tracted visit to San Francisco, Cal.

brother of Mrs. Brown is paying
them a visit at the Parsonage. This
is his first visit to Oregon.

having a hard time freeing himself
from an attack of lagrippe is able to
be down town again.

Frank VanDuren has purchased
a new pool table and placed the
same in his place of business for the
pleasure of his customers.

Mrs. Doctor Charlton Snyder,
who was taken down about two
weeks ago with the lagrippe has
been having a bad spell of sickness.
She is much better than she was.

The ladies of the Christian
Church at their chicken supper on
Tuesday evening had a nice social
time and gave a good chicken
supper. They were well patron-
ized and made \$49.

John Zobrist is from to-day a
bonafide resident of Estacada. He
had a flitting day experience to-day
when he moved into the house re-
cently purchased by him on Zobrist
St.

R. M. March who has been at
the Good Samaritan Hospital to be
treated for an abscess in the head,

He thinks the trouble has been
overcome and he will be all O. K.
in a short time.

Mrs. Clara Henthorn fell on the
icy boards at her home last Friday
and has since been confined to bed,
suffering from bruises sustained. It
was thought at first she had frac-
tured her ribs. It has been deter-
mined that no bones were broken.

The Firemen's St. Valentine
dance given at the Pavilion was a
very entertaining affair and fairly
well patronized but the fire boys
realize as a moneymaker they will
be disappointed from what they ex-
pected to realize.

Jack Baker, employed on the
drill crew at the upper dam, had
the end of his forefinger caught by
the drill machinery on Tuesday
morning and badly crushed. The
genial Jack will still continue to
poke his fun at the boys with his
mouth, while he carries the afore-
said finger in a sling. Better luck
to you next time.

Attorney Bartlett proves himself
to be a good auctioneer at the
chicken supper given by the ladies
of the Christian Church at the I.
O. O. F. hall on Tuesday evening.
On the invitation of the ladies, and
against the protest of the attorney,
he was compelled to tackle the job
and when he was through he sur-
prised himself, especially as to his
ability in that direction.

DODGE

Building operations are going on
rapidly in spite of adverse weather
conditions.

Mr. Will Myers is nearing com-
pletion with his large and spacious
mansion. We are pleased to see
Mr. Myers settling in the neighbor-
hood and wish him every success.

Look out for the school concert
in about a month. We are told
there will be some special hits that
night.

There has been some agitations
in regard to building a hall at
Dodge for the purpose of dancing,
basket ball and other amusements.

This would be a great benefit to the
district and would help to keep the
young people from going elsewhere
to seek their enjoyments. Boost
for a hall.

Real estate is booming. The
Oregon Realty Co. have made a
good many sales during the last
year, including a number of five-
acre tracts south of the schoolhouse.
We expect to see a city springing
up in the near future. There are
still a few lots remaining suitable
for the City Hall, courthouse, mu-
seum, depot, etc. Intending specu-
lators must hurry to secure these.

Messrs Lawrence and Hansel-
mair are making additions to their
modern bungalow in the shape of a
large open fireplace. George al-
ways claims he never feels the cold
but the fireplace is going in any-
way.

Mr. Ed. Young is busy fencing
in about forty acres of the "wild
and woolly West." He says it is
easier to find his cows inside a forty
than it is to seek all over the Rocky
mountains.

Everyone in this section have
been buying fruit trees, especially
cherry trees, as they seem to flour-
ish here. Mr. D. Horner planted
some Lambert trees three years ago
and last fall got a few fine large
cherries.

Fruit and berries cannot help but
grow at Dodge.

Mrs. J. F. Moger is very sick with

Cook Leaves With Workmen's Checks

Greek Laborers Are Looking
For Cook Who Left Sun-
day After Cashing
Eight Checks

Considerable uneasiness is felt,
and possibly loss will be sustained,
by local business firms through the
reported disappearance of John
Chohles, a Greek cook at the River
Mill power site. It appears that
Chohles was employed by other
Greek laborers as cook for them.
The Greeks who lat or at the power
site, it seems from what can be
learned of the case, buy provisions
and at the end of the month each

pay their pro rata share and hire a
cook to prepare it, as this class of
laborers is not provided with board
at the regular commissary depart-
ment of the contractors. On Satur-
day evening last Chohles came to
Estacada and had cashed eight
checks belonging to his fellow-coun-
trymen, so it is reported, and
did not return to the boarding
place. These were to be applied to
the payment of bills contracted for
the provisions used. Instead of
paying these bills the cook left on
Sunday on the car leaving here at
nine o'clock for Portland.

When it was discovered the bills
had not been paid and the man had
gone some of those who had given
him the money went to Portland to
look for him. Lichthorn and Mr.
Penland also made trips to Port-
land in the hope of locating him, as
it was to them the money was to
have been paid. We learn that the
Palace Meat Market furnished them
with meat that was unpaid for to
the amount of \$135. Mr. Lich-
thorn's bill for bread is about \$150.
It is thought that the men who
board at the Greek quarters will be
responsible to the people who fur-
nished the provisions and that the
loss, if any results, from the cooks
disappearance will fall on his
countrymen.

ing a sawmill on the tract.

Invented 15 years

by a cure-defying stomach trouble that
baffled doctors, and resisted all remedies
he tried, John W. Modders, of Modders-
ville, Mich., seemed doomed. He had
to sell his farm and give up work. His
neighbors said, "he can't live much long-
er." "Whatever I ate distressed me," he
wrote, "till I tried Electric Bitters,
which worked such wonders for me that
I can now eat things I could not take for
years. Its surely a grand remedy for
stomach trouble." Just as good for the
liver and kidneys. Every bottle guar-
anteed. Only 50c at all druggists.
