LOCAL NEWS AND PERSONAL MENTION

Mrs. Dr. Adix has returned from Ocean Park, Wash.

Dr. Lowe to 4 o'clock only, Wednesday, August 23.

Fat cattle wanted; the fatter the better.—See Fred Jorg.

For sale—Eight grade Jersey heifers, a bargain. A. T. HUNT.
Windows repaired made to order. Hamlin & Darling, Blasting mill.

All kinds of lumber and building material. Planing mill, Hamlin & Darling.

A dance will be given at the pavilion on the 26th inst., and the attendance promises to be good.

Contractor Lindsay is building a neat four-room cottage for Mr. J. O. Smith on the corner of Curran and Fifth streets.

Mr. Jorg and children spent last week in Portland, and were joined there by Mr. Jorg on Sunday. All returned on that evening.

Dr. Adix was called to Eagle Creek last Friday owing to the illness of Mrs. Jones. The lady is now reported to be considerably improved.

Work on the new bowling alley building on Broadway progresses steadily, and soon devotees of this healthful game will have an opportunity to test their skill.

There was a dearth of butter and berries in the local market on Monday last, but during the day supplies were received and everybody's wants satisfied.

Buy it now. Now is the time to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over. This remedy has no superior. For sale by all good dealers.

"The Interrupted Stag Party, or the Wife's Unexpected Return," will be produced one of these days by two of Estacada's prominent citizens. It should be replete with funny situations.

Mr. and Mrs. A. E. Sparks, and Miss Magdalene Springer, sister of Mrs. Sparks, returned last Saturday from their outing at White Salmon. They report having had a most delightful vacation.

Mrs. R. H. Curran of Curranville returned from Seaside Monday evening. Shortly after her return a surprise party of friends called at the Curran residence and spent a couple of hours very pleasantly.

The restaurant and rooming house building of Mayor Reed, on Broadway near the railway depot, is nearing completion and is being fitted up inside. Manager John Bunker expects to be ready for business in the near future.

Have Dr. Lowe show you the new glasses with which you can see all distances. No lines or seams, no cement to come apart. They look like young folks' glasses. Free demonstrations in Dr. Adix' office Wednesday, Aug. 23, to 4 o'clock.

Mr. J. R. Wilson has sold his property interests here to L. C. Chapman. The consideration is not stated, but it is understood that Mr. Chapman is well satisfied with his purchase. The deal was brought about through the instrumentality of the Progress.

The Garfield Country Club gave a basket social and dance at the Country Club Park last Saturday evening, and those who attended had a very pleasant time. Several Estacada people, among them being D. and Mrs. Adix, Mayor Reed and Mr. Cruise, were present.

A contract for the construction of a modern bungalow of five rooms has been awarded to Messrs. Reed & Sparks by Mr. Marsh. Work on the building will be rushed, and it is expected to be completed in the course of three or four weeks at the latest. It will be erected at Curran street, near Third.

Word was received here yesterday afternoon to the effect that a fire had

broken out in the timber near the old Linn sawmill, a mile and a half this side of Pantan and distant from Estacada about 11 miles. The fire had a front of one-quarter of a mile and the prospects of difficult work for the wardens was evident. A force of men was gotten together with all possible speed and started for the scene.

Saturday evening last a most enjoyable dance was given at the pavilion, being attended by about 100 couples. The music, furnished by the Estacada Orchestra, was splendid, and the dancers were delighted with it. The affair was under the management of J. F. Murphy.

A splendid gymnasium and a swimming tank are to be added in the near future to the many attractions at the Country Club's grounds at Garfield. It is the intention of the management to spare no expense in making the Country Club property as attractive as any other place of amusement in the county.

Anglers have been securing large strings of speckled beauties from the river hereabouts, and the fame of the lovely Clackamas is being assiduously spread far and near by disciples of the late Mr. Walton. Since the beginning of operations at the site of the dam, the sport is by far the best at points on the river near and above Estacada.

A private car containing a party of railway officials and their friends arrived in town about noon on Monday. The party included T. W. Held, General Manager of the P. R. L. & P. Co.; O. A. Coldwell, Gen. Supt.; C. S. McCalla, Spokane; F. D. Hunt, Portland; T. W. Sullivan, Oregon City, and W. T. Buchanan, Portland.

