The important trade excursions have just been mapped out by Portland business men to interior points, which will bring the metropolis into closer touch with the state. The first is to Klamath Falls, where a special train will be run, and the other is to Burns. Each junket will be made up of prominent men, heads of firms in most cases, and will have for its object the bringing about of closer relations through getting better acquainted with the outside territory.

The special train to Klamath Falls will leave Portland September 26, returning September 29. Stops will be made at the following cities: Albany, Grants Pass, Medford, Ashland, Klamath Falls, Eugene and Corvallis. It will be known as the Three-Day Oregon Excursion.

The trip to Burns will follow it, the excursionists leaving September 30, going as far as Redmond by rail, where they will take autos for Bend and on to Burns. At the latter place the meeting of the Central Oregon Development League will be held October 2 and 3. The return trip will be made by auto to Prairie City, thence by rail to Baker and back to Portland.

Senator Bourne announces he has the appointment of one principal and three alternates to the United States Naval Academy at Annapolis. Arrangements have been made whereby Dr. W. T. Foster, president of Reed Institute, will direct the qualifying examination. Examinations will be held Saturday, October 14, at 9 A. M. at the Reed College building Eleventh and Jefferson streets, Portland. Candidates must be between the ages of 16 and 20 and will be given a strict physical examination in addition to the mental test. Candidates will be examined in the following subjects: English, United States History, Geography, arithmetic, algebra and geometry. Dr. Frank Loxley Griffin, professor of mathematics in Reed College, will assist Dr. Foster in the qualifying tests. Those having the highest averages will receive appointments. But one day will be given for the tests.

Editors of the state will be welcomed in Portland September 21, 22 and 23, when the annual meeting of the Oregon State Editorial association will be held. The convention will meet in the auditorium of the Portland Commercial Club. The Portland Press Club plans a special entertainment for visiting scribes.

A Dreadful Sight

to H. J. Barnum, of Freeville, N. Y., was the fever-sore that had plagued his life for years in spite of many remedies he tried. At last he used Bucklen's Arnica Salve and wrote: "it has entirely healed with scarcely a scar left." Heals Burns, Boils, Eczema, Cuts, Bruises, Swellings, Corns and Piles like magic. Only 25c at all druggist's.

Commercial Club Gets Busy

At a Commercial Club meeting held at the City Hall on Monday evening, Howard James resigned as secretary of the Club, giving the reason that he was unable to attend to the correspondence. R. M. Standish was elected secretary. Mr. James remains as treasurer. An effort is being made to get the Club into working shape again. It is a very difficult problem to retain the interest that should be manifest in matters that should be done by a commercial club in a small town. However the spirit that should be in a commercial club is manifested by a few people in the community. This spirit at intervals—even if spasmodic—has the effect of doing good in the town and country. By a public subscription League spirit was raised to get out a very neat little booklet descriptive of our resources. The booklet is now being printed and will be ready for distribution in a short time. There will be 15,000 copies. We hear the knocker, referring to this spirit of exploiting where done by commercial club or individuals, ask what good it does? All the fairminded and observing citizen needs do is to help boost such efforts with his money and his personal service and watch the result. We believe he will be satisfied and paid well.

Raft Is Wrecked And Logs Are Lost

On Monday evening H. Gilmore, who has a ranch at Dodge, paid the Progress office a short call, while on his way home from Stella, Wash., where he is employed as an engineer with the Hammond Lumber Co. Mr. Gilmore explained that he had just come from the lower Columbia, where a log raft containing seven million feet of logs and constructed by his company had broken up and was a total loss. The hawser broke on Peacock Spit and the raft went to pieces. Mr. Gilmore will visit with his family for a few weeks.

Acreage Is Secured

We are glad to say that through the efforts of the Standish boys the acreage sufficient to interest the Oregon Packing Co. in the red raspberry proposition, spoken of in a previous issue of the Progress, is assured. The company have agreed that if fifty acres could be secured they would contract. They desired a hundred acres. It was impossible at this time to interest a sufficient number of growers to secure that acreage. When our people find a company conscious of the responsibility of those seeking admission to our fruit growing section, effort should be made to encourage them.
