The correct way to pronounce it is Es-ta-ca-da, accent on the third syllable, a having the sound of a as in ah in the two last syllables.

Samples of the official ballot to be voted at the election on Tuesday are being circulated. It is very evident unless great care is taken by the voters many mistakes will occur from what they intend to vote. To vote intelligently and not consume a greater amount of time in the booth than necessary we suggest that you give attention to these sample ballots and have one marked and carry to the booth with you. This method will save much time and you will not make mistakes in what you intend to vote.

Tests have been made with several very intelligent votes in this city with the sample ballot. Some of these when examined were found to be voted the very opposite to what was intended, so we repeat care must be taken. Read the question and then put an X between the number and either Yes or No as you wish to vote it.

The McClintock Marshall Steel Construction Co. of Pittsburgh, Pa., are engaged in building 42 iron doors for use in the Panama Canal. They will be about as high as a six story building, 65 feet wide and 7 feet thick. It requires 60,000 tons of structural steel and will cost \$5,500,000. A single gate will weigh about 600 tons. These are to aid in protecting the commerce that is expected to pass between the Atlantic and the Pacific.

Much is said in politics about the golden rule methods would be applicable to ourselves.

D. F. Warner Returns

D. F. Warner, who about two months ago started East to visit his folks, returned to Estacada on Sunday last and was greeted by his many friends who were glad to see him. As predicted by the Progress at that time, that he would likely find an eastern girl to preside over what in the past has been bachelor quarters, has come to pass.

On Oct. 15, 1910 at Vichy, Mo., D. F. Warner and Iva M. Hart, of Vichy, were granted a marriage license and were married the same day. The groom, who has been a resident of Estacada ever since the city was organized, is well known here. He was a former school teacher, has been employed by the county as assessor and was one of the census enumerators last fall. He has considerable property yet and had sold a tract for about \$4,000 just before he went East. The bride is the second daughter of Hon. J. A. Hart, a retired and well-to-do farmer of Vichy. His lands adjoin those of the father of Warner. Mr. Warner is now offering the balance of his land here for sale and it is his intention to return East and live, as his aged father is no longer able to manage the farm and his son will help him. Mrs. Warner did not come West with her husband so we presume that Mr. Warner will not be long with us.

The Progress congratulates Mr. and Mrs. Warner and wishes them happiness and prosperity.

Saves an Iowa Man's Life
The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. Its positive guarantee for stomach, liver or kidney troubles and never disappoints. Only 50c at all druggists.

Steer Found Shot

Hunters have been numerous in the foot-hills and mountains about Estacada and they have mostly been successful in finding game. Word has come to us however of an unusual experience of some unknown individual who either through a desire to be wantonly destructive and malicious or his inability to handle or aim a gun by not being careful as to what he desires to kill. As a result J. J. Davis of Garfield is the loser of a fine three year old steer that had been roaming the woods with other cattle near the Straight place on the Clackamas. It was found partially covered up with two bullet holes through its shoulder. Had it been an accident and the man had cut the throat of the animal, saved the meat and reported the matter it would not look so bad. As it now is Mr. Davis would appreciate it if the individual would come forward and explain how little he thinks of himself for committing an act of vandalism.

"I am pleased to recommend Chamberlain's Cough Remedy as the best thing I know of and safest remedy for coughs, colds and bronchial trouble," writes Mrs. L. B. Arnold of Denver, Colo. "We have used it repeatedly and it has never failed to give relief." For sale by all good dealers.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution, an assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials, Address F. J. Cheney & Co., Toledo, O. Thieves At Work

Our attention has been called to the fact that one of the meanest thieves living is at work in Estacada. Their work is confined to stealing the canned fruit from those who have been thoughtful enough to lay in store for the future this luxury of the home. It is to our credit that scarcely any petty larceny has been committed and for this reason most housewives have taken no precautions to conceal their goods under lock. This has afforded a good opportunity. Three different families have reported the loss of canned goods from their homes recently and through the Progress they desire to give warning to others to look out for them. Also, they say, a loaded shot gun awaits this visitor and it will be used.

Successful Hunting Trip

P. M. Wagner and son Otis and Boone Shortridge took to the mountains last week in quest of game. They left on Monday, Mr. Wagner returning on Thursday. Mr. Wagner had killed a fine forked horn and Boone had shot a spike so Mr. Wagner brought the deer home, Boone and the Wagner boy remaining. They were located near Moore Creek. When Mr. Wagner killed the big buck he must have been a little nervous say the boys, for he lost his hat and came into camp bare headed, but they do not wonder at that as it has been about thirteen years since Mr. Wagner had been on a hunting trip.

While coming home Mr. Wagner witnessed an accident at North Fork that nearly cost the life of a faithful and obedient horse. Two strangers who were the worse for having packed too big a bottle of "booze" and making bad use of it, made the animal climb down over the rocks to get a drink and in so doing four sacks of oats that were on it fell over the horses head and threw it in the water and held it down until almost drowned. Mr. Wagner lectured them for their foolish act and they proceeded.

The rest of the party returned on last Monday with four more deer, making six in all for the party, which is the best record so far reported.

Not Sorry for Blunder

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky. "but for years they saw every at-

tempt to cure a lung-racking cough. At last I tried Dr. King's New Discovery. The effect was wonderful. It so stopped the cough and I am now in better health than I have had for years. This wonder-life-saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, \$1.00. Trial bottle free. Guaranteed by all druggists.

R. B. BEATIE

Democratic Nominee for County Judge. Stands for Statement No. 1 and the Direct Primary

I will stand, if elected County Judge, for an economical administration of my office, and will take a special interest in trying to save the tax payer all the money possible, and will endeavor to have the road construction and bridge work done and managed in such a way as to be as equal and just among the people of Clackamas County as it is possible.

I will also insist that there be no more deputies and clerks employed about the court house during my term of office, than is absolutely necessary to economically and properly carry on the business made necessary by law.

As a member of the Board of Equalization, I shall deem it my duty at all times, to so act as to do absolute justice to the tax payers in equalization of their taxes.

I will, if elected, to the best of my ability, perform the duties of the office of County Judge in such a way as to give the people a safe, sane and business like administration.

If elected, I will have no pets and favorites and will conduct the business in such a way as to give all people with whom I have business, an absolute square deal, regardless of their political affiliations. (paid adv.)
