## Col. Hofer Speaks

On Sunday afternoon Col. Hofer, at the I. O. O. F. Hall in Estacada, made an address before a number of Estacada voters in reference to the 32 measures to be found on the ballot. He warned them that great care should be exercised so that the proper things of benefit to us would be made, laws that we need not make any apology for or try to evade would be passed.

He favored the Home Rule bill and gave good substantial reasons for his opinions, citing experiences he had in other states with constitutional prohibition. He said you could vote the district dry but you could not vote the people dry. The remedy for the liquor evil is the ousting of the dive-keeper and the proper regulation of license and for each community to determine whether or not license should be granted. If a town or country district desired saloons they could by their majority vote have it. If they desired none they, by the same majority, would be free from it. His remarks were highly spoken of by those who listened to him as being truthful and stripped of sentimentalism.

## Horse Falls; Man Hurt

Billy Penland met with an accident in front of the postoffice on Saturday evening that might have been more serious for him than what it was. He had been at the slaughter house and with Will Hashberger they came horseback into town. The horses were cantering along at a pretty good gate when the animal Penland was riding fell. In falling Penland was fastened down by the horse falling on him and the other horse struck him with its hoof in the face. The horse that fell received a broken leg and was taken to the barn and strapped up in the hope of saving its life. Penland at first did not think he was much hurt and went about his work until late and while on his way home was compelled to call for help when Mr. Osborn came out and helped him home. He is about his work now again as usual but feels stoved up.
