chance to show their stock, and if we win in the coming competition they can safely take their sheep anywhere in the world."

The Portland convention of the National Wool Growers Association which is the oldest livestock organization in the United States, will be the biggest in the history of that organization. The state association of wool growers will meet in Portland just before the National convention, the exact date to be determined later.

The British Tramp steamship, Knight of the Garter, cleared from Portland the latter part of last week with the biggest cargo of lumber ever floated at this or any other port. She carries 5,300,000 feet of fir lumber, weighing approximately 8,745 net tons and valued at \$60,000. It is stated that to produce this one cargo of finished lumber it would require 160 acres of the best standing timber in the Pacific Northwest. The destination of the steamer is North China, where a part of the cargo, consisting of very large square timbers, will be resawed by hand.

Oregon's apple show is receiving very wide attention. Louis W. Hill, president of the Great Northern Ry., is taking interest in the coming exhibit and offers a cash prize of \$250 for the best exhibit of apples from any district tributary to the Great Northern. Two cash prizes of \$250 each will be presented for the best exhibit of apples. Fruit growers of Oregon, Washington, Idaho and Montana will be eligible in these two classes.

Surveyors At Work

With two or three engineering crews at work in and around Cazadero the citizens of that usually quiet town are quite interested to know what is developing. A geological survey is being made, also on the railroad extension from Cazadero to the upper dam, a part of which has already been permanently located. One crew is at work on this again, which gives hope that the extension work will go forward

Plenty Of Work

Work on the new power site is being pushed forward as rapidly as possible; over 300 men find employment daily. A night crew also works every night. This will continue right along as no stoppage for bad weather is contemplated. There is plenty of work in and around Estacada. It is almost impossible to find a man to do any odd jobs. Carpenters also are needed.

Russ Wilcox, one of the rangers who have been building a cabin for the use of the rangers about two miles east of Squaw Lake, was in Estacada on Wednesday on his way to Portland.

Mrs. Lamb, of Eastern Colorado, was in Estacada on Thursday looking for furnished rooms. If she succeeds in finding a place to suit her. She will likely remain here for the winter.

Meeting Postponed

On account of all available rooms being in use on Saturday evening and the banquet to the Grand officers of the I. O. O. F. on that date, it has been arranged to postpone the Democratic meeting that was to have been held then until Monday evening Oct. 24 when all the candidates including Robt. G. Smith for congress from this district will be present.

A. D. Bronson, the clothes presser and cleaner who was here until a short time ago, has returned and is now located in the building next to the bakery on Broadway. He is prepared to handle your cleaning, pressing and repairing as before. Work guaranteed. Give him a call.

Don't trifle with a cold is good advice for prudent men and women. It may be vital in case of a child. There is nothing better than Chamberlain's cough remedy for coughs and colds in children. It is safe and sure. For sale by all good dealers.

Halloween Dance

The Estacada Fire Department is in need of money to get necessary things to aid in the protection of our homes. For this purpose they intend giving a Halloween dance on Saturday evening Oct. 29. They deserve your patronage, so give them a dollar for a ticket if you never went to a dance in your life. City pride and home protection ought to be incentive enough to raise the boys some money.

Mr. and Mrs. L. M. Henthorn went to Portland Thursday.

Smiley Lovelace and Millard Sarver went to the mountains on a hunting trip.

The firemen are having the city hall partitioned and ceiling and the water pipes stored there removed. It certainly needed attention.

Dave Eshleman has purchased lots No. 1 and 2 in block 32 and has started to cut away the grove trees to enable him to erect a new house which he expects to do at once.

Mrs. Anna Read spent Sunday with her parents, Mr. and Mrs. Antrim. Miss Fob, also one of the teachers from the Portland school, accompanied her.

Ed. Boner, after spending a couple of months back East renewing his friendships and sightseeing, returned to Estacada on Wednesday evening. He had a splendid trip and is now glad to get back to the best spot there is in the West—Estacada.

Mr. and Mrs. A. E. Sparks, Mr. and Mrs. F. A. Gartner and Mr. and Mrs. E. M. Miller on last Friday evening surprised Mr. and Mrs. Al Lindsey at their home, it being in remembrance of the departure of the Lindseys from their home which they had recently sold. Five hundred was the game of the evening. Refreshments were served. Mr. and Mrs. Lindsey have taken rooms over the drug store.
