The correct way to pronounce it is Es-ta-ca-da, accent on the third syllable, a having the sound of a as in ah in the two last syllables.

Bankers and business men generally expect marked improvement in business conditions throughout the Pacific Northwest as the result of the bumper crops the farms are turning out this year. It is believed the distribution of the crop money among the farmers will mean renewed activity in all lines and in none more particularly than in the lumber industry. A reawakening of the lumber business will be widely beneficial by reason of the money it distributes among a large number of people.

The grain harvest, now in full swing, is the most satisfactory feature of the whole situation. The yield of the three Pacific Northwest states is fixed at better than 60,000,000 bushels and prospects are favorable for high prices. Fruit, hops, salmon, and all the varied resources of the Northwest states will contribute their share to the continued prosperity of this section of the country.

Interest in commercial club circles of the state is now centered on the annual convention of the Oregon Development League in Astoria August 14, 15 and 16. The program, now being completed includes the leaders in development work in this part of the United States, as well as a number of speakers of national prominence. Coming as it does while the Astoria Centennial celebration is in progress delegates will be entertained by the Astorians in royal fashion.

The Portland Commercial Club is fathering a new plan for the development of the state that has for its object the use of Oregon products by Oregon people. This doctrine has been preached before, but there has never been greater opportunity for building up home industries than now. A campaign to extend the use of Oregon-made goods here at home is now under way and the co-operation of commercial bodies of the state will be enlisted.

The suggestion of Representative Foss, of Illinois, former chairman of the House naval affairs committee, that the old battleship Oregon lead the fleet of battleships from New York to San Francisco when the Panama Canal is finished in 1915, will meet with the hearty approval of every Oregonian. This famous fighting ship, that made such a splendid record during the Spanish war, deserves such recognition.

Elk from Wyoming will be shipped to the mountain districts of Union and Willowa counties during the coming winter. The animals are hard put to it for food during the severe Wyoming winters and many of them starve each year. The Government is determined to save the Wyoming herds from extinction and the Oregon mountains offer ideal range for them.

An ordinary case of diarrhea can, as a rule, be cured by a single dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This remedy has no superior for bowel complaints. For sale by all good dealers.

On last Thursday evening the ice plant at the Estacada went on a strike, much to the inconvenience of ice users. The belt flew off and the machine, being thus released, ran away. The ammonia pipes broke and the building became filled with it's fumes. Mr. Lantry ran into it and was almost suffocated. They finally stopped the machinery and that ended the racket and the ice too. It has been repaired again.

Window and frame doors made to order. Planing mill, Hamlin & Darling.

Seemed To Give Him A New Stomach
"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Young, Editor of The Sun, Lake View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me a new stomach and perfectly good health." For sale by all good dealers.
Cuts and bruises may be healed in about one-third the time required by the usual treatment by applying Chamberlain's Liniment. It is antiseptic and causes such injuries to heal without maturation. This liniment also relieves soreness of the muscles and rheumatic pains. For sale by all good dealers.
Buy it now. Now is the time to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over. This remedy has no superior. For sale by all good dealers.

Thirty Years Together
Thirty years of association—think of it. How the merit of a good thing stands out in that good time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and it is the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it for forty years. It's the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hay-fever, croup, quinsy or sore lungs. Price 50c. Trial bottle free. Guaranteed by all druggists.

Notice
Notice is hereby given that the co-partnership existing between W. V. Penland and F. Jorg, doing business under the firm name of the Palace Meat Market, was on the 10th day of July mutually dissolved. W. V. Penland retiring. All persons indebted to said firm will make immediate payment to F. Attack Like Tigers
In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt-rheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Budahn, of Tracy, Calif., "I have ever found." They make rich, red blood, strong nerves and build up your health. Try them. 50c at all druggists.