Cucumbers as thick as a man's arm, and almost half as long, the product of local gardens, can be seen at one of the local stores. The fact is worthy of note, for the particular reason that the Portland markets, supplied with the California article so far this season, have offered nothing so fine. The people of Estacada may well be proud of their beautiful gardens and wonderfully productive soil.

On the local diamond next Sunday afternoon, there will be a return match played between the Estacada and River Mill teams, and the local men hope to get even for the reverse they encountered in the game last Sunday. The game will be called at the usual hour and it is expected that the attendance will be greater than that which watched the interesting struggle for supremacy last Sunday.

Sunday last while on the way up from Portland, Mrs. Robert Gibson lost a small brown leather satchel containing a silver purse and a number of articles of jewelry. All of the articles were gifts, and consequently highly prized by the owner. The finder is requested to return the property to the office of the Estacada Progress, of which Mr. Gibson has charge during the temporary absence of Editor Womer.

Miss Florence Decius, one of the fair maids of Boise City, Idaho, is a guest at the home of Mr. and Mrs. T. J. Reagan. Miss Decius, who is a talented young lady and a graduate of the Boise City High School, Class of '09, was Miss Kitty Ellen Reagan's companion in the Idaho city before Mr. and Mrs. Reagan and daughter moved to Estacada. They hope to have their fair guest with them for many weeks.

On Sunday evening Mr. and Mrs. E. S. Womer and sons, Paul and Chester, left for Newport on a well-earned vacation of a couple of weeks. They were accompanied by Mr. and Mrs. David Esheman. Mr. Womer, who has both a decided taste and as decided a capacity for sea food, has been looking forward to the outing with the keenest and most pleasurable emotions, but it is doubtful if his joy is shared by the clams, rock oysters, etc. with which the Pacific shores at Newport abound.

If Dr. Lowe did not have the

ability to relieve the headaches and other nervous disturbances that result from eye strain he would not call your attention to these distressing subjects. His glasses are not "cure-alls." They simply relieve eye-strain. If the troubles mentioned are due to eye-strain, they cease. If it is a matter of vision he will send you post-haste to a physician. He will not recommend glasses unless they are needed. Consult him about your eye glasses Wednesday, August 23, to 4 o'clock in Dr. Adix' office. Remember the day.

Improving the Signal System

The green flag one at each side of the rear end of the last passenger coach on a train, have served their use on the Southern Pacific and other Harriman roads, and will no longer be seen on any passenger train on those lines. The first of August saw the last of the green flags, and all of the Southern Pacific passenger trains are now running with lamp markers in place of the flags. The latter were used to show to trains in the opposite direction and to the engineer of the train displaying the flag markers, that the train was intact.

Summer Travel Is Slackening

There is a noticeable falling off in travel from the metropolis since the arrival of the cooler weather. During the hot spell many Portlanders visited Estacada, as is their custom, in order to find the relief afforded by the delightfully invigorating atmosphere, and it is surprising, when one considers the wonderful scenic grandeur of this vicinity and the splendid hotel accommodations here, that the fall and winter travel is not much heavier. Certainly in point of beauty and climate, Estacada and vicinity cannot be excelled anywhere in the Pacific Northwest.

Estacadan Seeks Change of Scene

Miss Boone left on Monday afternoon for the metropolis, where she will visit the Y. W. C. A. headquarters. At the end of the week, or beginning of next, Miss Boone will obey the call of the ocean and go to the coast for a few days. Before leaving Estacada Miss Boone stated to a representative of the Progress that yearly, when summer arrived, she heard the voice of "the wild waves," and invariably their message says "Come." She has always heretofore obeyed the call, and always feels benefited by the sea air, sea food and daily plunge in the ocean. Miss Boone has the best wishes of her many Estacada friends for an enjoyable outing.

Our State Will Have an Exhibit

The information has been received from Secretary Campbell of the Northwestern Development League that 500 square feet of space for Oregon exhibits has been secured at the Twin City Land Show. This represents one-seventh of 3500 feet purchased by the business interests of St. Paul, Minneapolis and Duluth at a cost of \$10,000 and given gratuitously to the seven States represented in the Northwestern League. The seven States to be thus represented are Washington, Oregon, Idaho, Montana, North and South Dakota and Minnesota. Inquiries about the Oregon exhibit should be addressed to C. C. Chapman, Portland and Wm. Hanley of Burns.

