The correct way to pronounce it is Es-ta-ca-da, accent on the third syllable, a having the sound of a as in ah in the two last syllables.

Our city election which occurs on next Tuesday has only one issue in it and that is the license question. The best method of regulating the liquor business is no new question. The evils of the saloon and the abuse of liquor is apparent to all. There is no place where the drunkard is wanted, not even in a saloon. While this is true there are many persons who use liquor, in fact the majority. This being the case, it makes the control of the traffic a question that is not easily settled. It is a business axiom that if there were none to patronize the saloon there would be no saloon.

If the majority here should be in favor of a license or the opposite against it in our judgement it creates trouble unless officials are elected to carry out the wish of the majority. This then is what every man who has a vote to cast should be on hand on election day to do and record his ballot as his convictions are. In this way the majority sentiment is obtained. We have no intention here to force our opinion one way or the other, but we do desire to emphasize the fact that it is the duty of every voter to go to the polls and record his opinion. We have convictions of our own and intend to record them. We also accord to every man the right to do the same.

Portland will be pretty much given up to its Rose Festival for the next ten days. Business affairs will be relegated to the background quite generally and the queen flower will rule with undisputed sway.

This year's spectacle promises to set a new mark, with better displays, more gorgeous pageants and better decorations of city streets and buildings than ever before. Other Oregon cities will participate to a larger extent than formerly and out-of-town people have announced their intention of going in large numbers.

The city election will distract attention to some extent from the Festival on June 5, opening day, but with that out of the way, the remainder of the week will be given up to enjoyment. Portland rose gardens promise to produce a wealth of perfect blooms next week.

Oregon's importance as a fruit growing state can be better understood from the figures in the biennial report of the Oregon State Board of Horticulture, lately issued. President W. K. Newell places the total valuation of last year's fruit crop at \$6,662,500. Apples lead the list with a value of \$2,500,000 and dried prunes stand second in importance with a value of \$1,680,000.

A systematic campaign for German immigrants has been outlined by the Commercial Club, acting with the German-speaking societies of Oregon. A conference on the subject was held recently and in future more attention will be paid to securing this immigration.

Dayton has been presented with the historic Fort Sheridan by the Government and the old structure will be removed to the Dayton city park. The old blockhouse is an interesting relic of the days when the pioneers were subduing the wilderness.

Baker and Oregon City are two places that will have postal savings banks, such institutions already started in this state having proved highly successful. The Postmaster General has designated these cities as depositories and they will begin operations at once.

EAGLE CREEK

The people of our town and vicinity had a very fine time at the hall Friday as that was the closing day of school. Owing to the dampness of the atmosphere the "picnic" was held in the hall, where food and fun were had in abundance.

Mr. J. F. Brower, a former resident, is in our neighborhood looking on old and new friends in the interests of the Russellville nursery.

Miss Emma Fouester, who has been very ill is better, but is making a slow recovery. She hopes soon to be connected by phone with her many friends and acquaintances at Estacada and Garfield.

What became of the poultry meeting so nicely advertised in our worthy local sheet? We went but there was no one there to meet.

[About ten interested persons met and no more appearing at the hour advertised they had a sidewalk meeting at which E. J. Stevens was elected president and F. Boettich secretary. The organization then talked over plans for the future and, we are informed, will try to make itself useful. Ed.]

Some are asking about the strawberry festival which we remember was a success last year and there was talk, at least, of making it an annual affair. Will there be one this year?

[Our Strawberry Festival of last year was a success and it is the intention of those interested in it to make it an annual affair. They are as enthusiastic as ever, but so many things came at the same time, or so near it, as to interfere either with it or the others; our Garfield brethren's picnic June 3rd, the fire boys 4th of July celebration, the booster committee's effort in raising funds, the Rose Festival at Portland next week and the lateness of the berries this season all entered into consideration by those anxious to see the Strawberry Festival a permanent feature. They hope to make it such in the future.—Ed.]

Takes Trip East

S. E. Hulse and family left Estacada for the East on Wednesday morning. Mr. Hulse, for about two years, has been in charge of the development work at the upper dam of the P. R. L. & P. Co. About ten days ago he decided to go East. He does not know if he will return on this work again or not. Mr. Hulse is a great lover of nature and while here has made long and hard trips in the Cascades to know of the beauties of nature that exist there. He has kodak pictures of very many of these beauty spots such as we very much doubt if there exists such another

collection. He has very good scenes indeed of the mountain country. We hope Mr. Hulse and his family will find it convenient to return to Estacada.

Large Tract Of Land Is Sold

Minneapolis Firm Buys Large Tract of Land 3 Miles Southwest of New Power Plant

Representing a syndicate of wealthy Minneapolis investors, Roy F. Fike closed a deal yesterday afternoon for the purchase of 926 acres of fine fruit lands located three miles southwest of the P. R. L. & P. Co's. new power plant on the Clackamas river. The property belonged to C. D. Brunn of the Blake-McFall company and was sold for \$38,000.

Mr. Fike said this morning that his Minneapolis clients plan to put the entire tract in commercial apples, sub-divide it into small orchards and sell only to eastern buyers. The main offices of the selling agency will be established in Minneapolis.

"While in Minneapolis several days ago," said Mr. Fike, "on other business I met several men of wealth, who expressed a keen interest in Oregon fruit lands. I was commissioned by them to hunt up a large tract and submit it to them. Upon my return to Portland I offered them the Brunn property and they were so well pleased with its location, the soil analysis and the price, that I was authorized yesterday by wire to close it."

"I found the eastern people to be tremendously interested in Oregon, especially in Oregon fruit culture. From what I was told by the buyers in the Brunn property I have no doubt that it is their intention to engage in the handling in the east of Oregon fruit lands on a large scale."

Memorial Day Is Observed In Estacada

Business Houses are Closed and Individuals Remember Dead who are Honored Everywhere

On Tuesday Memorial Day was observed, the practice by all patriotic Americans of strewing flowers on the graves of its honored dead. It is a beautiful custom and inspires patriotism in the lives of the living while honoring the memory of the dead. In the larger cities and throughout the East in most small communities as well, the custom is universal.

At Estacada the bank and the telephone company were the only business places that were closed in the forenoon. The others closed part of the afternoon. This is unlike any of our other holidays in that it is desired to make it not a day of pleasure or frivolity, but one befitting the occasion for which it was instituted, in memory of our honored dead. Decoration Day, as it was first known by for this reason, has given place to Memorial Day.

While no memorial services were observed here, yet individuals in thought remember their own departed, many of whom are numbered with the honored dead, for there are few of us even at this distant day from our rebellion and war strife that has not sustained loss from its honors. In memory of whom we are grateful that we have one day each year that calls it specially to our attention.

Mr. L. F. Stevens, of Portland, will hold services in the Christian Church next Sunday, both morning and evening.

The woman of today who has good health, good temper, good sense, bright eyes and a lovely complexion, the result of correct living and good digestion, wins the admiration of the world. It was a long and bloody battle for life that was waged by James B. Mershon of Newark, N. J., of which he writes: "I had lost much blood from lung hemorrhages, and was very weak and ran down. For eight months I was unable to work. Death seemed close on my heels, when I began, three weeks ago, to use Dr. King's New Discovery. But it has helped me greatly. It is doing all that you claim." A charming woman is one who is lovely in face, form, mind and temper. But it's hard for a woman to be charming without health. A weak sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate stomach, liver and kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c at all druggists.
