The correct way to pronounce it is Es-ta-ca-da, accent on the third syllable, a having the sound of a as in ah in the two last syllables.

Booster spirit ran high at the biennial dinner of the Portland Commercial Club the past week when the continuation of the Promotion Committee work was discussed. The accomplishments of the past two years were recounted and new enthusiasm gained for the future. The dinner brought together 370 prominent business men of Portland and a Greater Oregon and a united Pacific Northwest were pledged by the speakers.

Telegrams were read from James J. Hill, Judge Robert S. Lovett, Louis W. Hill, Theodore B. Wilcox, Howard Elliott, and others in which encouragement was given for the work accomplished. Speeches were full of optimism. C. C. Chapman, George F. Johnson and others told of the progress of the work. President Stevens of the Hill lines in Oregon urged further promotion work and it was decided to raise \$200,000 for publicity during the coming two years.

Manager Chapman of the Promotion Committee laid special stress upon the Oregon Development League work and told of the splendid spirit shown throughout the state. The sentiment of all was that this co-operation should be maintained and all Oregon should be boosted, rather than any one section. Portland must grow with the Northwest instead ahead of it.

The Fat Stock Show of the Pacific Northwest Livestock Association at the Portland Stockyards March 20, 21 and 22 will attract a great deal of attention from cattlemen and stock raisers. Indications are that a large number of people will attend the show and special rates of one and one-third fare have been made from Oregon, Washington, Idaho and Northern California for the round trip. Tickets will be on sale March 16 to 22, return limit March 20 to 24. The premium list is out and provides for the exhibition of cattle, horses, sheep and hogs, with liberal prizes for winning stock. There is no admission fee whatever, nor is there an entry charge for animals exhibited.

Believing that Central Oregon offers unusual inducements to the hog raiser, the traffic department of the Harriman lines will make special efforts to aid the farmers in that region in the development of the industry. Special literature on the subject will be issued and distributed to interest the men on the soil in the production of more hogs. The book has been compiled by D. O. Lively, manager of the Portland Union Stockyards and a practical livestock man. It will be distributed widely throughout the state and particularly in the interior.

Driving of last spikes on new railroads is a favorite festivity for Oregonians this year. The latest road to hold a celebration is the Grants Pass & Rogue River, which has just started a line of 30 miles from Grants Pass to Southern Josephine County where the celebrated caves are located. The first or silver spike was driven at Grants Pass during the week and a demonstration by the Commercial Club and the people of the city and surrounding country accompanied it.

Oregon dairymen will probably receive considerable benefit from the dairy dinner at the Commercial Club March 9, when methods to aid the industry will be discussed and means suggested to help foster it and encourage those engaged in it. Dairymen, state officials, members of the health boards and ex-

It looks at last as if Abe Ruef the convicted boss in San Francisco city politics will be compelled to go to jail for at least a part of his 14-year sentence. Every device known in the criminal code has been made use of to keep him out of prison. On Monday the supreme court of California refused to longer stay his sentence and he was taken to San Quentin on Monday.

#### LOCAL NEWS

Don't forget to get your dinner, at the Park Hotel for 25 cents.

This warm weather is loosening up the ball players and if we are to have a team this year it is time the boys were organizing. The grounds need some repairs and the sooner they are put in good condition the sooner the baseball fever will become prevalent. We have lots of good material and a good team can be selected. Last year demonstrated we have a good ball team and this year with a little boosting we can have another first class team.

A new departure in the moving picture show on Broadway was the introduction the past week of Mrs. Dale and Mrs. Haskins who rendered vocal selections in place of the time worn phonograph. The ladies acquitted themselves with credit and the patronage thoroughly appreciated the efforts of the management in presenting the new feature.

J. L. Miller and A. R. Kerrigan, of Portland, were in Estacada on Friday in the interest of the Harriman railroad lines and paid the Progress office a call. We found them to be very affable gentlemen. They were distributing literature, guides and maps of the various lines of their companies. Mr. Miller is city passenger agent and Mr. Kerrigan the traveling agent. The Harriman lines have appropriated \$1,250,000 for advertising and developing the territory of the Northwest for the year 1911.

J. J. Reid, of Portland, has just received a letter from Prof. C. I. Lewis, horticulturist, Oregon Agricultural College, stating he expected to be in Estacada on March 18th to give a pruning demonstration at Bannockburn Orchards on which the state experimental farm is located. All who are interested in the proper method of pruning should be there on that date.

The Estacada Pharmacy has placed two very pretty new show-cases in their room.

Deadness cannot be cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

about two weeks ago pronouncing it to be in good condition. It has been said that certain changes have been made in the past couple of days in putting in new and larger injectors. These were not working well and the safety valve had been taken off. These conditions existing, together with another fact that a competent and experienced engineer was not in charge either of these repairs or the running of the engine, in this way putting the lives of men in danger, is considered to be gross carelessness and the sacrifice of life in the catastrophe which has resulted in the result.

### Death Of C. P. Kelly

The many friends of C. P. Kelly will be sorry to hear of his death, which sad event occurred at Cashmere, Sunday morning February 26th. Mr. Kelly was formerly station agent at this place and later was bookkeeper for the Western Lumber & Fuel Co. at the wood working plant, and going with that company from here to Portland. He made a long fight against the ravages of the fatal disease, tuberculosis. The deceased was born in Cedarville, Iowa, Jan. 22, 1884, and came West with his parents several years ago. He is survived by his wife and little son in Cashmere; his parents, T. J. Kelly and wife in Wenatchee; and three brothers, Harry Kelly of Wenatchee, Paul Kelly of Tacoma, and Earl Kelly of Seattle.

The sorrowing wife and relatives have the sympathy of all in their bereavement.

The debate between the Oregon City High School and the local team which was to have been held next Friday evening has been forfeited by Oregon City to Estacada. President James has arranged with the Mt. Pleasant team to be here to fill this date. The Mt. Pleasant team has already debated on this question, so a lively contest is looked for. The winners will debate with Parkplace in about a month for the county championship. Don't forget the date, March 10th, 8 p. m., in the assembly room of the schoolhouse.

### A fierce night alarm

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it occurs Lewis Chamblin of Manchester, O., [R. R. No. 2] for their four children were greatly subjected to croup. "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, hay fever, lagrippe, whooping cough hemorrhages fly before it, 50c and \$1.00. Trial bottle free. Sold by all druggists.

### Attack school principal

A severe attack on school principal, Chas. B. Allen, of Sylvania, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only 50c at all druggists.