Crossed the Great Divide

Matthew Patterson Succumbs to Bright's Disease After an Illness of Several Years' Duration.

After an illness of several years duration, Matthew Patterson, for over thirty-six years a respected resident of this State, and for about thirty years a resident of Garfield, died at his residence in Estacada yesterday morning. Death was due to Bright's disease. He had been confined to his home for the last two months, and it was fully realized that the end was fast approaching.

Deceased was born at Beverly, Ohio, September 17, 1851. He came to Oregon with his parents 36 years ago, and settled near Salem. After a few years he moved to the Garfield country, remaining there until about two years ago, when he came to Estacada. He leaves a wife and two sons, Mr. A. Perry of Estacada and Mr. Harold Krigbaum of Garfield, besides a number of other relatives. Funeral services will be held at Mt. Zion Church, and the interment at Mount Zion Cemetery this (Thursday) afternoon, and the services will be conducted by Rev. Mr. Givens.

Valuable Volume for Business Men

The 1911 Oregon Blue Book, Contains Much Information of Great Value.

The Progress is indebted, to the courtesy of Secretary of State Ben W. Olcott for a copy of the 1911 Oregon Blue Book, containing the official directory of State, district and county officers and the Constitution. The title of the book, in the compilation of which the late Governor Benson assisted, conveys an inadequate idea of its contents. Indeed, the official directory, while useful at times as a reference work, is by far the least important of the information contained in the book, there being brief but comprehensive articles on the various industries of the State, hapdromely illustrated, and on the subjects of the facilities for education and the conditions of labor. Secretary Olcott assures the Progress that he will be pleased to honor requests from any of its readers for copies of the valuable little book, attending to them in the order in which they are received. The number of copies printed will not, in all probability, be sufficient to meet the demand, so those of our readers who desire copies should make prompt application.

EAGLE CREEK

Harvest is nearly over and threshing has begun. Kinsinger, Baker and Cahill threshed Monday, when the machine was taken to the J. W. Douglas place.

Mr. George Hobbs was out fishing Portland on business last week. He intends bringing his family for a few days, so as to enjoy the fishing.

Sunday last prospective buyers of the Franklin Taylor place were here with Mr. Taylor looking over the property, which will be improved and purchased.

Richard Gibson and J. W. Cahill are each nursing a lame knee. The former was thrown from a horse, while Joe by a misstep strained a knee hurt about two years ago.

Mr. Schoonbach has moved out from Portland and is improving his home. He bought the Rowley place.

"Pete" Chester is not so "awful" lately since the boys left. He wants to enjoy life pretty well, having excellent neighbors.

Dr. Klug is ready to give points to the farmers. The story is that he asked the manager on his farm why he didn't fatten the pigs. The manager asked how he could do it and was instructed to put a handful of bran into each pig of water.

Every one is going huckleberrying and John Githens seems to be making ready to head the procession.

Among the visitors here last week were Mr. and Mrs. Jones of Damascus. They were on a visit to relatives.

Miss Ruby Elliott of Powell's Valley was a guest last week at the home of her uncle, E. B. Elliott.

Mrs. E. B. Gibson and Miss Myrtle Woodie called on Mrs. Huntington on Thursday afternoon of last week.

On Sunday afternoon at the home of Mr. and Mrs. Howlett, Mrs. Peave and Miss Alice Driscoll were entertained at dinner.
Mr. and Mrs. Charles Murphy, Miss Meda and Perry Murphy, and Mr. and Mrs. R. B. Gibson were dinner guests at the home of Mr. and Mrs. Roy Woodie on Sunday.

GARFIELD

H. D. Trapp and Miles Standish of Garfield went to Estacada the early part of the week.

Mrs. Mary Skibbe was a visitor in Estacada on Tuesday of the present week.

Mr. Wilcox made a brief business trip to Estacada on Wednesday.

Mrs. C. S. Wilcox, who has been seriously indisposed, is now convalescent and is expected to be in her wonted good health in the near future.