Ringling Bros. At Portland
World's Greatest Show will Exhibit here on Friday and Saturday, August 18 and 19

Announcement is made that on Friday and Saturday, August 18 and 19, Ringling Brothers' World's Greatest Shows will give two performances in Portland.
As in past years Estacada will send its percentage of the surrounding country to swell the throngs. This is the greatest of American circuses in every sense of the word, and an event not to be overlooked by the lovers of wholesome amusement.
For many years the Ringling Brothers have maintained the most popular as well as the best show. This year they are more than ever giving patron's their money's worth. Among the many great attractions under the twelve acres of canvas are Prof. Emory's troupe of trained baby elephants, the wonderful Schumann performing horses from the Circus Schuman, Germany; "Toque" the dog marvel of England which does a somersault performance on the back of a swiftly running horse; the wonderful Alex family of French aerialists; the great Crocker family of Gypsy riders; the Deltorelli family of Hungarian clowns, once entertainers in the court of the Shah of Persia; the Bonetti family of Italian equestrians, and the fifty greatest clowns on earth.
In the menagerie is found Tiny Tom Tinker, the smallest elephant ever seen in America. In all there are forty elephants and 1,200 other wild beasts, comprising the rarest of zoological specimens. The morning parade is the greatest street spectacle ever devised for circus purposes. There are three miles of it and every mile a mile of wonders.
Ringling Brothers' circus is twenty-eight years old. It began its career as a one-horse affair in Baraboo, Wis., when the now famous brothers were scarcely more than children. In the face of the bitterest opposition it grew into the greatest amusement institution the world has ever known. Its field extends over the entire earth. It has offices in every capital of Europe and Asia and foreign workshops near Liverpool. It employs over 2,000 people, 1,200 of whom travel with the show.

Accused of Stealing
E. E. Chamberlain, of Clinton, Me., boldly accuses Bucklen's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from boils or piles. "It robs cuts, corns, bruises, sprains and injuries of their terror," he says, "as a healing remedy its equal don't exist." Only 25c at all druggists.

The Misses Enola, Mary and June and Mr. M. G. Oakley paid their sister Mrs. J. W. Reed a visit over Sunday. Mary and June with ten other teachers are making a six week's trip through Washington and Oregon on a geological survey with Prof. Landes of the Washington University at Seattle. Enola, with Rachael Reed left on Tuesday for Hood River from where they will go to Mt. Hood for a few days sight-seeing. Enola, with Master Russell Reed, just returned from a weeks visit at Newberg with M. G. Oakley. Mrs. J. W. Reed, with the younger members of her family will leave on Friday for Seattle for a visit.

Do Not Send Away For It

This community and every other community in the State of Oregon should do all in its power to support Oregon manufacturers. The home consumption of "Made in Oregon" goods not only means the upbuilding of the manufacturing industries which already are operating in this state, but also that if the people of the State show an inclination to buy "Made in Oregon" goods that manufacturers from other states will come to Oregon with factories. The incoming of more factories and the increasing employment of men and women by the factories already established in Oregon will build up the farming communities and small towns, money kept within the state by the purchase of "Made in Oregon" goods means money saved to every individual, and "money saved is money earned."

Millions of dollars are sent from Oregon every year to Eastern mail order houses for goods which could be purchased at home, not only to the benefit of the purchaser of the goods but to the benefit of his neighbor and every man, woman and child in the state. Is it reasonable that mail order houses in Chicago, Philadelphia or St. Louis, or any other place, can sell to you any cheaper than your home merchant? You must pay the freight, and you buy goods that you have not seen. You must pay cash for the goods, and yet you never have the opportunity of sending back the goods if they are not satisfactory.

There is not a merchant in this town who will not sell to you as cheaply as the mail order houses. You have an opportunity to examine the goods and of exchanging the goods after you get them if they do not suit you.
The local merchants are buying more and more of "Made in Oregon" goods, and they will buy more as time goes on if the consumer will ask to be shown home manufactured products. If the home manufactured product is as good as the Eastern product, then the consumer should buy the home goods. It is not asked by the manufacturers of Oregon that the Oregon people buy "Made in Oregon" goods unless the price and quality of the home goods are equal to Eastern-made goods. Nothing fairer could be asked.
